Report of the Board of Selectmen

ALAN R. MORSE, *Chairman*

GEORGE V. BROWN, JR.

MATTHEW BROWN

THOMAS J. NOONAN

LOUISE M. CASTLE

ARTHUR A. O'SHEA, *Executive Secretary*

THE BOARD OF SELECTMEN

At the Board's organizational meeting, following the Annual Town Election in March, Alan R. Morse was elected Chairman. Other Board members are George V. Brown, Jr., Matthew Brown, Thomas J. Noonan and Louise M. Castle. Arthur A. O'Shea was reappointed Executive Secretary.

In addition to the execution of the ordinary and usual functions of local government, the Selectmen have devoted considerable time and effort during the past year to many over-all community programs and responsibilities to which reference will be made in the appropriate sections of this report.

M.T.A. HIGHLAND BRANCH

While the operation of the Highland Branch of the M.T.A. has been a success to the extent of providing better service to those patrons in the outlying districts, it has not produced the substantial additional revenue which was projected by the Trustees when this facility was acquired from the Boston & Albany Railroad. Furthermore, the residents of Brookline, particularly during the peak hours of traffic, find the seating accommodations filled to capacity on the Boston-bound trips due to the elimination of the shuttle cars originating at the Reservoir Station. The M.T.A. Authorities, however, have under study the question of more suitable and comfortable equipment and hope that when sufficient rolling stock is available that this service from the Reservoir Station will be reinstituted.

The M.T.A. Authorities have endeavored to improve roadbed conditions and loose rails which gave rise to a great number of complaints during the course of the year. It was indicated that this situation will not be entirely corrected until new and suitable rolling stock is available.

As a result of rather strenuous objections from the residents in the Sumner Road area and the members of the Brookline School Committee, the Board of Selectmen was successful in bringing about the discontinuance,

effective September 10, 1960, of the feeder bus service to the Brookline Hills Station on Tappan Street. The Chestnut Hill and Cypress Street busses now proceed along Boylston Street to Brookline Village to the apparent satisfaction of all parties concerned.

INNER BELT

The Selectmen, as well as the Planning Board and the Planning Consultants, have kept in close contact with the officials of the Massachusetts Department of Public Works and the Planning Agencies in the contiguous communities for the purpose of protecting the interests of the town insofar as they relate to the route of the proposed Inner Belt.

At a public hearing in May, 1960, the Board indicated its preference for the so-called tunnel route east of Essex Street which would keep the route of this proposed traffic artery beyond the limits of the town, thereby preserving property valuations in the Cottage Farm area.

In the event that the tunnel route should prove too expensive, however, the Board indicated its secondary preference for the route that would pass to the rear of the Cadillac building running parallel to Commonwealth Avenue and crossing at a point near Babcock Street although the suggestion was made by the local officials that considerable expense might be saved and valuable property retained if the crossing across Commonwealth Avenue were made through the yard of the Commonwealth Armory. Because of its close relationship to the proposed extension of the east-west toll road and the interest of the Prudential Center within the limits of Boston, no decision has yet been reached by the Massachusetts Department of Public Works as to preferred alignment of this new expressway.

COUNCIL FOR PLANNING AND RENEWAL

This Advisory Council of dedicated and interested citizens has grown in stature and importance each year since it was originally appointed on September 16, 1957 under the name of the Citizens' Committee for Urban Redevelopment. It has concerned itself with a most important public relations function in bringing to the members of those segments of the community involved knowledge and information relating to such important projects as the proposed development of the Marsh and Cameron Street areas and has been particularly valuable in its studies and cooperative efforts in the program for rehabilitation of the area currently referred to as the North-Brookline section. The efforts and accomplishments of this group and the subcommittees working within the framework of its organization have been outstanding.

FARM PROJECT

There has been no significant change in the Farm area during 1960. Although the Redevelopment Authority had indicated its preference for a developer, the Selectmen were reluctantly constrained to bring suit against

the members of the Authority to prevent the execution of the contract with the proposed developer, Daniel Gevinson, based upon the opinion that the interests of the community had not been sufficiently protected. In this connection Selectmen George V. Brown, Jr. and Thomas J. Noonan issued the following joint statement in support of their negative vote:

"We opposed this legal action on the part of the majority of the Board of Selectmen because we feel its effect would seriously delay the ultimate completion of the Farm Project and would cause continued suffering and uncertainty on the part of the Farm residents and businessmen.

"Each day's delay costs the Town considerable loss of tax revenue.

"This contract may not be perfect in every detail. However, with the strict controls of the Brookline Planning Board and the fact that the Federal agencies involved have approved this program, it seems to us that the Town's interests are amply protected.

"Further delay could seriously threaten the entire future of Urban Renewal in Brookline."

Although the litigation was concluded in June, the decision of the Court has not been handed down as yet.

The plans for the public housing unit have been completed and the price for the land to be acquired by the Brookline Housing Authority has been agreed upon but the actual conveyance has not been made due to the restraining order imposed incident to the aforementioned suit. It is expected that this public housing, which will include units for the elderly, will be under construction during the coming year.

HOUSING FOR THE ELDERLY

The new housing for the elderly located on Marion Street and containing 60 units was dedicated on May 9, 1960. This very attractive project is giving much comfort to some of the senior citizens of Brookline and it is hoped that this program may be expanded in the not too distant future.

ORGANIZATIONAL STUDY OF THE PARK AND FORESTRY DEPARTMENTS

During the course of the year, an organizational study of the operation of the Park and Forestry Departments was made by Charles E. Evans & Associates. The purpose of this study was to increase operational efficiency and to obtain basic information which would be helpful in determining the wisdom of merging the Park and Forestry Departments with the Recreation Department into a new division to be known as the Park and Recreation Department with a new organizational structure and a proper allocation and emphasis upon recreational and maintenance functions.

It is expected that a similar study will be made of the organization and operation of the Recreation Department during the coming year to the

end that constructive suggestions might be placed before the Town Meeting for the ultimate merger of these departments which it is expected would not only increase efficiency but would reduce operational expense.

PARK COMMISSION AND TREE PLANTING COMMITTEE

As a result of the affirmative action on the referendum by voters of the town, the Selectmen appointed the following as members of the Park Commission:

William B. Hickey

Henry Minot

Milton Linden

The following were appointed as members of the Committee on Planting Trees:

G. Peabody Gardner

Edward Dane

Henry Minot

It is interesting to note that Mr. Minot serves on both the Park Commission and the Committee on Planting Trees, thereby effecting a closer coordination between these two agencies. Mr. Linden, in addition to serving as a Park Commissioner, also serves as a member of the Recreation Commission and likewise effects a closer working arrangement between the Park and Recreation Departments.

POLICE DEPARTMENT

At the suggestion of Chief William R. Charlton, the Board recalled Rolf T. Harbo, the consultant who had made an organizational study of the Police Department in 1956, for the purpose of evaluating the present operation of the department and to measure the progress made with respect to the recommendations which had been advanced in his earlier study. It is interesting to note that Mr. Harbo reported that approximately 75% of his recommendations had been already adopted and placed in operation.

RIVERS SCHOOL

As authorized by the Annual Town Meeting in March, 1959, the Town purchased the Rivers School property on Hammond Street, Heath Street and Woodland Road which will provide excellent and complete recreational services to the residents in that area. In recognition of more than thirty-two years of devoted and dedicated service to the recreational activities of the Town of Brookline during which period he served as Chairman of the Recreation Commission continuously for a period of eighteen years up to the present, the Selectmen unanimously voted that this property be designated as the Augustus W. Soule Recreation Center.

THE DANE ESTATE

The Board was particularly concerned during the year when it was revealed that the Massachusetts School of Art was negotiating for the Dane Estate on Heath Street and Woodland Road containing approximately 81 acres. While it is recognized that the location of this school in Brookline would be perhaps a cultural asset to the Town, nevertheless it would have taken a substantial area from the tax rolls with the result that approximately 40% of the land area of the Town would produce no revenue for the maintenance of governmental functions.

Following a legislative hearing, the bill which would authorize the acquisition of the Dane Estate by the Massachusetts Department of Education was referred to a study committee for the purpose of exploring the question of whether or not there was any State-owned land which might be used for the expansion of the facilities of this particular school.

TRAFFIC COMMISSION

Under date of November 14, 1960 the Selectmen formally accepted the provisions of Chapter 631 of the Acts of 1960 entitled, "An Act Establishing a Traffic Commission in the Town of Brookline." This Commission is made up of the Chairman of the Board of Selectmen, or his representative, the Chief of Police, the Superintendent of Streets, the Town Engineer, the Chairman of the Planning Board, or his representative, the Chief of the Fire Department and one citizen to be appointed annually by the Board of Selectmen. The Chairman of the Board of Selectmen, or his representative, acts as Chairman of the Commission and is to be known as the Traffic Commissioner.

For many years, the traffic problems of the Town have been under the scrutiny of the so-called Traffic Committee made up substantially as provided in this particular Act but it did not have the legal authority to implement its recommendations. With the adoption of the new legislation, the Commission now has legal status to adopt traffic regulations and carry out its own programs. This arrangement has eliminated considerable duplication of effort whereby all previous recommendations of the Traffic Committee were required to be made to the Board of Selectmen for formal adoption.

CENSUS

The official census figure for the Town of Brookline recently released by the Department of Commerce is 54,044, representing a decline in the population of the Town of 3,545 in the last decade.

LOWELL PLAYGROUND

Following intensive study and consideration of the various proposals submitted under date of July 11, 1960 the Board of Selectmen, at its meeting

on October 10, 1960, accepted the proposal of Leatherbee & Company, 235 Harvard Street, Brookline, in the amount of \$354,270 for the land on which it is proposed to construct three buildings with an estimated valuation of \$3,205,000.

During its deliberations the Board held conferences with the Planning Board and the Planning Consultants as well as with all those who had submitted proposals. Although the bid of Leatherbee & Company contained the second highest price for the land, it was the unanimous opinion of the members of the Board that the proposal of this bidder presented the most advantageous use of the land and met all of the requirements set forth in the controls recommended by the Planning Board.

The provisions for parking and circulation of traffic through the area including ingress and egress from the heavily traveled Worcester Turnpike appeared to be more in keeping with the desire to obtain the optimum advantages of the area without creating an "overuse" of the parcel.

A Purchase and Sale Agreement was developed by Town Counsel and Counsel for Leatherbee & Company which was calculated to insure the maximum protection of the interest of the Town with respect to the progress of construction within a well defined period. The Agreement further provides that all construction plans must be approved by the Board of Selectmen and adequate penalty clauses have been included to provide for any breach of conditions that the economic success of the development and an attractive financial tax return to the Town might be assured.

SUITS PENDING — 1960

The following cases included in last year's list are still pending:

Cedric and Louise Asquith v. Kenneth B. Bond, et al
Steven Augustus v. Brookline
Lorraine Baker v. Francis Norton
City of Boston v. Brookline (Suffolk Superior Court No. 525403)

SUITS SETTLED OR TERMINATED — 1960

Donald H. Alberts v. Robert Merritt — This action of tort brought in the Brookline Municipal Court for damages to plaintiff's vehicle as a result of being struck by a town vehicle at the intersection of Davis Avenue and Cypress Street was settled upon payment of \$80 to the plaintiff.

Harriet M. Altscheler, et als v. James A. Gunther and Brookline — This action of tort brought in the Brookline Municipal Court to recover for property damage and personal injuries as a result of being struck by a fire truck of the town, at or near the intersection of Washington and Park Streets was settled upon payment of execution of \$604.60 to the plaintiffs.

Irene Brierly v. Brookline — This action of tort brought in the Norfolk Superior Court to recover damages for personal injuries received in a fall on alleged defective gutter in front of 46 University Road was terminated by Agreement for Judgment for the plaintiff in the sum of \$350.00.

Town of Brookline v. Boston Gas Company — This action of tort brought in the Boston Municipal Court to recover damages for trees destroyed as a result of gas fumes was terminated by Agreement for Judgment for the plaintiff in the sum of \$300.00.

Town of Brookline v. George E. Cohen — This action of tort brought in the Brookline Municipal Court to recover for damage to a hydrant on Hammond Street was terminated by Agreement for Judgment to the plaintiff in the sum of \$60.00.

Town of Brookline v. Myron Kadetsky — This action of tort brought in the Newton District Court to recover for damage to a Park Department vehicle on Heath Street near Hammond, was terminated upon payment of \$59.89 to the plaintiff.

Town of Brookline v. Town of Norwood — This action of contract brought in the Northern Norfolk District Court to recover monies paid to Ellen B. Harris, whose legal settlement was in the Town of Norwood, was terminated upon payment of \$856.90 to the plaintiff.

Town of Brookline v. Simon M. Rosenberg — This action of tort brought in the Brookline Municipal Court to recover for damage to a town vehicle as a result of being struck by defendant's car on Chestnut Hill Avenue, at Ackers Avenue, was terminated by Agreement for Judgment for the plaintiff in the sum of \$101.50.

Town of Brookline v. Morton Tallen and Dorothy Tallen — This action of tort brought in the Brookline Municipal Court to recover for damage to a traffic signal at Harvard and School Streets, struck by vehicle of the defendants, was settled by agreement for judgment for the plaintiff in the sum of \$138.25.

Janet F. Cedar, ppa Robert Cedar v. Town of Brookline and Francis J. O'Hearn — This action of tort brought in the Norfolk Superior Court to recover damages for alleged personal injuries in an automobile accident involving a town vehicle was terminated by a jury's verdict for the defendants plus costs to the defendants.

Donahue and Flaherty, Inc. v. Town of Brookline — This action of tort brought in the Municipal Court, Suffolk, for property damage to the plaintiff's vehicle caused by a town vehicle was settled upon payment of \$130.00 to the plaintiffs.

Samuel Glass v. Town of Brookline and Philip S. Russell — This action of tort brought in the Newton District Court to recover for damage to plaintiff's automobile as a result of a collision with a town vehicle, on Beacon Street, was terminated by finding for Defendants.

Jack Greenberg v. Town of Brookline — This action of tort to recover for property damage to his car, caused by alleged negligence in cutting limbs of trees on Gerry Road, was terminated by Agreement for Judgment for the plaintiff in the sum of \$75.00.

Marcien Jenckes v. Francis J. O'Hearn — This petition for a Declaratory Degree, brought in the Norfolk Superior Court, to determine the right of the petitioner to build a residence on a lot on Fairmount Street, was terminated by a decision of the Supreme Judicial Court declaring that the petitioner had the right to construct such a building.

Monsour H. Laham and Nellie Laham v. Town of Brookline — This Petition for Assessment of Land Damages brought in the Norfolk Superior Court was settled upon payment of execution in the sum of \$21,600.00.

Edna Luther v. Town of Brookline — This action of tort brought in the Middlesex Superior Court for property damage caused by a vehicle of the town Water Department was settled by the insurance company for the town.

City of Malden v. Town of Brookline — This action of contract for aid rendered divers persons under C 118A, brought in the Brookline Municipal Court, was terminated by Agreement for Judgment for the plaintiff in the sum of \$1.00 without costs.

Adele Mason and Robert Mann v. Town of Brookline — This action of tort brought in the Middlesex Superior Court to recover damages for personal injuries sustained as a result of a fall on alleged defective sidewalk at 93 Marion Street, was terminated upon payment of \$250 to the plaintiffs.

Ronald Nault, ppa Eugene Nault and Joanne Nault v. Town of Brookline — This action of tort brought in the Norfolk Superior Court to recover damages for personal injuries received in a fall on an alleged defective sidewalk at 131 Brooks Street, was settled upon payment of \$500 to plaintiffs.

Frank J. O'Hearn, Building Commissioner v. Kenneth B. Bond, et ali — This Petition by Way of Appeals to the Norfolk Superior Court, from a decision of the Zoning Board of Appeals to the Norfolk Superior Court, from a decision of the Zoning Board of Appeals, was terminated by annulment of decision of Board of Appeals.

Louis and Sophie Proman v. Town of Brookline — This action of tort to recover for property damage due to alleged negligence in changing a water meter on plaintiff's premises at 26 Leland Road, was terminated by Judgment for the plaintiffs in the sum of \$400.00.

Claire B. Reid, et als v. Kenneth B. Bond, et ali — This Appeal from Board of Appeals, brought in the Norfolk Superior Court in Equity, was terminated by a Final Decree upholding the decision of the Board of Appeals.

Gertrude P. Roover v. Elizabeth M. Shrum et al and The Town of Brookline—This action of tort brought in the Norfolk Superior Court to recover damages for personal injuries received as a result of a fall on alleged defective sidewalk on Harvard Street was settled upon payment of \$75 to the plaintiff.

Anna Shapiro v. Town of Brookline—This action of tort brought in the Norfolk Superior Court to recover damages for injuries sustained in a fall as a result of alleged defective sidewalk on Fuller Street, was settled upon payment of \$450 to the plaintiff.

Max Shaps and Betty J. Shaps v. Town of Brookline and John W. Baughman—This action of tort brought in the Norfolk Superior Court to recover for personal injuries and property damage sustained as a result of being struck by a town vehicle, was terminated upon payment of execution in the amount of \$3,500.00 to the plaintiffs.

Lillian Spack v. Town of Brookline—This action of tort brought in the Norfolk Superior Court to recover damages for injuries sustained as a result of a fall on alleged defective sidewalk on Boylston Street, was terminated upon payment of judgment of \$1200.00 to the plaintiff.

Sylvia Sundland v. Town of Brookline—This action of tort brought in the Brookline Municipal Court to recover damages for personal injuries received as a result of a fall on alleged defective sidewalk at 289 Harvard Street, was settled upon payment of \$500 to plaintiff.

Joseph I. Supple v. Thomas Taylor—This action of tort brought in the Newton District Court for damage to plaintiff's vehicle caused by town fire vehicle, opposite 273 Harvard Street, was terminated by payment of judgment for the plaintiff in the amount of \$109.50.

University Sign Co. v. Joseph F. Connors—This action of tort brought in the Third District Court of E. Middlesex to recover for property damage caused as a result of accident with a town vehicle at Tappan Street and Garrison Road was terminated by payment of a judgment for the plaintiff in the sum of \$75.00.

Frank J. O'Hearn, Building Commissioner of the Town of Brookline v. Charles A. Newhall, et als—This criminal complaint for violation of the Zoning By-law was terminated by a Nolle Prosequi entered by Town Counsel, the defendants having removed the offending sign.

NEW SUITS — 1960

Mary Almon and Margaret Frances Almon v. Town of Brookline and Medford Construction Co., Inc.—This is an action of tort brought in the Norfolk Superior Court to recover damages for personal injuries received in a fall on Cameron Street as a result of alleged defective condition of sidewalk, on November 5, 1959.

Ad Damnum \$100,000.00

City of Boston v. Town of Brookline—This is an action of contract brought in the Suffolk Superior Court No. 545404, to recover for aid rendered under G.L. (Ter. Ed.) C 117 and 118A, to divers indigent persons whose alleged legal settlement was in Brookline.

Ad Damnum \$5,000.00

City of Boston v. Town of Brookline—This is an action of contract brought in the Suffolk Superior Court No. 553868, for aid rendered under G.L. (Ter. Ed.) C. 117 and 118A, to divers indigent persons whose alleged legal settlement was in Brookline.

Ad Damnum \$1,000.00

Charles F. Cleary and Katherine F. Cleary v. Walter Wise—This is an action of tort brought in the Brookline Municipal Court to recover for personal injuries and property damage as a result of a three-car collision involving a town vehicle, on December 10, 1959, at Hammond and Boylston Streets.

Ad Damnum \$5,000.00

May S. Cohen v. Walter Wise—This is an action of tort brought in the Brookline Municipal Court to recover damages for personal injuries resulting from an accident on December 10, 1959, at Hammond and Boylston Streets, in a three-car collision involving a town vehicle.

Ad Damnum \$20,000.00

Marie S. Donoghue v. Norman Borden—This is an action of tort brought in the District Court of Northern Norfolk to recover for property damage as a result of a collision with a town vehicle on Clarence and Coolidge Streets on January 11, 1960.

Ad Damnum \$400.00

Robert E. Firth v. Kenneth B. Bond, et als—This is a Bill in Equity brought in the Norfolk Superior Court for a Petition by Way of Appeal from a decision of the Board of Appeals.

Bernice E. Fries v. Town Treasurer of the Town of Brookline—This is an action of tort brought in the Brookline Municipal Court to recover damages for personal injuries as a result of stepping into a depression in the sidewalk in front of 1353A Beacon Street.

Ad Damnum \$2,000.00

Dorothy G. Kagan v. Walter Wise—This is an action of tort brought in the Brookline Municipal Court to recover damages for personal injuries resulting from an accident on December 10, 1959 at Hammond and Boylston Streets in a three-car collision involving a town vehicle.

Ad Damnum \$1,000.00

Katherine M. Lennon and William X. Lennon, Jr., ppa William X. Lennon v. Edward C. Monahan and Town of Brookline—This is an action of tort brought in the Suffolk Superior Court to recover for personal injuries, death and property damage as a result of a collision with a town vehicle on Chestnut and Walnut Streets, on May 2, 1960.

Ad Damnum \$30,000.00

Frances R. Levy v. Town of Brookline—This is an action of tort brought in the Norfolk Superior Court to recover damages for personal injuries received as a result of a fall on alleged defective sidewalk at about 294 Harvard Street, on October 29, 1959.

Ad Damnum \$25,000.00

Massachusetts General Hospital v. Town of Brookline—This is an action of contract brought in the Brookline Municipal Court to recover for hospitalization of an indigent alleged Brookline resident.

Ad Damnum \$400.00

John J. O'Sullivan and Avis Rent-A-Car System, Inc. v. Town of Brookline—This is an action of tort brought in the Suffolk Superior Court to recover for personal injuries and property damage sustained in a three-car collision involving a town fire truck on May 13, 1959, at the intersection of Kent Street and Longwood Avenue.

Ad Damnum \$50,000.00

Hazel Paddock v. Town of Brookline—This is an action of tort brought in the Norfolk Superior Court to recover damages for injuries received as a result of a fall on icy sidewalk at 77 Monmouth Street, on March 7, 1960.

Ad Damnum \$6,000.00

William T. Reid, Jr., et als v. Board of Appeals (William B. Hickey, et ali) — This is an appeal brought in the Norfolk Superior Court from a decision of the Zoning Board of Appeals granting a variance for the Farm Redevelopment Area.

Louis Salzman and Fane Salzman v. James F. Megley — This is an action of tort brought in the Boston Municipal Court to recover for personal injuries and property damage as a result of a collision involving a town vehicle on January 12, 1960, at the intersection of Perkins Street and Parkman Road, Jamaica Plain.

Ad Damnum \$5,000.00

Morris Saunders v. Albert Ormberg — This is an action of tort brought in the Brighton District Court to recover for property damage and personal injuries as a result of an automobile accident involving a town vehicle on Harvard Street, near Beacon, on October 21, 1960.

Ad Damnum \$5,000.00

Gertrude Slotnick v. Town of Brookline — This is an action of tort brought in the Suffolk Superior Court to recover damages for personal injuries sustained in a fall on alleged defective sidewalk on Grove Street on May 14, 1960.

Ad Damnum \$7,500.00

Juanita Sweet, et als v. Town of Brookline and Stephen S. Kelly — This is an action of tort brought in the Brookline Municipal Court to recover for personal injuries and property damage as a result of a collision with a town vehicle on Cypress near Washington Streets, on March 25, 1960.

Ad Damnum \$75,000.00

Rose T. Zakon v. Town of Brookline — This is an action of tort brought in the Norfolk Superior Court to recover for personal injuries received as a result of a fall on alleged defective sidewalk on Marshall Street, on May 17, 1960.

Ad Damnum \$25,000.00

TAX APPEALS — 1960

During the year 1960 three decisions were made; twenty-one cases were settled; 54 cases were pending, as of December 31st, 1960.

During the year 1960, the Legal Department collected for the town from various persons for reimbursement of old age assistance, suits, and claims for damage to town property, the sum of \$14,138.87.

Report of the Executive Secretary

ARTHUR A. O'SHEA
Executive Secretary

In compliance with the vote of the Town Meeting, I respectfully submit this, my second report, on the activities of the Executive Secretary in the light of the newly assigned and broadened duties imposed.

First of all, the Federal census completed during 1960 indicated a decrease in the population of the town, the official figure being 54,044. This is the first recording of a downward trend from the estimate of 60,000, which figure has been utilized for the past few years. This is, of course, bound to reflect itself in a significant trend in school attendance and will, statistically speaking, increase proportionately our per capita cost for municipal services. The clearance of the Farm area, no doubt, accounts for some of the dwindling population but with the realization of the urban renewal program, not only in the Farm but in the Marsh and Cameron Street areas as well, our population should recover some, if not all, of this loss.

As pointed out in my last report, our tax base remains rather static in relation to increasing costs of governmental services. New construction is sorely needed to keep tax revenues in proper relation to the expenditures. The new Beacon Street high-rise zone should assist in a large measure in this direction and the new Town Office building is most surely destined to stimulate the rejuvenation of the Harvard Square and Brookline Village areas.

An analysis of our fiscal structure is, however, most encouraging. Our assessed valuations, for example, have increased from \$154,665,500 in 1950 to \$184,655,700 in 1960, or an increase of but 19% over the period. It might be argued that the valuation structure has not entirely kept pace with the inflationary trend but it is evident that Brookline has not resorted to the "gimmick" of increasing property valuation for the sake of keeping the tax rate low. Our rate of \$54 for 1960 is therefore somewhat realistic and is consistent with the pattern in other well-run communities where the assessments lag behind the inflationary spiral. It is interesting in this connection to note the trend in other communities from the following table:

<i>Municipality</i>	<i>1950 Rate</i>	<i>1960 Rate</i>	<i>Percentage Increase</i>
Boston	\$63.00	\$100.70	60%
Cambridge	39.70	68.60	73%
Newton	36.00	59.60	66%
Quincy	45.20	74.70	65%
Fall River	49.80	85.40	71%

Worcester	48.80	73.40	50%
Belmont	35.00	53.00	51%
Arlington	50.40	78.20	55%
Springfield	45.00	61.70	37%
Somerville	54.90	91.30	66%
Wellesley	36.00	58.60	63%
BROOKLINE	37.00	54.00	46%
Average Rate	\$45.07	\$71.60	59%

It can be seen that the tax rate increase in Brookline has been but 46% whereas the general average of the communities in the above tabulation has been 59%.

The new budgetary procedures, with the general cooperation of the Department Heads, are having a significant effect on holding down expenditures. Over \$250,000 was deducted from the budget this year, the tax rate was reduced from \$55.50 to \$54, and the new Putterham Branch Library was paid for from available funds in the amount of \$325,000, thereby saving substantial interest charges.

What has been the trend of expenditures over the last decade or so? It may be seen in Figure 1 of the charts incorporated in this report that those departments under the control of the Selectmen have increased their expenditures by approximately 55% even with the establishment of a Purchasing Department and the institution of community-wide planning. The expenditures of those departments conducted by independent Boards and Commissions, excluding the Water Department, increased 89%. The Water Department, however, showed a reverse trend in that the expenditures for that department were 4% lower at the end of the period due primarily to entrance into the Metropolitan Water District whereby the maintenance of the facilities in Dedham and West Roxbury was abandoned. The increase for all independent departments was 49% as shown in Figure 2.

As indicated in Figure 3, the expenditures for the Public Schools increased 97% over the same period; in other words, the operating budget in 1950 was \$1,754,900 as against the figure of \$3,450,394 in 1960.

The assessments upon the Town as a result of the operating deficiency of the Metropolitan Transit Authority increased as shown in Figure 4 from \$77,837 in 1950 to \$778,838 in 1960 or 900%.

A favorable balance which the Town had enjoyed for many years changed to a deficit in 1954 and has remained so since that time; in other words, the charges made on the Cherry Sheet for State, County, Metropolitan District Commission, Metropolitan Transit Authority, and other operations were more than the amounts payable to the Town from distribution of income and corporate tax collections as is indicated in Figure 5.

State and County charges exceeded income received from the Commonwealth by \$336,005 in 1960 as compared with the Town's "surplus"

position of \$232,040 in 1950. The shift from a "surplus" to a "deficit" position then, since 1950, has been to the extent of \$568,045.

The Legislature unfortunately has given little relief to the financial plight of communities but after consideration of the inflationary trends in the last decade or so, it appears that the Town is in an enviable position in comparison with many other communities in the State; for example, the tax rate for 1960 was \$54 per thousand, yet in the last ten years we have broadened governmental services and given the following benefits to the employees: in 1952, members of the Fire Department were given a 48-hour week necessitating the addition of 22 members to the force; in 1954, one-half the cost of Group Life Insurance; in 1956, one-half the cost of Blue Cross-Blue Shield Hospitalization and Surgical Insurance; in 1959, a five and one-half per cent salary increase. The Town Meeting also accepted the provisions of legislative acts providing that Firefighters and Police Officers be given an additional day off duty or under certain circumstances an additional day's pay when they are required to work on certain legal holidays; listed below are some of the pay rate changes during this period:

Patrolmen and Firefighters	— from \$57.51 to \$97.50 per week
Laborers	— from \$45.17 to \$79.50 per week
Junior Clerk and Typist	— from \$36.50 to \$67.00 per week

yet, with the granting of all these benefits in an inflationary period when prices have more than doubled, the tax rate increased from \$37 to \$54 while assessments increased but 19% in the same period.

With budgetary refinements, we should be able to "hold the line" fairly well. Effective measures have been taken to control expenditures for personal services by relating such expenditures to the organizational pattern structure.

Advances in the field of automation have been followed closely that full advantage of any applicable equipment might be taken such as the installation of the addressograph equipment for tax commitments as was explained in my last annual report whereby data for tax bills are now prepared for the Treasurer and Collector in approximately four hours whereas the previous time factor involved was about one month. Electronic data processing systems, however, have not insofar as has been observed been patterned to a community of this size to the extent that any saving would be accomplished.

During the year, considerable progress has been made in the field of research and analysis including the following projects:

- The study of legislation which might affect the Town;

- The study of outside travel to effect proper controls;

- The study of recreational programs and activities to illustrate the emphasis placed on recreational activities as compared with other communities;

- The study of the feasibility of using compact cars for Department Heads and Inspectors;

- The study of Police car replacement policy to be completed when adequate maintenance cost figures are assembled;

- The study of the feasibility of covering Workmen's Compensation cases by private carrier rather than with the Town as the insurer;

- The study of service contract expenditures by departments for such equipment as typewriters, adding machines, computers, oil burning equipment, etc.;

- Periodic meetings with Department Heads have been held for a review of such matters as excessive sick leave, excessive overtime payments, purchasing procedures, disposal of old records, control of coffee breaks, capital expenditures.

Just as it is necessary to know the direction of our physical progress and trends with proper planning, so is it also necessary to carefully scrutinize, as we are now doing, budgetary procedures to insure a sound fiscal position and the proper balance for each governmental service or function in relation to community requirements, the ability to pay and to insure full value for each dollar expended. This is the concern of every citizen, official and department head to the end that the government of the Town may be operated with maximum efficiency at the lowest possible cost.

BROOKLINE TOWN RECORDS

FOR THE MUNICIPAL YEAR ENDING DECEMBER 31, 1960

ANNUAL MEETING MARCH 29, 1960 WARRANT

THE COMMONWEALTH OF MASSACHUSETTS
Norfolk, ss.

To any Constable of the Town of Brookline, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Brookline qualified to vote in elections to meet at the polling places designated for the several precincts in the said Town on Tuesday, the Eighth Day of March, 1960, at seven o'clock in the forenoon for the following purposes, to wit:

To choose by ballot the following Town Officers:

Two Selectmen	For Three Years
Treasurer	For Three Years
One Assessor	For Three Years
Three Members of the School Committee	For Three Years
Four Trustees of the Public Library	For Three Years
Two Trustees of the Walnut Hills Cemetery	For Three Years
One Park Commissioner	For Three Years
One Member of the Committee on Planting Trees	For Three Years
One Member of the Brookline Housing Authority	For Three Years
One Member of the Brookline Redevelopment Authority ..	For One Year

also

Seven Town Meeting Members	For Five Years
In Precincts 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12	
One Town Meeting Member	For Five Years
To fill vacancies in Precincts 2, 3, 5 and 8	
One Town Meeting Member	For Two Years
To fill vacancies in Precincts 2, 3, 7 and 8	
One Town Meeting Member	For Three Years

Also for the purpose of giving their "Yes" or "No" on the following questions:

QUESTION No. 1

"Shall an act passed by the General Court in the year nineteen hundred and fifty-nine, entitled 'An act authorizing the selectmen of the town of Brookline to appoint the members of the board of park commissioners', be accepted?"

QUESTION No. 2

"Shall an act passed by the General Court in the year nineteen hundred and fifty-nine, entitled 'An act providing that the members of the tree planting committee in the town of Brookline be appointed by the selectmen', be accepted?"

For these purposes the polls will be open at seven o'clock in the forenoon and shall be closed at eight o'clock in the afternoon.

And in the name of the Commonwealth, you are further required to notify and warn the said Inhabitants to meet at the High School Auditorium in said town on Tuesday, the Twenty-Ninth Day of March, 1960, at seven-thirty o'clock in the evening for the following purposes to wit:

FIRST ARTICLE. — To see if the town will vote that the number of Measurers of Wood and Bark be two, to be appointed by the Selectmen.

SECOND ARTICLE. — To see if the town will authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial years beginning January 1, 1960 and January 1, 1961 and to issue a note or notes therefor, payable within one year, and to renew any note or notes that may have been given for a period of less than one year, in accordance with section 4 of chapter 44 of the General Laws as amended.

THIRD ARTICLE. — To see if the town will amend Article I-B of the By-Laws of the town by adding, deleting or substituting positions or classes in the Classification Plan, or will otherwise amend said Article I-B.

FOURTH ARTICLE. — To see if the town will amend the Pay Plan by establishing, deleting or substituting minimum, maximum or flat rate salaries for any position or class which may have been added to, deleted from or substituted in the Classification Plan under the preceding article; or by changing any of the existing salaries; or by amending the general provisions with respect to sick leave, vacation leave and the like; or will otherwise amend said Pay Plan.

FIFTH ARTICLE. — To see if the town will vote to amend the Pay Plan by increasing the wages of all employees under the Classification and Pay Plan by five hundred dollars (\$500) per year, or will otherwise amend said Pay Plan.

SIXTH ARTICLE. — To act upon the appropriations asked for or proposed by the Selectmen or by any other officer, board or committee, and to fix the salary or other compensation of all elected officers of the town as provided in section 108 of chapter 41 of the General Laws, as amended.

SEVENTH ARTICLE. — To see if the town will accept chapter 493 of the Acts of 1959, entitled, "An Act Increasing The Amounts Of Pension And Retirement Allowances Payable To Certain Former Public Employees."

EIGHTH ARTICLE. — To see if the town, pursuant to the provisions of section 26CC of the Housing Authority Law contained in chapter 121 of the General Laws (Ter. Ed.) as most recently amended, will raise and appropriate a sum of money for the purpose of defraying such part of the development, acquisition and operating costs of the Farm Redevelopment Project in the Town of Brookline, Massachusetts, as will not be met by loans, contributions, or grants from the Federal Government or otherwise; such sum being the final payment required by the terms of the "*Cooperation Agreement*", dated June 16, 1958, between the Town and the Brookline Redevelopment Authority, and will authorize the Treasurer to borrow the whole or any part of the same.

NINTH ARTICLE. — To see if the town will raise and appropriate the sum of seventy-four thousand dollars (\$74,000) for the alteration and widening of a section of Goddard Avenue; and for any work in connection with the widening of the northerly roadway of Beacon Street not covered by previous appropriation.

TENTH ARTICLE. — To see if the town will raise and appropriate the sum of thirty-four thousand dollars (\$34,000) for the reconstruction of approximately 375 feet of the 8-inch main sanitary sewer in Harrison Street.

ELEVENTH ARTICLE. — To see if the town will raise and appropriate the sum of two million nine hundred seventy-five thousand dollars (\$2,975,000) to be expended by the Building Commission with the approval of the Selectmen, for the construction of a new Town Office Building on land of the town at 329 and 339 Washington Street, and a new Police Station on land of the town on said Washington Street, and will authorize the Treasurer to borrow the whole or any part of the same.

TWELFTH ARTICLE. — To see if the town will raise and appropriate the sum of twenty-two thousand dollars (\$22,000) to be expended by the Building Commission, with the approval of the Selectmen and of the School Committee, for preliminary plans for a new John D. Runkle School on the present site, based on two rooms to the grade, for kindergarten through grade eight, inclusive.

THIRTEENTH ARTICLE. — To see if the town will vote to amend the By-Laws of the town by inserting after Article XI the following article:

ARTICLE XI-A — PLANNING BOARD (Capital Improvements)

SECTION 1. It shall be the continuing duty of the Planning Board to consider the existing and probable future needs of the Town for capital improvements, the relationship of such improvements to the future

development of the Town and to the comprehensive plan established under section 81D of Chapter 41 of the General Laws, the probable cost and the relative urgency of each such improvement, and the order in which it should be undertaken by the Town. For the purposes of this and the following sections, the term "capital improvements" shall mean any physical betterment or improvement and preliminary studies and surveys relative thereto including, but not in limitation thereof, the acquisition of any property of a permanent and substantial nature, the purchase or taking of land for any public purpose, the construction, reconstruction, alteration, renovation or replacement of any building or other structure or facility, or portion thereof, and the purchase of original equipment or furnishings therefor.

SECTION 2. For the purposes of the preceding section, every officer, commission, board or committee of the Town having charge of any office, department or undertaking, including the School Committee, shall, not later than August first of each year, submit to the Planning Board, in such form and detail as said Board may require a statement of its anticipated needs for capital improvements for the six years next following, setting forth the several capital improvements in the order in which, in its opinion, they should be undertaken by the Town. Such statements shall include an estimate of the cost of each such improvement, and shall be accompanied by any plans, studies and other information relative thereto. An additional copy of each such statement shall be submitted to the Board of Selectmen and shall be available for public inspection in the office of the executive secretary of said Board.

SECTION 3. The Planning Board may request the attendance of any public official at its public meetings for the purpose of considering and discussing any matters relating to such proposed public improvements and may hold public hearings relative thereto, it being the intention of this By-Law that the Planning Board shall coordinate the capital improvement programs of all departments, offices and agencies of the Town with their cooperation and assistance.

SECTION 4. The Planning Board shall, not later than January fifteenth of each year, on the basis of any information in its possession, and with the advice and assistance of the executive secretary of the Board of Selectmen, prepare and submit to the said Board, to the Advisory Committee, and to the Annual Town Meeting, a capital improvements program showing in detail for each department, office or agency, the capital improvements which in its opinion should be undertaken in the current year and a capital improvements program for each of the five years next following, together with its recommendations as to the method each such improvement should be financed, whether from taxation or from any available funds, grants, gifts, or assessments, or by

borrowing, and the probable effect of the program on the tax rate of the Town in each such year.

FOURTEENTH ARTICLE. — To see if the town will raise and appropriate the sum of twenty-five thousand dollars (\$25,000), to be expended by the Park Commissioners for the resurfacing of the multiple play and tennis areas at the Devotion, Baker and Driscoll Schools.

FIFTEENTH ARTICLE. — To see if the town will raise and appropriate the sum of one hundred twenty-five thousand dollars (\$125,000) to be expended by the Park Commissioners, with the approval of the Selectmen, for the completion of the first stage of the development of Anderson Park, said development being based upon plans approved by the Park Commissioners and the Recreation Commission, or will take any other action with respect thereto.

SIXTEENTH ARTICLE. — To see if the town will authorize the Selectmen to purchase or take by eminent domain under chapter 79 of the General Laws a certain parcel of land contiguous to the Pierce Playground, for playground purposes, designated on the 1959 Assessors' Plan as Lot 28 in Block 171 and bounded and described substantially as follows:

NORTHWESTERLY on Harvard Avenue, 101 feet more or less;

NORTHEASTERLY on land now or late of W. M. Allen, et al, trustees 150 feet, more or less;

SOUTHWESTERLY on Harvard Place, 135 feet, more or less;

NORTHWESTERLY on land of the Town of Brookline, 175 feet, more or less;

containing 19,500 square feet more or less; and will raise and appropriate a sum of money to pay for the same or to be used for the payment of land damages or other cost and expenses incidental to such purchase or taking, and will authorize the Treasurer to borrow the whole or any part of the same or will take any other action with respect thereto.

SEVENTEENTH ARTICLE. — To see if the town will amend the Building Code as follows:

1. By inserting, after section 706b, of Article 7, the following:
 - c. Filled Soils. (1) No foundation for Type 1-2-3 and 4 buildings shall be laid on filled soils unless such soil is of clean sand, gravel, rock, or hard clay, without underlying soft materials and unless it has been in place and exposed to the weather for at least ten (10) years.
 - (2) Type 5 and 6 buildings may be floated on fills of sound earth or rock of reasonably uniformed and adequate depth, provided it has been in place and exposed to the weather for at least five (5) years.

- (3) No permanent building shall be constructed on filled soils unless the foundations are designed to prevent distortions due to unequal settlement.
 - (4) The maximum bearing value of filled soils shall not exceed one-half the values given above in Section 706-b for similar soils and in no case over three tons per square foot.
2. By amending section 504-5b, of Article 5, by striking out said section and by substituting therefor the following:

504-5b. Buildings of Group C occupancy shall provide access to the basement or cellar from the outside of the building by a door at least 2 feet 8 inches by 6 feet 8 inches.
 3. By amending section 503-15 of Article 5, by striking out the first sentence thereof and substituting therefor the following:

Every furnace installed in a building of Group B occupancy not more than three stories in height shall be enclosed with walls, floor and ceiling of at least 2-hour fire-resistive construction.
 4. By amending Article 6, by adding thereto the following:

Section 607-5 Wooden Trimmers, Header and Tail Joists.

Wooden trimmers, headers and tail joists, unless supported on walls or girders, shall be hung in properly designed metal stirrups or hangers. If wood girders are set flush with the floor joists, the joists shall rest in properly designed metal stirrups or hangers. The ends of the joists against the girders shall be securely nailed to the girders.
 5. By amending section 208 of Article 2 as follows:
 - (a) By striking out in paragraph c.1 thereof the following words and figures:

"Single and two family houses (per house) \$5.00", and by substituting therefor the following:

"Single and two family houses (per house) (Fees are based on valuation) \$1 per \$1000. Minimum \$5.00. Maximum \$1000.
 - (b) By striking out in paragraph c.2 thereof the existing fees in the following instances and by substituting therefor the following:

Elevators and Moving Stairways (each installation)	\$10.00
Plumbing — new per fixture	.25
Minimum \$5. Maximum \$200.	
Alterations per fixture	.25
Minimum \$2. Maximum \$50.	
 6. By striking out sub-paragraph c.c. of paragraph c.3 of section 208 of Article 2, and by substituting therefor the following:

c.c. New building — per occupancy	\$5.00
Maximum	\$200.00
Alterations — per occupancy	\$2.00
Maximum	\$50.00
Reinspection	\$2.00;

or will otherwise amend said Building Code.

EIGHTEENTH ARTICLE. — To see if the town will amend the Zoning By-Law by including in the 5D District (2-Family Residence) the lots designated as Lots 1 to 4A inclusive in Block 114, of the Assessors' Atlas, bounded and described as follows:

NORTHERLY by Monmouth Street;

EASTERLY by lands now or late of M. A. Morton and K. Carmen et al., Trs.;

NORTHERLY by land now or late of K. Carmen et al., Trs.;

EASTERLY by lands now or late of K. Carmen et al., Trs.; R. F. & A. S. Fiske, W. D. & E. A. Welsh, D. W. & M. Caprio, M. J. and E. Tarr, and F. A. & C. M. Holton;

SOUTHEASTERLY by Carlton Path;

WESTERLY by Carlton Street;

as shown on Zoning Plan 8FF, prepared by Arthur E. Spooner, Town Engineer, dated September 18, 1959, amending Zoning Map No. 8 prepared by Walter A. Devine, Town Engineer, and verified by the signatures of the Planning Board;

or will amend and adopt said proposed amendment.

NINETEENTH ARTICLE. — To see if the town will amend the Zoning By-Law by including in the 5D District (2-Family Residence) the lots designated on the 1959 Assessors' Plan as Lots 1 to 7 inclusive and 22 to 25 inclusive in Block 87; and also Lots 1 to 18 inclusive and 37 to 56 inclusive in Block 88; bounded and described as follows:

NORTHERLY by Summit Avenue;

SOUTHEASTERLY by Lancaster Terrace;

NORTHWESTERLY by land now or late of E. L. & E. M. Josephs;

NORTHERLY by the center line of a passageway;

WESTERLY by Summit Path;

NORTHERLY by York Terrace;

WESTERLY again by Summit Path;

as shown on Zoning Plan 8EE, prepared by Walter A. Devine, Town Engineer, dated March 30, 1959, amending Zoning Map No. 8, prepared by Walter A. Devine, Town Engineer and verified by the signatures of the Planning Board;

or will amend and adopt said proposed amendment.

TWENTIETH ARTICLE. — To see if the town will amend the Zoning By-Law by including in the 5D District (2-Family Residence) the lots designated on the 1959 Assessors' Plan as Lots 18 to 22 inclusive, Lot 35A and Lots 39 to 68 inclusive in Block 91 and bounded and described as follows:

NORTHERLY by Summit Avenue;

NORTHEASTERLY by Lancaster Terrace;

SOUTHEASTERLY by land now or late of M. Simon;

SOUTHWESTERLY by lands now or late of Blossom Realty Co.,

Local Realty Co., Inc., F. A. Derringer and K. C. & D. Parker;

SOUTHEASTERLY by land now or late of K. C. & D. Parker;

SOUTHWESTERLY by Westbourne Terrace;

NORTHWESTERLY by land now or late of M. L. Goroff, et al;

SOUTHWESTERLY by same;

NORTHWESTERLY by land now or late of M. E. Wolk;

SOUTHWESTERLY by the center line of a passageway;

NORTHWESTERLY by land now or late of M. Monte;

SOUTHWESTERLY by same;

SOUTHEASTERLY by same;

SOUTHWESTERLY by land now or late of O. & J. W. Woods;

NORTHWESTERLY by Brookline-Boston line;

as shown on Zoning Plan 8AA, prepared by Walter A. Devine, Town Engineer, dated January 2, 1959, amending Zoning Map No. 8, prepared by Walter A. Devine, Town Engineer and verified by the signatures of the Planning Board;

or will amend and adopt said proposed amendment.

TWENTY-FIRST ARTICLE. — To see if the town will amend the Zoning By-Law so as to create an accessory parking district for not over 85 cars, in the lots designated as Lots 1, 2, 3, 4, 5, 17, 20 and 21 in Block 78 of the 1959 Assessors' Plan;

or will amend and adopt said proposed amendment.

TWENTY-SECOND ARTICLE. — To see if the town will authorize the Selectmen to purchase or take by eminent domain under chapter 79 of the General Laws a certain parcel or parcels of land on Fuller Street and Harvard Street, for use as a municipally owned and operated off-street parking area, designated on the 1959 Assessors' Plan as Lots 1, 2, 3, 4, 5, 17, 20 and 21 of Block 78 and bounded and described substantially as follows:

Beginning at a point on the southeasterly side of Fuller Street one

hundred feet (100) from the intersection of said Fuller Street and Centre Street and thence running southeasterly by land of H. C. Ebell and J. and V. Rotman (shown as Lots 19 and 18 on the 1959 Assessors' Plan), 125 feet, thence turning and running northeasterly by land now or formerly of A. Goldberg (Lot 17 on said plan);

Thence turning and running southeasterly by and through land now or formerly of A. Goldberg and continuing southeasterly by land now or late of Congregation Kehillath Israel (Lots 16 and 6 on said plan) 107.50 feet;

Thence turning and running northeasterly through land now or late of H. Dexter, et al, trustees, to the southwesterly side of Harvard Street;

Thence turning and running northwesterly by the southwesterly side of Harvard Street to land now or late of M. F. Bornstein (Lot 4 on said plan);

Thence turning and running southwesterly by land now or late of M. F. Bornstein (Lot 4 on said plan) 66 feet;

Thence turning and running northwesterly through land now or late of M. F. Bornstein (Lot 4 on said plan), B. Burrows (Lot 3 on said plan), I. H. and C. M. Burrows (Lot 2 on said plan) and I. H. Burrows (Lot 1 on said plan) to the southeasterly side of Fuller Street;

Thence turning and running southwesterly by the southeasterly side of Fuller Street, to the point of beginning;

and will raise and appropriate a sum of money to pay for the same or to be used for the payment of land damages or other costs and expenses incidental to such purchase or taking, and will authorize the Treasurer to borrow the whole or any part of the same or will take any other action with respect thereto.

TWENTY-THIRD ARTICLE — To see if the town will raise and appropriate a sum of money for the original construction and surfacing with bituminous asphalt concrete of the lots on Fuller Street and Harvard Street, the acquisition of which, for a municipally owned and operated off-street parking area, is proposed under the preceding article of this warrant, and will authorize the Treasurer to borrow the whole or any part of the same, or will take any other action with respect thereto.

TWENTY-FOURTH ARTICLE. — To see if the town will amend the Zoning By-Law by creating an accessory parking district, for not over 125 cars, in the lots designated as 1, 2, 3, 4, 5, 15, 16, 17, 20 and 21 in Block 78 of the 1959 Assessors' Plan;

or will amend and adopt said proposed amendment.

TWENTY-FIFTH ARTICLE. — To see if the town will authorize the Selectmen to purchase or take by eminent domain under chapter 79 of

the General Laws a certain parcel or parcels of land on Fuller Street and Centre Street, for use as a municipally owned and operated off-street parking area, designated on the 1959 Assessors' Atlas as Lots 1, 2, 3, 4, 5, parts of Lots 16 and 17, Lot 20 and Lot 21; all of Block 78; bounded and described substantially as follows:

Beginning at a point on the southeasterly side of Fuller Street, one hundred (100) feet from the intersection of said Fuller Street and Centre Street, thence running southeasterly by land now or late of H. C. Ebell and J. and V. Rotman (shown as Lots 19 and 18 in Block 78 on the 1959 Assessors' Plan) and continuing through land now or late of A. Goldberg (Lot 17 on said plan);

Thence turning and running southwesterly by land now or late of A. Goldberg (Lot 17 on said plan) to the northeasterly side of Centre Street;

Thence turning and running southeasterly by the northeasterly side of Centre Street 82.50 feet;

Thence turning and running northeasterly by land now or late of H. Ring (Lot 15 on said plan) and by land now or late of Congregation Kehillath Israel (Lot 6 on said plan);

Thence turning and running southeasterly by land now or late of Congregation Kehillath Israel (Lot 6 on said plan) 25 feet;

Thence turning and running northeasterly through land now or late of H. Dexter, et al, Trustees, to the southwesterly side of Harvard Street;

Thence turning and running northwesterly by the southwesterly side of Harvard Street, 25 feet, to land now or late of M. G. Bornstein (Lot 4 on said plan);

Thence turning and running southwesterly by land now or late of M. F. Bornstein (Lot 4 on said plan) 66 feet;

Thence turning and running northwesterly through land now or late of M. F. Bornstein (Lot 4 on said plan), B. Burrows (Lot 3 on said plan), I. H. and C. M. Burrows (Lot 2 on said plan) and I. H. Burrows (Lot 1 on said plan), to the southeasterly side of Fuller Street;

Thence turning and running southwesterly by the southeasterly side of Fuller Street to the point of beginning;

and will raise and appropriate a sum of money to pay for same or to be used for the payment of land damages or other costs and expenses incidental to such purchase, or taking, and will authorize the Treasurer to borrow the whole or any part of the same.

TWENTY-SIXTH ARTICLE. — To see if the town will raise and appropriate a sum of money for the original construction and surfacing with bituminous asphalt concrete of the lots on Fuller Street and Centre Street, the acquisi-

tion of which, for a municipally owned and operated off-street parking area, is proposed under the preceding article of this warrant, and will authorize the Treasurer to borrow the whole or any part of the same, or will take any other action with respect thereto.

TWENTY-SEVENTH ARTICLE. — To see if the town will authorize the Selectmen to convey to Stephen F. Rutledge Post No. 864, Veterans of Foreign Wars, a parcel of land containing 50,000 square feet, comprising a part of Anderson Park, for such price and upon such terms and conditions as the Selectmen shall determine, for use as the site of a building to be used as quarters for said organization.

TWENTY-EIGHTH ARTICLE. — To see if the town will authorize the Selectmen to convey to Stephen F. Rutledge Post No. 864, Veterans of Foreign Wars, a suitable parcel of land of not less than 50,000 square feet for building thereon of a structure (with all accessories) for the purpose of conducting meetings and doing all things incidental to the furtherance of the aims of the Veterans of Foreign Wars.

TWENTY-NINTH ARTICLE. — To determine if the town will raise and appropriate an additional sum of money to be expended by the Assessors, pursuant to General Laws, Chapter 40, Section 4, as amended, for the completion of the expert appraisal of all taxable real estate, to authorize the Assessors to enter into contracts for such appraisal, and to report the results at the next Annual Town Meeting.

THIRTIETH ARTICLE. — To see if the town will accept Section 25, of Chapter 41 of the General Laws as amended, relating to the appointment of Assessors, and will determine that the number of Assessors to be appointed by the Selectmen be one.

THIRTY-FIRST ARTICLE. — To see if the town will authorize the Selectmen to sell to John Hancock Mutual Life Insurance Company, for such price and upon such terms and conditions as the Selectmen shall determine, a certain parcel of town-owned land situated on Gerry Road and containing 24,000 square feet more or less, as shown on a plan entitled "Plan Showing Land which John Hancock Life Insurance Co. wishes to Acquire from the Town of Brookline", by H. F. Bryant & Son, Inc., Engineers, dated November 18, 1959, copies of which are available at the office of the Town Engineer.

THIRTY-SECOND ARTICLE. — To see if the town will amend Article VI of the Zoning By-Law in accordance with the provisions of Chapter 317 of the Acts of 1959, by striking out the following:

"Seven days notice of such hearing shall be given by publication," and substituting therefor:

"The Planning Board shall first cause notice of the time and place of such hearing to be published in a newspaper of general circulation in

the Town once in each of two successive weeks, the first publication being not less than twenty-one days before the day of such hearing”

THIRTY-THIRD ARTICLE. — To see if the town will amend the Zoning By-Law as follows:

(1) By striking out, in Article II — Definitions, the definition of special permit, and substituting therefor the following:

Special Permit. Permission granted by the Board of Appeals in a specific case in accordance with the provisions of Section 4 of Chapter 40-A of the General Laws, and in such circumstances as are specified in Articles II and IV of this By-Law, after a decision that such permission as limited by any conditions and safeguards prescribed in the decision will not be detrimental to the use and enjoyment of other property for the purposes specified in this By-Law;

or will amend and adopt said proposed amendment.

THIRTY-FOURTH ARTICLE. — To see if the town will amend the Zoning By-Law by adding, after section 11 of Article IV, the following:

(i) *Substitution of Requirements.* Under a special permit after a hearing, the Board of Appeals may permit, in lieu of the requirements provided in this Article for the dimensions of height, number of stories, set-backs, percentage of lot occupied, side and rear yards, or lot width, the substitution of other dimensional requirements, provided the Board finds that such substituted requirements will be in harmony with the general purpose and intent of this By-Law and will assure standards of density, light and air, sunlight, open space, and amenity at least as high as would have been assured under a strict application of the original requirements;

or will amend and adopt said proposed amendment.

THIRTY-FIFTH ARTICLE. — To see if the town will raise and appropriate the sum of three hundred twenty-five thousand dollars (\$325,000) for the construction, equipping and furnishing of the new Branch Library on land of the Town at the corner of West Roxbury Parkway and Bellingham Road, to be expended by the Building Commission with the approval of the Selectmen and the Trustees of the Public Library, and will authorize the Treasurer to borrow the whole or any part of the same.

THIRTY-SIXTH ARTICLE. — To see if the town, pursuant to the authority contained in section 1 of chapter 406 of the Acts of 1954 and every other authority, will authorize the Selectmen to sell at public auction or public sale, for such price and upon such terms and conditions as they may determine, the whole or any part of a certain parcel of real estate in the town known as the Lowell Playground, said parcel being situated on the southerly side of Boylston Street at the division line between the town and the City of Newton and bounded and described as set forth in said section; and,

pursuant to section 2 of said chapter, will direct the disposition of the proceeds of such sale; or will take any other action with respect thereto.

THIRTY-SEVENTH ARTICLE. — To see if the town will vote to amend the Water Ordinances as most recently revised or amended by striking out section one thereof and substituting therefor the following:

SECTION 1. The Brookline Water Board shall consist of three inhabitants of the town to be appointed by the Selectmen. Effective the first Monday of April, 1960, the Selectmen shall appoint one member for a term of one year; one member for a term of two years; and one member for a term of three years. Annually thereafter they shall appoint one member for a term of three years from the first Monday of April next following the appointment and until the qualification of their respective successors; or will otherwise amend said Water Ordinances.

THIRTY-EIGHTH ARTICLE. — To see if the town will authorize the Selectmen to petition the General Court for legislation creating a Traffic Commission in the town, which shall have the authority now given the Selectmen relative to traffic rules and orders adopted under section 22 of Chapter 40 of the General Laws, or will take any other action with respect thereto.

THIRTY-NINTH ARTICLE. — To determine the sense of the town with respect to whether, in settlement of the town's claim against the Commonwealth of Massachusetts (Metropolitan District Commission) for damages occasioned by the taking by eminent domain of about 225 acres of town-owned land located in Dedham and Needham, Massachusetts, the town should accept a sum of money or an agreement with said Commission that the latter will build and maintain a public playground on its land on Hammond Pond Parkway in the town, near Craftsland and Arlington Roads, such playground to be constructed, equipped and maintained substantially in accordance with a "Plan for Development of Neighborhood Recreation Area — Craftsland Road District, dated November 25, 1953" prepared by Brookline Engineering Department, or will take any other action with respect thereto.

FORTIETH ARTICLE. — To see if the town will authorize the Selectmen to take such legal steps as to them seem appropriate to secure for the town such funds as may become available to the town or to any of the boards, commissions or departments thereof, from the Trustees under the will of D. Blakely Hoar, late of Brookline; and, to accomplish the foregoing, will authorize the Selectmen to assent to appropriate decrees of the Norfolk Probate Court and to receive such funds on behalf of the town or such boards, commissions and departments; and will authorize the Selectmen to set up such funds as a separate account or accounts and to determine the method of payment therefrom; and will authorize the Selectmen generally to act for the town with respect to said Trust; and will authorize the Select-

men to use such funds as may be distributed from the principal of said trust fund for the development of the land behind the Baker School, consisting of about 25 acres, as a bird sanctuary and as a memorial to the said D. Blakely Hoar; or will take any other action with respect thereto.

FORTY-FIRST ARTICLE. — To hear and act upon the reports of town officers and committees.

FORTY-SECOND ARTICLE. — To see if the town will authorize taking a sum of money voted for the appropriations heretofore made at this meeting and not voted to be borrowed, from any available funds in the treasury, and will authorize the Assessors to use free cash in the treasury in any available funds to that amount in the determination of the 1960 tax rate.

FORTY-THIRD ARTICLE. — To appropriate and raise by borrowing, or to appropriate from other available funds, such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Selectmen seven days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this first day of February in the year of our Lord one thousand nine hundred and sixty.

EUGENE P. CARVER, JR.

Board of Selectmen

A true copy, attest:

Charles L. Hapgood, *Constable*

OFFICER'S RETURN, Norfolk ss

Brookline, February 8, 1960

By virtue of this warrant I this day notified and warned the inhabitants of the Town of Brookline, qualified to vote in elections, to meet at the several designated polling places in said Town of Brookline, on Tuesday, the 8th day of March, 1960, for the purpose of electing certain Town officers, and further notified and warned the said inhabitants to meet at the High School, in said Town of Brookline at seven thirty o'clock in the evening of Tuesday, the 29th day of March, 1960, and by posting true and attested copies of the within Warrant in twenty public places and by causing to be

published in the Brookline Chronicle-Citizen, issue of February 4, 1960, an attested copy of the within Warrant. All of which was done at least seven days before said meetings.

CHARLES L. HAPGOOD,
Constable

I hereby certify that at least seven days before the time of said meeting, I notified the Town Meeting Members of said meeting by mailing a printed copy of the Warrant on February 9, 1960, and a copy of the Report to the Selectmen and the Advisory Committee on the Articles in the Warrant to the last known address of said members on March 21, 1960.

ARTHUR J. SHINNERS,
Town Clerk

In pursuance of the foregoing warrant the inhabitants of the Town of Brookline qualified to vote in elections met at the various designated polling places in said Brookline, on Tuesday, the eighth day of March, 1960, at seven o'clock in the forenoon.

Upon receipt of the returns from the several precincts they were tabulated and the total result of the ballot was announced as follows:

ARTHUR J. SHINNERS
Registrars of Voters

Attest:

ARTHUR J. SHINNERS,
Town Clerk

*Elected

All absentee ballots, properly sealed, total tally sheets and all other records pertaining to the election have been preserved in the vault of the Town Clerk during the time required by law.

The voting machines used in the precincts were properly sealed and records preserved during the legal period.

The persons declared elected Town Officers were notified as required by the General Law, and the persons elected Town Meeting Members were notified as required by Chapter 43A, General Laws.

ARTHUR J. SHINNERS,
Town Clerk

The results of the count of the votes cast at the Town Election was forwarded to the Secretary of the Commonwealth.

In accordance with Chapter 51, Section 61, the return of the registered voters at the close of registration on February 17th was forwarded to the Secretary of the Commonwealth.

In accordance with Chapter 54, Section 132, as amended by the acts of 1921, the total number of voters checked on the voting lists in each precinct was forwarded to the Secretary of the Commonwealth.

In connection with the work of the Department of Corporations and Taxation, a list of the Town Officials was forwarded to the Director of Accounts.

RECORD OF RECOUNT FOR
TOWN MEETING MEMBER

RECORD OF RECOUNT FOR TOWN MEETING MEMBER

Brookline, Mass., March 21, 1960

In accordance with a petition signed by more than ten legal voters in Precinct 9 in the Town, in the form prescribed by law, for a recount of all the votes cast for Town Meeting Member, for the three year term, at the town election held on March 8, 1960. The Registrars of Voters met March 21, 1960 and canvassed the votes in question with the following result:

ARTHUR J. SHINNERS,
Town Clerk

ANNUAL TOWN MEETING, MARCH 29, 1960

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town of Brookline, by a constable of said town and written notices sent by mail by the Town Clerk at least seven days before the day of the meeting to the town meeting members elected and qualified to act in town meetings in Brookline under the provisions of Chapter 43a of the General Laws as amended, accepted by the Town of Brookline, March 10, 1942, the town meeting members so qualified met at the High School Auditorium in said town on Tuesday, the twenty-ninth day of March, 1960, at half past seven in the evening.

Lists of the duly qualified town meeting members were used at the entrances to the meeting place and were in charge of James E. McMahon, Robert A. Merritt, Kenneth L. Whitney, and Edward R. Fahey, checkers, who were sworn to the faithful discharge of their duties. The lists contained the names of two hundred seventy-four (274) town meeting members qualified to participate in and vote in town meetings in Brookline.

No town meeting member was allowed within the rail until his name had been found on the list.

At forty minutes after seven o'clock the tellers reported that one hundred sixty-seven (167) names of town meeting members had been checked or more than one-half of all town meeting members qualified and the Town Clerk reported that a quorum was present.

The meeting was then called to order by the Moderator Benjamin A. Trustman.

The first verse of "The Star Spangled Banner" was sung by the audience led by Town Counsel Daniel G. Rollins accompanied by Executive Secretary Arthur A. O'Shea at the piano.

The meeting was opened by prayer by Rabbi Manuel Saltzman of Temple Kehillath Israel.

Thomas Allen, T. Roger Keane, Mary M. Joyce, Leon Rubin, George Michaelson, and J. Robert Morse were appointed tellers, and were sworn to the faithful discharge of their duties.

The moderator then requested the town meeting members to rise in respect to those members and former members who had died since the last Annual Town Meeting and the Town Clerk read the following list:

		Date of Death
Maurice H. Horblit	1943-1959	April 23, 1959
Herbert N. Bates	1929-1942	June 13, 1959
Harold Williams	1916-1953	June 17, 1959
John V. Jewett	1943-1953	July 14, 1959
Roger Manning	1931-1947	October 15, 1959
Paul M. Hubbard	1917-1945	November 1, 1959

		Date of Death
John H. Sherburne	1916-1930	July 25, 1959
Ruliff J. Fisher	1942-1954	November 26, 1959
Harry Reitman	1936-1946	December 6, 1959
Chester T. Burr	1916-1932	January 9, 1960

FIRST ARTICLE. — To see if the town will vote that the number of Measurers of Wood and Bark be two, to be appointed by the Selectmen.

On motion of Alan R. Morse:

Voted: That the number of Measurers of Wood and Bark be two, to be appointed by the Selectmen.

SECOND ARTICLE. — To see if the town will authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial years beginning January 1, 1960 and January 1, 1961 and to issue a note or notes therefor, payable within one year, and to renew any note or notes that may have been given for a period of less than one year, in accordance with section 4 of chapter 44 of the General Laws as amended.

On motion of George V. Brown, Jr.:

Voted: To authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial years beginning January 1, 1960 and January 1, 1961 and to issue a note or notes therefor, payable within one year, and to renew any note or notes that may have been given for a period of less than one year, in accordance with section 4 of chapter 44 of the General Laws as amended.

THIRD ARTICLE. — To see if the town will amend Article I-B of the By-Laws of the town by adding, deleting or substituting positions or classes in the Classification Plan, or will otherwise amend said Article I-B.

On motion of Matthew Brown:

Voted: To amend Article I-B (Classification Plan) of the By-Laws of the Town as follows:

- (a) For the correction of records only, by changing the following classifications as indicated, such changes not to affect any classification or pay grade:

From	To
Deputy Welfare Agent	Deputy Director of Public Welfare
Fire Department — Wire Inspector	Inspector of Wires — Fire Department
Parks Motor Equipment Serviceman	Motor Equipment Serviceman — Parks

- (b) By deleting the following classifications:

Chief Power Plant Engineer
 Assistant Chief Power Plant Engineer
 Third Class Stationary Engineer
 Second Class Steam Fireman
 Senior Telephone Operator — Receptionist

- (c) By adding the following new classification:
 * Business Agent — Water Department

Voted: To amend Article I-B (Classification Plan) of the By-Laws of the Town as follows:

1. For the correction of records only
 - (a) By adding "Part Time" (p.t.) to the following classifications:
 Dentist
 Dental Assistant
 Police Matron
 - (b) By adding "V" (indicating grade five) to the classification "Sanitary Engineer."

Voted: To amend Article I-B (Classification Plan) of the By-Laws of the Town as follows:

1. For the correction of records only
 - (a) By deleting the following classifications:
 Assistant Recreation Director
 Senior Inspector of Wires — Fire Department
 Senior Accountant — Welfare Department
 Stock Clerk
 Service Pipe Tester
 - (b) By deleting "Part Time" (p.t.) from the following classification:
 Dental Hygienist.

FOURTH ARTICLE. — To see if the town will amend the Pay Plan by establishing, deleting or substituting minimum, maximum or flat rate salaries for any position or class which may have been added to, deleted from or substituted in the Classification Plan under the preceding article; or by changing any of the existing salaries; or by amending the general provisions with respect to sick leave, vacation leave and the like; or will otherwise amend said Pay Plan.

On motion of Thomas J. Noonan:

1. *Voted:* To amend the Pay Plan as follows:
 - (a) By reallocating the following classifications to a higher pay grade and to the comparable wage step for that grade, as follows:
 Water Works Division Foreman from Grade XV (\$118.50) to Grade XVI (\$126.50).
 Telephone Operator and Receptionist from Grade III (\$67.00 max.) to Grade IV (\$76.00 max.)
 Photostat and Office Appliance Operator from Grade VIII (\$87.00 max.) to Grade IX (\$92.00 max.)
 - (b) By establishing the following grade and salary:
 * Business Agent — Grade XII \$104
 Water Department
 (* Denoting Flat Rate)
 - (c) By adding an asterisk (*) to the classification "Waste Collection Inspector" in Grade X thus changing this classification to a flat rate basis, the incumbents to receive the maximum for this grade (\$97.50).

- (d) By adding (plus \$2) to the Classification "Stoker and Laborer" in Grade VII thus increasing the rate of pay to \$86.

On motion of Alan R. Morse:

2. *Voted:* To amend the Rules and Regulations of the Pay Plan pertaining to sick leave, by striking out the existing provisions with respect to sick leave and by substituting therefor the following:

SICK LEAVE

All *permanent* employees of the Town shall be entitled to sick leave, with the exceptions noted below, at the rate of fifteen working days per calendar year credited on January 1 of each calendar year starting on January 1 of the year following employment and cumulative to ninety working days. Any additional sick leave requested by the employee shall be referred by the Department Head to the Board, Commission or Committee, if any, having jurisdiction over the department and such Board, Commission or Committee shall have the power to extend the time.

Employees appointed prior to the effective date of these rules shall be given full credit for any sick leave earned under the provisions of the previous salary and classification plan adopted in 1942.

All new permanent employees shall be credited with one day of sick leave on the 1st day of the calendar month following employment and will accumulate thereafter one day for each full calendar month worked during the first calendar year of their employment.

A deduction of one day from sick leave credits shall be made for each fifteen days in the aggregate of absence from work without pay during a calendar year.

Sick leave with pay means authorized absence from work granted to employees when they are unable to perform their duties because of sickness, personal injury, injuries to eligible employees in accordance with the provisions of Chapter 152 of the General Laws, quarantine by health authorities, or death or serious illness in immediate family or household.

In cases of permanent part-time employees the amount of sick leave credits shall be in proportion to the relationship of their annual work schedule to that of a full-time employee.

A "Permanent-Recurrent" employee with continuous service of six months or more in each of three successive calendar years shall then be entitled to sick leave amounting to 1¼ days for each month of continuous service in each year, cumulative for six years.

No sick leave credit for prior employment will be allowed to employees transferred from the State or other municipality.

Former employees re-employed or re-instated more than three years after a termination of service shall not be allowed sick leave credit for prior employment unless said termination was the result of illness of the employee, dismissal through no fault or delinquency of the employee or injury received in the line of duty.

Upon termination of service, employees shall not be entitled to compensation in lieu of any accumulated sick leave nor shall accumulated sick leave be taken immediately prior to retirement unless properly chargeable to sick leave under these rules and regulations.

Death or Serious Illness in the Immediate Family. Seven days off duty may be charged against sick leave with full pay at the discretion of the Department Head.

The seven days shall be within a calendar year with an allowance of not more than three working days for each case. Immediate family shall include husband, wife, children, parents, brothers or sisters, or members of the immediate household of an eligible employee.

Certificates. For the protection of the town, the Department Head may require the presentation of a doctor's certificate in connection with a claim for sick leave, and may if it is deemed advisable, send a doctor to investigate any absence alleged to be caused by illness.

Subsequent certificates may be required at the discretion of the Department Head or appointing authority, before or at the time of returning to work. If such a certificate or hospital or doctor's records are not filed with the Department Head after request therefor, such absence shall not be chargeable to sick leave.

Notification. When an employee finds it necessary to be absent because of accident or illness, he shall report the fact to his immediate supervisor as soon as possible either in person or by agent. Sick leave will not be granted unless such a report is made.

Such notice should be given, if possible, before the starting time of the employee's normal tour of duty or not later than one hour after starting time. In the Police and Fire Departments, Departmental Regulations require notification at least 30 minutes before roll call.

Records. No allowance for sick leave may be granted unless an adequate register showing records of sick leave both accrued and granted in such form as may be approved by the Personnel Board is maintained in each office which records shall be available to the Board of Selectmen, the Personnel Board and the Personnel Director upon request.

Each department shall keep a uniform record on an approved form of "Record of Employee's Time Off," except that the Welfare Department will use the State form. In addition to sick leave, the form shall show in code, vacations, time off without pay, periods of suspension, military leave, leaves of absence, family death, and time off on account of accidents whether or not subject to Workmen's Compensation.

The processed forms shall be approved by the Department Head and reviewed periodically by him for his information and such action as he may wish to take.

Injuries. Employees having sick leave credits who are injured on the job and are receiving Workmen's Compensation shall upon request, be granted such sick leave allowance payment as will, when added to the amount of Workmen's Compensation, result in the payment to them of their full salary in accordance with the provisions of Chapter 152 of the General Laws.

The total dollar value of such sick leave payments shall be computed to its equivalent in work days and charged against sick leave credits accordingly.

Employees not subject to the provisions of Chapter 152 (Workmen's Compensation) who are injured in the line of duty may charge to available sick leave, lost time resulting from the accident.

REVIEW. Decisions of the Head of the Department with respect to the administration of these Sick Leave Rules and Regulations shall be subject to review by the Board, Commission, or Committee, if any, having jurisdiction over the Department, provided the employee files a request for review with said Board, Commission or Committee within seven calendar days after he received notice of the decision of the Department Head.

The employee shall have the right to request a review of the decision of the Board, Commission or Committee by the Personnel Board provided he files such request with the Personnel Board within 7 calendar days after he receives notice of that decision.

OTHER LEAVE

Court Leave. Employees who are called for jury duty or summonsed on behalf of the Town shall be granted court leave with pay. If the jury fees or witness fees amount to less than the employee's regular rate of compensation, he shall be paid an amount equal to the difference between them. Notice of service shall be filed with the Department Head upon receipt of summons.

When an employee has been granted court leave and is excused by proper court authority, he shall report back to his official place of duty whenever the interruption in said service will permit four or more consecutive hours of employment during the hours of his scheduled tour of duty.

Court leave without pay shall be granted when an employee is engaged in personal litigation having no connection with his position as an employee of the Town.

Military Leave of Absence. Any employee of the Town shall be entitled to a leave of absence during the time of his compulsory service in the armed forces of the Commonwealth or during a compulsory annual tour of duty of not exceeding seventeen days as provided in Chapter 33, Section 59 of the General Laws as a member of a reserve component of the armed forces of the United States, and shall receive his ordinary remuneration therefor. He shall also be entitled to the same leaves of absence or vacation with pay given to other like employees.

The employee must present his military orders to his Department Head for inspection.

Leave of Absence for Educational Purposes. Any permanent employee of the Town who is a veteran and who leaves his employment for the purpose of attending a school or college for further education under the G.I. Bill of Rights, so called, shall be entitled to a leave of absence without pay and without loss of Civil Service rights during such attendance.

Leave of Absence for Other Employment. Leave of absence shall not be granted for the purpose of seeking, obtaining or working in employment other than for the Town of Brookline.

3. *Voted:* To amend the Rules and Regulations of the Pay Plan pertaining to vacation leave by striking out the existing provisions with respect thereto and by substituting therefor the following:

VACATION LEAVE

The provisions of Chapter 41, Section 111 of the General Laws which reads as follows:

"In any city or town which has accepted chapter two hundred and seventeen of the acts of nineteen hundred and fourteen or has accepted this section in any form, or which accepts this section in the manner hereinafter provided, or has accepted earlier provisions of this section, every permanent civil service employee as well as every person classified as a common laborer, skilled laborer, mechanic or craftsman, shall be granted a vacation of not less than two weeks without loss of pay in each calendar year if he has actually worked for such city or town for thirty weeks in the aggregate during the twelve months preceding the first day of June in such year. Such vacation shall be granted by the head of the respective department of the city or town at such time as in his opinion will cause the least interference with the performance of the regular work of the city or town. Any official of a city or town whose duty it is to grant a vacation as provided by this section who

wilfully refuses to grant the same shall be punished by a fine of not more than one hundred dollars. The department of labor and industries shall enforce this section and shall have all necessary powers therefor."

(or as may hereafter be amended) shall be supplemented by the following provisions:

PERMANENT EMPLOYEES

1. VACATION YEAR

The vacation year of the Town of Brookline shall be the period from July 1st to June 30th inclusive.

2. LENGTH OF VACATION

All persons, except emergency, provisional or temporary employees who have acquired vacation status as indicated below shall be credited as of June 30th with earned vacation leave with pay not to exceed the following schedule:

For less than seven months' service, one work day for each full calendar month employed.

For seven full calendar months' service, but less than five years' service as of June 30 of the 5th year, two calendar weeks.

For five years' service but less than ten years' service as of June 30 of the 10th year, three calendar weeks.

For at least ten years' service as of June 30 of the 10th year, four calendar weeks.

In computing earned vacation leave, credit shall be given for all the temporary or provisional service with the Town prior to the date of the initial permanent appointment provided that such prior service was continuous and uninterrupted up to the date of permanent appointment.

3. PART TIME EMPLOYEES

Persons employed on a part-time basis may be granted that proportion of the earned vacation leave provided in the above schedule which their part-time service bears to full-time service.

4. ABSENCE WITHOUT PAY

When a person is on leave without pay or on absence without pay, for more than fifteen cumulative scheduled work days in any vacation year, such person shall have deducted from his vacation allowance that proportion of the allowance provided in the above schedule which the number of such work days of absence bears to the total number of scheduled work days in the vacation year.

5. VACATION CREDITS

Vacation Leave earned by actual service during the vacation year shall be credited on June 30th of the current year.

6. WHEN TAKEN

The vacation year shall begin July 1. However, the assignment of vacation leave shall be arranged by the Department Head for such time or times as in his opinion best serves the convenience of the department.

7. POSTPONED

Any vacation that has been postponed at the request of the employee or the Department Head due to emergency or unforeseen circumstances shall be made up to the employee at such time as, in the opinion of the Department Head the services of the individual can best be spared, but in no event shall it be carried over for more than one vacation year.

8. TERMINATIONS

Persons who are eligible for earned vacation leave under these rules, whose services are terminated by lay-off, resignation, dismissal, through no fault or delinquency of their own, by retirement, by entrance into the armed forces or by death, shall be granted a vacation with pay as earned in the vacation year prior to such termination, and in addition that proportion, if any, of their vacation earned by actual service in the vacation year during which said termination occurred, up to and including the last full calendar month of employment prior to termination. Vacation leave with pay shall not be granted any employee who is discharged or suspended for cause.

9. PERMANENT-RECURRENT EMPLOYEES

A permanent-recurrent employee must qualify for vacation leave according to these rules and regulations, the length of service to be used in computing the length of such leave to be on the basis of the cumulative length of permanent-recurrent service of said employee.

10. EMERGENCY SERVICE

In computing earned vacation leave no credit is ever allowed for emergency employment.

11. SERVICE OTHER THAN IN BROOKLINE

Length of prior service with any other municipality or with the Commonwealth shall not be credited in the computation of present vacation status in Brookline.

12. VACATION LEAVE OTHER THAN BROOKLINE

Unused vacation leave earned in any other municipality or with the Commonwealth shall not be transferable to Brookline.

13. REINSTATEMENT OR RE-EMPLOYMENT

Former Brookline employees who are reinstated or re-employed shall be entitled to their computed vacation status as at the time of termination of their previous service provided such reinstatement or re-employment occurs within three years after previous termination. Such person shall be granted that proportion of his vacation leave allowable under such status, as the number of full calendar months worked prior to July 1 bears to that vacation year.

Former employees re-employed or reinstated more than three years after a termination of service shall not be entitled to their computed vacation status as at the time of termination unless said termination was the result of illness of the employee, dismissal through no fault or delinquency of the employee or injury received in the line of duty.

14. OTHER ABSENCE CHARGEABLE TO VACATION

Absence on account of sickness or accident in excess of that authorized under established Sick Leave Rules and Regulations or for personal reasons not provided for under said Rules and Regulations may, at the request of the employee and at the discretion of the Department Head, be charged to vacation leave.

15. TEMPORARY OR PROVISIONAL EMPLOYEES

All full-time, temporary or provisional employees who have worked continuously for nine (9) full calendar months during the vacation year ending June 30 of the current year shall be given two calendar weeks' vacation with pay.

FIFTH ARTICLE. — To see if the town will vote to amend the Pay Plan by increasing the wages of all employees under the Classification and Pay Plan by five hundred dollars (\$500) per year, or will otherwise amend said Pay Plan.

No action taken under this Article.

SIXTH ARTICLE. — To act upon the appropriations asked for or proposed by the Selectmen or by any other officer, board or committee, and to fix the salary or other compensation of all elected officers of the town as provided in section 108 of Chapter 41 of the General Laws, as amended.

ANNUAL APPROPRIATION VOTE

A.

23. Public Welfare	\$ 814,517.00	
(This sum includes items from General Relief, Aid to Dependent Children, Old Age Assistance, and Disability Assistance.)		
24. Veterans' Services	139,577.00	
	<hr/>	\$ 954,094.00

G.

The Advisory Committee makes the following explanation for the alternate budget appropriation figures set forth under this section for maintaining the Public Schools:

The Advisory Committee is advised that under the law as it now stands the Town is required to appropriate the amount in the School Budget under Item 26, Instructional Services, namely \$2,748,544.00, even though a majority of the Town Meeting may wish to reduce this amount, and that if the Town does not make such appropriation it is subject to suit for the recovery of the deficiency plus 25% thereof. Accordingly the Advisory Committee concludes that it cannot make a recommendation to the Town Meeting for a vote to appropriate any lesser amount. Nevertheless the Advisory Committee feels that it should indicate its own conclusion as to the proper amount. Therefore, it submits herewith, in column (a), the amount requested by the School Committee, and, in column (b), the amount which the Advisory Committee regards as the proper amount and hopes that the School Committee will accept as its revised request.

FOR MAINTAINING THE PUBLIC SCHOOLS, specifically appropriated as follows:

	(a)	(b)
25. General Control	\$ 85,893.00	same
26. Instructional Services	2,748,544.00	\$2,711,744.00
27. Operation of School Plant	376,700.00	same
28. Maintenance of School Plant	142,969.00	same
29. Auxiliary Agencies	84,883.00	same
Pensions (included in Item 50b)		
30. Capital Outlay	55,681.00	same
31. Vocational Classes	33,722.00	same
	<hr/>	
	\$3,528,392.00	\$3,491,592.00

The expected amount which the Town will receive under Chap. 643, Acts of

1948, in 1960 from School Aid and other sources is:

Estimates of School Aid and State reimbursements \$58,809.05.

Estimated amount of Construction grants: \$26,067.80.

Estimates of other receipts on account of School support \$51,086.34.

Total estimated receipts on account of School support \$135,963.19.

H.

FOR MAINTAINING THE LIBRARIES, specifically appropriated as follows:

32. Public Library	\$ 408,728.00	
33. Law Library	750.00	
	<hr/>	\$ 409,478.00

I.

FOR MAINTAINING THE RECREATION DEPARTMENT, AND FOR PATRIOTIC OBSERVANCES, specifically appropriated as follows:

34. Recreation Department	\$ 314,560.00	
35. Patriotic Celebrations	975.00	
	<hr/>	\$ 315,535.00

J.

FOR MAINTENANCE AND CONSTRUCTION OF PARKS AND PUBLIC GROUNDS, AND FOR THE SUPPRESSION OF INSECTS AND THE PLANTING AND PRESERVATION OF TREES, specifically appropriated as follows:

36. Parks and Public Grounds:		
Maintenance and Construction ...	\$ 451,322.00	
37. Planting and Preserving Trees	51,865.00	
This item was unanimously voted, was so declared by the Moderator, and is so recorded.		
38. Dutch Elm Disease	\$ 25,250.00	
39. Suppression of Insect Pests	21,771.00	
	<hr/>	\$ 550,208.00

K.

FOR MAINTENANCE AND CARE OF CEMETERIES.

40. Care of Cemeteries	52,849.00
Of this amount \$15,981.95 is to be taken from receipts from the sale of lots and miscellaneous receipts in Walnut Hill Cemetery accounts and \$36,867.05 is to be included in the tax levy of 1960.	

L.

FOR MAINTENANCE AND EXTENSION OF WATER SYSTEM.

41. Maintenance and Extension of Water System	\$ 391,603.00
---	---------------

M.

FOR UNCLASSIFIED EXPENSES, specifically appropriated as follows:

42. Store Account	\$ 2,000.00
43. Travel Outside State:	
(a) On orders of the Board of Selectmen	6,500.00
(b) On Orders of the School Committee	4,000.00
44. Central Telephone Service	16,000.00
45. Printing Warrants and Reports	15,000.00
46. Contingencies Account	50,000.00
Of this amount \$6000 is appropriated for the indemnification of employees pursuant to G.L.C.41, S.100A.

48. Group Insurance	102,000.00
49. Quarters for Veterans Organization ..	7,820.00
50. Retirements and Pensions	
(a) Contributory	153,425.00
(b) Non-Contributory	465,000.00
51. Workmen's Compensation	17,000.00
To be paid upon orders of the Workmen's Compensation Agent approved by the Board of Selectmen.	
52. Planning and Redevelopment	26,000.00

\$ 989,745.00

N.

FOR INTEREST ON THE TOWN DEBT AND TEMPORARY LOANS, AND FOR SO MUCH OF THE PRINCIPAL OF THE TOWN DEBT AS MATURES DURING THE CURRENT FISCAL YEAR:

53. Payment on Maturing Funded Debt ..	\$ 387,000.00
54. Interest on Funded Debt	106,910.00
55. Miscellaneous Interest and Fees	25,000.00
56. Certification of Bonds	3,000.00
	<hr/>
	\$ 521,910.00

The salaries voted herein for elected officials shall be for the twelve months beginning April 1, 1960.

Whenever materials are furnished by one department for another department the cost of which is charged in the first instance to the appropriation of the former department, credit shall forthwith be given to the former department upon the books of the Comptroller, upon the approval of the latter department, and the officers authorized to draw orders against the appropriations therefor.

SEVENTH ARTICLE. — To see if the town will accept chapter 493 of the Acts of 1959, entitled, "An Act Increasing The Amounts Of Pension And Retirement Allowances Payable To Certain Former Public Employees."

On motion of Louise M. Castle:

Voted: To accept Chapter 493, of the Acts of 1959, entitled: "An Act Increasing the Amounts of Pension and Retirement Allowances Payable to Certain Former Public Employees."

EIGHTH ARTICLE. — To see if the town, pursuant to the provisions of section 26CC of the Housing Authority Law contained in chapter 121 of the General Laws (Ter. Ed.) as most recently amended, will raise and appropriate a sum of money for the purpose of defraying such part of the development, acquisition and operating costs of the Farm Redevelopment Project in the Town of Brookline, Massachusetts, as will not be met by loans, contributions or grants from the Federal Government or otherwise; such sum being the final payment required by the terms of the "Cooperation Agreement", dated June 16, 1958, between the Town and the Brookline Redevelopment Authority, and will authorize the Treasurer to borrow the whole or any part of the same.

On motion of Alan R. Morse:

Voted: Pursuant to the provisions of section 26CC of the Housing Authority Law contained in chapter 121 of the General Laws (Ter. Ed.)

as most recently amended, to raise and appropriate the sum of two hundred thirty-eight thousand, fifty-six dollars and thirty-four cents (\$238,056.34) for the purpose of defraying such part of the development, acquisition and operating costs of the Farm Redevelopment Project in the Town of Brookline, Massachusetts, as will not be met by loans, contributions, or grants from the Federal Government or otherwise.

Voted: That the treasurer be authorized, when so directed by the Selectmen, and with the approval of the Emergency Finance Board to borrow two hundred and twenty-five thousand dollars (\$225,000) of the amount appropriated by the preceding vote for the purpose of defraying such part of the development, acquisition and operating costs of the Farm Redevelopment project in the Town of Brookline, Massachusetts, as will not be met by loans, contributions or grants from the Federal Government or otherwise. Bonds or notes shall be issued therefor, signed by the treasurer and countersigned by a majority at least of the Selectmen and certified by a National Bank or Trust Company designated by the Selectmen. Such bonds or notes shall be made payable in such annual payments beginning not later than one year after the date thereof as will extinguish the same within fifteen (15) years from their date. The balance of the amount appropriated by the preceding vote, i.e., thirteen thousand fifty-six dollars and thirty-four cents (\$13,056.34) shall be raised in the 1960 tax levy.

The above vote was passed unanimously, was so declared by the Moderator, and is so recorded.

NINTH ARTICLE. — To see if the town will raise and appropriate the sum of seventy-four thousand dollars (\$74,000) for the alteration and widening of a section of Goddard Avenue; and for any work in connection with the widening of the northerly roadway of Beacon Street not covered by previous appropriation.

On motion of George V. Brown, Jr.:

Voted: To raise and appropriate the sum of seventy-four thousand dollars (\$74,000) for the alteration and widening of a section of Goddard Avenue; and for any work in connection with the widening of the northerly roadway of Beacon Street not covered by previous appropriation; of which, fifty-five thousand, five hundred dollars (\$55,500) shall be appropriated from available funds in the treasury to meet the State's and County's shares of Chapter 90 Highway construction, the reimbursements from the State and County to be restored, upon their receipt, to unappropriated available funds in the treasury; and the balance of eighteen thousand, five hundred dollars (\$18,500) shall be appropriated from funds received from the State under the provisions of Chapter 718 of the Acts of 1956.

TENTH ARTICLE. — To see if the town will raise and appropriate the sum of thirty-four thousand dollars (\$34,000) for the reconstruction of approximately 375 feet of the 8-inch main sanitary sewer in Harrison Street.

On motion of Matthew Brown:

Voted: To raise and appropriate the sum of thirty-four thousand dollars (\$34,000) for the reconstruction of approximately 375 feet of the 8-inch main sanitary sewer in Harrison Street.

ELEVENTH ARTICLE. — To see if the town will raise and appropriate the sum of two million nine hundred seventy-five thousand dollars (\$2,975,000) to be expended by the Building Commission with the approval of the Selectmen, for the construction of a new Town Office Building on land of the town at 329 and 339 Washington Street, and a new Police Station on land of the town on said Washington Street, and will authorize the Treasurer to borrow the whole or any part of the same.

On motion of Thomas J. Noonan:

Voted: To raise and appropriate the sum of two million nine hundred seventy-five thousand dollars (\$2,975,000) to be expended by the Building Commission with the approval of the Selectmen for constructing and originally equipping and furnishing a new Town Office Building on land of the Town at 329 and 339 Washington Street and for constructing and originally equipping a new Police Station on land of the Town on said Washington Street.

Voted: That the Treasurer be authorized when so directed by the Selectmen to borrow two million eight hundred twenty-five thousand dollars (\$2,825,000) of the amount appropriated by the preceding vote for constructing and originally equipping and furnishing a new Town Office Building and for constructing and equipping a new Police Station, for a period not in excess of twenty years, in accordance with the applicable provisions of General Laws, Chapter 44 as most recently amended. One hundred two thousand, forty-one dollars and thirty-four cents (\$102,041.34) of the amount appropriated by the preceding vote shall be transferred from the Sale of Real Estate Fund, and the balance of the amount appropriated by the preceding vote, i.e., forty-seven thousand, nine hundred fifty-eight dollars and sixty-six cents (\$47,958.66) shall be raised in the 1960 tax levy.

The above vote was passed unanimously, was so declared by the Moderator, and is so recorded.

At eight minutes past eleven o'clock on motion it was:

Voted to adjourn this meeting until March 31 at half past seven in the evening.

At the close of the meeting the checkers at the entrance reported that the names of two hundred forty-six (246) town meeting members had been checked as present at the meeting.

Adjourned.

ARTHUR J. SHINNERS,
Town Clerk

ADJOURNED ANNUAL TOWN MEETING, MARCH 31, 1960

Pursuant to the adjournment in accordance with the vote passed at the Annual Town Meeting, March 29, 1960, the duly elected members met at the High School Auditorium on Thursday, the thirty-first day of March at half past seven in the evening.

No town meeting member was allowed within the rail until his name had been found on the list.

At forty-five minutes after seven o'clock the tellers reported that one hundred fifty-one (151) names of town meeting members had been checked or more than one-half of all the town meeting members qualified and the Town Clerk reported that a quorum was present.

The meeting was then called to order by the Moderator.

TWELFTH ARTICLE. — To see if the town will raise and appropriate the sum of twenty-two thousand dollars (\$22,000) to be expended by the Building Commission, with the approval of the Selectmen and of the School Committee, for preliminary plans for a new John D. Runkle School on the present site, based on two rooms to the grade, for kindergarten through grade eight, inclusive.

Voted: That the Moderator be directed to appoint a special committee of not more than seven (7) citizens of the town, which committee shall study and investigate the building needs at the Runkle School, and submit a written report of its findings and recommendations to the Moderator not later than December 1, 1960, and to the next Annual Town Meeting.

The vote was taken by count, one hundred nine (109) voting in the affirmative, and one hundred (100) voting in the negative.

THIRTEENTH ARTICLE. — To see if the town will vote to amend the By-Laws of the town by inserting after Article XI the following article:

ARTICLE XI-A — PLANNING BOARD (Capital Improvements)

SECTION 1. It shall be the continuing duty of the Planning Board to consider the existing and probable future needs of the Town for capital improvements, the relationship of such improvements to the future development of the Town and to the comprehensive plan established under section 81D of Chapter 41 of the General Laws, the probable cost and the relative urgency of each such improvement, and the order in which it should be undertaken by the Town. For the purposes of this and the following sections, the term "capital improvements" shall mean any physical betterment or improvement and preliminary studies and surveys relative thereto including, but not in limitation thereof, the acquisition of any property of a permanent and substantial nature, the purchase or taking of land for any public purpose, the construction, reconstruction, alteration, renovation or replacement of any building or other structure or facility, or portion thereof, and the purchase of original equipment or furnishings therefor.

SECTION 2. For the purposes of the preceding section, every officer, commission, board or committee of the Town having charge of any office, department or undertaking, including the School Committee, shall, not later than August first of each year, submit to the Planning Board, in such form and detail as said Board may require a statement of its anticipated needs for capital improvements for the six years next following, setting forth the several capital improvements in the order in which, in its opinion, they should be undertaken by the Town. Such statements shall include an estimate of the cost of each such improvement, and shall be accompanied by any plans, studies and other information relative thereto. An additional copy of each such statement shall be submitted to the Board of Selectmen and shall be available for public inspection in the office of the executive secretary of said Board.

SECTION 3. The Planning Board may request the attendance of any public official at its public meetings for the purpose of considering and discussing any matters relating to such proposed public improvements and may hold public hearings relative thereto, it being the intention of this By-Law that the Planning Board shall coordinate the capital improvement programs of all departments, offices and agencies of the Town with their cooperation and assistance.

SECTION 4. The Planning Board shall, not later than January fifteenth of each year, on the basis of any information in its possession, and with the advice and assistance of the executive secretary of the Board of Selectmen, prepare and submit to the said Board, to the Advisory Committee, and to the Annual Town Meeting, a capital improvements program showing in detail for each department, office or agency, the capital improvements which in its opinion should be undertaken in the current year and a capital improvements program for each of the five years next following, together with its recommendations as to the method each such improvement should be financed, whether from taxation or from any available funds, grants, gifts, or assessments, or by borrowing, and the probable effect of the program on the tax rate of the Town in each such year.

No motion before the meeting.

FOURTEENTH ARTICLE. — To see if the town will raise and appropriate the sum of twenty-five thousand dollars (\$25,000), to be expended by the Park Commissioners for the resurfacing of the multiple play and tennis areas at the Devotion, Baker and Driscoll Schools.

On motion of Alan R. Morse:

Voted: To raise and appropriate the sum of twenty-five thousand dollars (\$25,000), to be expended by the Park Commissioners for the resurfacing of the multiple play and tennis areas at the Devotion, Baker and Driscoll Schools.

FIFTEENTH ARTICLE. — To see if the town will raise and appropriate the sum of one hundred twenty-five thousand dollars (\$125,000) to be expended by the Park Commissioners, with the approval of the Selectmen, for the completion of the first stage of the development of Anderson Park, said development being based upon plans approved by the Park Commissioners and the Recreation Commission, or will take any other action with respect thereto.

No motion before the meeting.

SIXTEENTH ARTICLE. — To see if the town will authorize the Selectmen to purchase or take by eminent domain under chapter 79 of the General Laws a certain parcel of land contiguous to the Pierce Playground, for playground purposes, designated on the 1959 Assessors' Plan as Lot 28 in Block 171 and bounded and described substantially as follows:

NORTHWESTERLY on Harvard Avenue, 101 feet, more or less;
NORTHEASTERLY on land now or late of W. M. Allen, et al, trustees
150 feet, more or less;

SOUTHEASTERLY on Harvard Place, 135 feet, more or less;
NORTHWESTERLY on land of the Town of Brookline, 175 feet,
more or less;

containing 19,500 square feet more or less; and will raise and appropriate a sum of money to pay for the same or to be used for the payment of land damages or other costs and expenses incidental to such purchase or taking, and will authorize the Treasurer to borrow the whole or any part of the same or will take any other action with respect thereto.

Voted: To authorize the Selectmen to purchase or take by eminent domain under Chapter 79 of the General Laws, for playground purposes, a certain parcel of land contiguous to the Pierce Playground, designated on the 1959 Assessors' Plan as Lot 28 in Block 171 and bounded and described as follows:

NORTHWESTERLY on Harvard Avenue, 101 feet, more or less;
NORTHEASTERLY on land now or late of W. M. Allen, et al, trustees
150 feet, more or less;

SOUTHEASTERLY on Harvard Place, 135 feet, more or less;
NORTHWESTERLY on land of the Town of Brookline, 175 feet,

containing 19,500 square feet, more or less; and to raise and appropriate the sum of fifteen thousand dollars (\$15,000) to pay for the same or to be used for the payment of land damages or other costs and expenses incidental to such purchase or taking.

SEVENTEENTH ARTICLE. — To see if the town will amend the Building Code as follows:

1. By inserting, after section 706b, of Article 7, the following:

- c. Filled Soils. (1) No foundation for Type 1-2-3 and 4 buildings shall be laid on filled soils unless such soil is of clean sand, gravel, rock, or hard clay, without underlying soft materials and unless it has been in place and exposed to the weather for at least ten (10) years.
- (2) Type 5 and 6 buildings may be floated on fills of sound earth or rock of reasonably uniformed and adequate depth, provided it has been in place and exposed to the weather for at least five (5) years.
- (3) No permanent building shall be constructed on filled soils unless the foundations are designed to prevent distortions due to unequal settlement.

- (4) The maximum bearing value of filled soils shall not exceed one-half the values given above in Section 706-b for similar soils and in no case over three tons per square foot.
2. By amending section 504-5b, of Article 5, by striking out said section and by substituting therefor the following:
- 504-5b. Buildings of Group C occupancy shall provide access to the basement or cellar from the outside of the building by a door at least 2 feet 8 inches by 6 feet 8 inches.
3. By amending section 503-15 of Article 5, by striking out the first sentence thereof and substituting therefor the following:
- Every furnace installed in a building of Group B occupancy not more than three stories in height shall be enclosed with walls, floor and ceiling of at least 2-hour fire-resistive construction.
4. By amending Article 6, by adding thereto the following:
- Section 607-5 Wooden Trimmers, Header and Tail Joists.
Wooden trimmers, headers and tail joists, unless supported on walls or girders, shall be hung in properly designed metal stirrups or hangers. If wood girders are set flush with the floor joists, the joists shall rest in properly designed metal stirrups or hangers. The ends of the joists against the girders shall be securely nailed to the girders.
5. By amending section 208 of Article 2 as follows:
- (a) By striking out in paragraph c.1 thereof the following words and figures: "Single and two family houses (per house) \$5.00", and by substituting therefor the following:
"Single and two family houses (per house) (Fees are based on valuation) \$1 per \$1000. Minimum \$5.00. Maximum \$1000."
- (b) By striking out in paragraph c.2 thereof the existing fees in the following instances and by substituting therefor the following:
- | | |
|--|---------|
| Elevators and Moving Stairways (each installation) | \$10.00 |
| Plumbing — new per fixture | .25 |
| Minimum \$5. Maximum \$200. | |
| Alterations per fixture | .25 |
| Minimum \$2. Maximum \$50. | |
6. By striking out sub-paragraph c.c. of paragraph c.3 of section 208 of Article 2, and by substituting therefor the following:
- | | |
|-----------------------------------|----------|
| c.c. New building — per occupancy | \$5.00 |
| Maximum | \$200.00 |
| Alterations — per occupancy | \$2.00 |
| Maximum | \$50.00 |
| Reinspection | \$2.00 |

or will otherwise amend said Building Code.

On motion of George V. Brown, Jr.

Voted: To amend the Building Code as follows:

1. By amending section 504-5b, of Article 5, by striking out said section and by substituting therefor the following:
- 504-5b. Buildings of Group C occupancy shall provide access to the basement or cellar from the outside of the building by a door at least 2 feet 8 inches by 6 feet 8 inches.

2. By amending section 503-15 of Article 5, by striking out the first sentence thereof and substituting therefor the following:

Every furnace installed in a building of Group B occupancy not more than three stories in height shall be enclosed with walls, floor and ceiling of at least 2-hour fire-resistive construction.

3. By amending Article 6, by adding thereto the following:

Section 607-5 *Wooden Trimmers, Header and Tail Joists.*

Wooden trimmers, headers and tail joists, unless supported on walls or girders, shall be hung in properly designed metal stirrups or hangers. If wood girds are set flush with the floor joists, the joists shall rest in properly designed metal stirrups or hangers. The ends of the joists against the girders shall be securely nailed to the girders.

4. By amending section 208 of Article 2 as follows:

- (a) By striking out in paragraph c.1 thereof the following words and figures: "Single and two family houses (per house) \$5.00 and other buildings and structures", and by substituting therefor the following:

"All buildings and structures"

- (b) By striking out in paragraph c.2 thereof the existing fees in the following instances and by substituting therefor the following:

Elevators and Moving Stairways (each installation)	\$10.00
Plumbing — new per fixture	.25
Minimum \$5	
Alterations per fixture	.25
Minimum \$2	

5. By striking out sub-paragraph c.c. of paragraph c.3 of section 208 of Article 2, and by substituting therefor the following:

c.c. Residential New Building — per occupancy	\$5.00
Alterations — per occupancy	\$2.00
Reinspection	\$2.00

EIGHTEENTH ARTICLE. — To see if the town will amend the Zoning By-Law by including in the 5D District (2-Family Residence) the lots designated as Lots 1 to 4A inclusive in Block 114, of the Assessors' Atlas, bounded and described as follows:

NORTHERLY by Monmouth Street;

EASTERLY by lands now or late of M. A. Morton and K. Carmen et al., Trs.;

NORTHERLY by land now or late of K. Carmen et al., Trs.;

EASTERLY by lands now or late of K. Carmen et al., Trs.; R. F. & A. S. Fiske, W. D. & E. A. Welsh, D. W. & M. Caprio, M. J. and E. Tarr, and F. A. & C. M. Holton;

SOUTHEASTERLY by Carlton Path;

WESTERLY by Carlton Street;

as shown on Zoning Plan 8FF, prepared by Arthur E. Spooner, Town Engineer, dated September 18, 1959, amending Zoning Map No. 8

prepared by Walter A. Devine, Town Engineer, and verified by the signature of the Planning Board;

or will amend and adopt said proposed amendment.

No motion before the meeting.

NINETEENTH ARTICLE. — To see if the town will amend the Zoning By-Law by including in the 5D District (2-Family Residence) the lots designated on the 1959 Assessors' Plan as Lots 1 to 7 inclusive and 22 to 25 inclusive in Block 87; and also Lots 1 to 18 inclusive and 37 to 56 inclusive in Block 88; bounded and described as follows:

NORTHERLY by Summit Avenue;
SOUTHEASTERLY by Lancaster Terrace;
NORTHWESTERLY by land now or late of E. L. & E. M. Josephs;
NORTHERLY by the center line of a passageway;
WESTERLY by Summit Path;
NORTHERLY by York Terrace;
NORTHERLY again by Summit Path;

as shown on Zoning Plan 8EE, prepared by Walter A. Devine, Town Engineer, dated March 30, 1959, amending Zoning Map No. 8, prepared by Walter A. Devine, Town Engineer and verified by the signatures of the Planning Board;

or will amend and adopt said proposed amendment.

No motion before the meeting.

TWENTIETH ARTICLE. — To see if the town will amend the Zoning By-Law by including in the 5D District (2-Family Residence) the lots designated on the 1959 Assessors' Plan as Lots 18 to 22 inclusive, Lot 35A and Lots 39 to 68 inclusive in Block 91 and bounded and described as follows:

NORTHERLY by Summit Avenue;
NORTHEASTERLY by Lancaster Terrace;
SOUTHEASTERLY by land now or late of M. Simon;
SOUTHWESTERLY by lands now or late of Blossom Realty Co.,
Local Realty Co., Inc., F. A. Deeringer and K. C. & D. Parker;
SOUTHEASTERLY by land now or late of K. C. and D. Parker;
SOUTHWESTERLY by Westbourne Terrace;
NORTHWESTERLY by land now or late of M. L. Goroff, et al;
SOUTHWESTERLY by same;
NORTHWESTERLY by land now or late of M. E. Wolk;
SOUTHWESTERLY by the center line of a passageway;
NORTHWESTERLY by land now or late of M. Monte;
SOUTHWESTERLY by same;
SOUTHEASTERLY by same;

SOUTHWESTERLY by land now or late of O. & J. W. Woods;
NORTHWESTERLY by Brookline-Boston line;

as shown on Zoning Plan 8AA, prepared by Walter A. Devine, Town Engineer, dated January 2, 1959, amending Zoning Map No. 8, prepared by Walter A. Devine, Town Engineer and verified by the signatures of the Planning Board;

or will amend and adopt said proposed amendment.

No motion before the meeting.

TWENTY-FIRST ARTICLE. — To see if the town will amend the Zoning By-Law so as to create an accessory parking district for not over 85 cars, in the lots designated as Lots 1, 2, 3, 4, 5, 17, 20 and 21 in Block 78 of the 1959 Assessors' Plan;

or will amend and adopt said proposed amendment.

Voted: To amend the Zoning By-law by including in the 3D District (Accessory Parking) portions of Lots 2, 17, and 21 in Block 78 as designated on the Assessors' Plan for 1959 and shown on Zoning Plan 800, by Arthur E. Spooner, Town Engineer, dated March 1, 1960, amending Zoning Map No. 8 and verified by the signatures of the Planning Board.

The vote was taken by count, one hundred forty (140) voting in the affirmative, and fifty-four (54) voting in the negative. Two-thirds having voted in the affirmative, the motion was passed.

TWENTY-SECOND ARTICLE. — To see if the town will authorize the Selectmen to purchase or take by eminent domain under Chapter 79 of the General Laws a certain parcel or parcels of land on Fuller Steet and Harvard Street, for use as a municipally owned and operated off-street parking area, designated on the 1959 Assessors' Plan as Lots 1, 2, 3, 4, 5, 17, 20 and 21 of Block 78 and bounded and described substantially as follows:

"Beginning at a point on the southeasterly side of Fuller Street one hundred feet (100) from the intersection of said Fuller Street and Centre Street and thence running southeasterly by land of H. C. Ebell and J. and V. Rotman (shown as Lots 19 and 18 on the 1959 Assessors' Plan), 125 feet, thence turning and running northeasterly by land now or formerly of A. Goldberg (Lot 17 on said plan);

"Thence turning and running southeasterly by and through land now or formerly of A. Goldberg and continuing southeasterly by land now or late of Congregation Kehillath Israel (Lots 16 and 6 on said plan) 10750 feet;

"Thence turning and running northeasterly through land now or late of H. Dexter, et al, trustees, to the southwesterly side of Harvard Street;

"Thence turning and running northwesterly by the southwesterly side of Harvard Street to land now or late of M. F. Bornstein (Lot 4 on said plan);

"Thence turning and running southwesterly by land now or late of M. F. Bornstein (Lot 4 on said plan) 66 feet;

"Thence turning and running northwesterly through land now or late of M. F. Bornstein (Lot 4 on said plan), B. Burrows (Lot 3 on said plan), I. H. and C. M. Burrows (Lot 2 on said plan) and I. H. Burrows (Lot 1 on said plan) to the southeasterly side of Fuller Street;

"Thence turning and running southwesterly by the southeasterly side of Fuller Street, to the point of beginning;"

and will raise and appropriate a sum of money to pay for the same or to be used for the payment of land damages or other costs and expenses incidental to such purchase or taking, and will authorize the Treasurer to borrow the whole or any part of the same or will take any other action with respect thereto.

No action under this article.

TWENTY-THIRD ARTICLE. — To see if the town will raise and appropriate a sum of money for the original construction and surfacing with bituminous asphalt concrete of the lots on Fuller Street and Harvard Street, the acquisition of which, for a municipally owned and operated off-street parking area, is proposed under the preceding article of this warrant, and will authorize the Treasurer to borrow the whole or any part of the same, or will take any other action with respect thereto.

No action under this article.

TWENTY-FOURTH ARTICLE. — To see if the town will amend the Zoning By-Law by creating an accessory parking district, for not over 125 cars, in the lots designated as 1, 2, 3, 4, 5, 15, 16, 17, 20 and 21 in Block 78 of the 1959 Assessors' Plan;

or will amend and adopt said proposed amendment.

No action under this article.

TWENTY-FIFTH ARTICLE. — To see if the town will authorize the Selectmen to purchase or take by eminent domain under chapter 79 of the General Laws, a certain parcel or parcels of land on Fuller Street and Centre Street, for use as a municipally owned and operated off-street parking area, designated on the 1959 Assessors' Atlas as Lots 1, 2, 3, 4, 5, parts of Lots 16 and 17, Lot 20 and Lot 21; all of Block 78; bounded and described substantially as follows:

"Beginning at a point on the southeasterly side of Fuller Street, one hundred (100) feet from the intersection of said Fuller Street and Centre Street, thence running southeasterly by land now or late of H. C. Ebell and J. and V. Rotman, (shown as Lots 19 and 18 in Block 78 on the 1959 Assessors' Plan) and continuing through land now or late of A. Goldberg (Lot 17 on said plan);

"Thence turning and running southwesterly by land now or late of A. Goldberg (Lot 17 on said plan) to the northeasterly side of Centre Street;

"Thence turning and running southeasterly by the northeasterly side of Centre Street 82.50 feet;

"Thence turning and running northeasterly by land now or late of H. Ring (Lot 15 on said plan) and by land now or late of Congregation Kehillath Israel (Lot 6 on said plan);

"Thence turning and running southeasterly by land now or late of Congregation Kehillath Israel (Lot 6 on said plan) 25 feet;

"Thence turning and running northeasterly through land now or late of H. Dexter, et al, Trustees, to the southwesterly side of Harvard Street;

"Thence turning and running northwesterly by the southwesterly side of Harvard Street, 25 feet to land now or late of M. G. Bornstein (Lot 4 on said plan);

"Thence turning and running southwesterly by land now or late of M. F. Bornstein (Lot 4 on said plan) 66 feet;

"Thence turning and running northwesterly through land now or late of M. F. Bornstein (Lot 4 on said plan), B. Burrows (Lot 3 on said plan), I. H. and C. M. Burrows (Lot 2 on said plan) and I. H. Burrows (Lot 1 on said plan), to the southeasterly side of Fuller Street;

"Thence turning and running southwesterly by the southeasterly side of Fuller Street to the point of beginning;"

and will raise and appropriate a sum of money to pay for same or to be used for the payment of land damages or other costs and expenses incidental to such purchase, or taking, and will authorize the Treasurer to borrow the whole or any part of the same.

The vote for indefinite postponement was acted favorably upon.

TWENTY-SIXTH ARTICLE. — To see if the town will raise and appropriate a sum of money for the original construction and surfacing with bituminous asphalt concrete of the lots on Fuller Street and Centre Street, the acquisition of which, for a municipally owned and operated off-street parking area, is proposed under the preceding article of this warrant, and will authorize the Treasurer to borrow the whole or any part of the same, or will take any other action with respect thereto.

No action under this article.

TWENTY-SEVENTH ARTICLE. — To see if the town will authorize the Selectmen to convey to Stephen F. Rutledge Post No. 864, Veterans of Foreign Wars, a parcel of land containing 50,000 square feet, comprising a part of Anderson Park, for such price and upon such terms and conditions as the Selectmen shall determine, for use as the site of a building to be used as quarters for said organization.

No action under this article.

TWENTY-EIGHTH ARTICLE. — To see if the town will authorize the Selectmen to convey to Stephen F. Rutledge Post No. 864, Veterans of Foreign Wars, a suitable parcel of land of not less than 50,000 square feet for building thereon of a structure (with all accessories) for the purpose of conducting meetings and doing all things incidental to the furtherance of the aims of the Veterans of Foreign Wars.

No action under this article.

TWENTY-NINTH ARTICLE. — To determine if the town will raise and appropriate an additional sum of money to be expended by the Assessors, pursuant to General Laws, Chapter 40, Section 4, as amended, for the completion of the expert appraisal of all taxable real estate, to authorize the Assessors to enter into contracts for such appraisal, and to report the results at the next Annual Town Meeting.

A motion by Samuel I. Fishlyn to raise and appropriate \$95,000.00 to have an expert appraisal of all taxable real estate in the town was defeated.

THIRTIETH ARTICLE. — To see if the town will accept Section 25, of Chapter 41 of the General Laws as amended, relating to the appointment of Assessors, and will determine that the number of Assessors to be appointed by the Selectmen be one.

No action under this article.

THIRTY-FIRST ARTICLE. — To see if the town will authorize the Selectmen to sell to John Hancock Mutual Life Insurance Company, for such price and upon such terms and conditions as the Selectmen shall determine, a certain parcel of town-owned land situated on Gerry Road and containing 24,000 square feet more or less, as shown on a plan entitled "Plan Showing Land which John Hancock Life Insurance Co. wishes to Acquire from the Town of Brookline", by F. H. Bryant & Son, Inc., Engineers, dated November 18, 1959, copies of which are available at the office of the Town Engineer.

On motion of Alan R. Morse:

Voted: To authorize the Selectmen to sell to John Hancock Mutual Life Insurance Company for such price and upon such terms and conditions as the Selectmen shall determine, including the reservation to the Town of suitable right of access by easement or otherwise across the parcel to be sold to town-owned land in the rear, a certain parcel of town-owned land situated on Gerry Road in the Town and containing 24,000 square feet more or less, as shown on a plan entitled "Plan Showing Land which John Hancock Life Insurance Co. wishes to Acquire from the Town of Brookline", by H. F. Bryant & Son, Inc., Engineers, dated November 18, 1959, copies of which are available at the office of the Town Engineer.

THIRTY-SECOND ARTICLE. — To see if the town will amend Article VI of the Zoning By-Law in accordance with the provisions of Chapter 317 of the Acts of 1959, by striking out the following:

"Seven days notice of such hearing shall be given by publication,"
and substituting therefor:

"The Planning Board shall first cause notice of the time and place of such hearing to be published in a newspaper of general circulation in the Town once in each of two successive weeks, the first publication being not less than twenty-one days before the day of such hearing."

On motion of Charles W. Hubbard, III:

Voted: To amend Article VI of the Zoning By-Law by striking out the following:

"Seven days notice of such hearing shall be given by publication", and substituting therefor: "The Planning Board shall first cause notice of the time and place of such hearing to be published in a newspaper of general circulation in the Town once in each of two successive weeks, the first publication being not less than twenty-one days before the day of such hearing."

The above vote was passed unanimously, was so declared by the Moderator, and is so recorded.

THIRTY-THIRD ARTICLE. — To see if the town will amend the Zoning By-Law as follows:

- (1) By striking out, in Article II—Definitions, the definition of special permit, and substituting therefor the following:

Special Permit. Permission granted by the Board of Appeals in a specific case in accordance with the provisions of Section 4 of Chapter 40-A of the General Laws, and in such circumstances as are specified in Articles II and IV of this By-Law, after a decision that such permission as limited by any conditions and safeguards prescribed in the decision will not be detrimental to the use and enjoyment of other property for the purposes specified in this By-Law;

or will amend and adopt said proposed amendment.

No action under this article.

THIRTY-FOURTH ARTICLE. — To see if the town will amend the Zoning By-Law by adding, after section 11 of Article IV, the following:

- (i) *Substitution of Requirements.* Under a special permit after a hearing, the Board of Appeals may permit, in lieu of the requirements of height, in this Article for the dimensions of height, number of stories, set-backs, percentage of lot occupied, side and rear yards, or lot width, the substitution of other dimensional requirements, provided the Board finds that such substituted requirements will be in harmony with the general purpose and intent of this By-Law and will assure standards of density, light and air, sunlight, open space, and amenity at least as high as would have been assured under a strict application of the original requirements;

No action under this article.

or will amend and adopt said proposed amendment.

THIRTY-FIFTH ARTICLE. — To see if the town will raise and appropriate the sum of three hundred twenty-five thousand dollars (\$325,000) for the construction, equipping and furnishing of the new Branch Library on land of the Town at the Corner of West Roxbury Parkway and Bellingham Road, to be expended by the Building Commission with the approval of the Selectmen and the Trustees of the Public Library, and will authorize the Treasurer to borrow the whole or any part of the same.

On motion of Matthew Brown:

Voted: To raise and appropriate the sum of three hundred twenty-five thousand dollars (\$325,000) for constructing and originally equipping and furnishing the new Branch Library on land of the Town at the corner of West Roxbury Parkway and Bellingham Road, to be expended by the Building Commission with the approval of the Selectmen and the Trustees of the Public Library.

THIRTY-SIXTH ARTICLE. — To see if the town, pursuant to the authority contained in section 1 of Chapter 406 of the Acts of 1954 and every other authority, will authorize the Selectmen to sell at public auction or public sale, for such price and upon such terms and conditions as they may determine, the whole or any part of a certain parcel of real estate in the town known as the Lowell Playground, said parcel being situated on the southerly side of Boylston Street at the division line between the town and the City of Newton and bounded and described as set forth in said section; and, pursuant to section 2 of said chapter, will direct the disposition of the proceeds of such sale; or will take any other action with respect thereto.

On motion of Alan R. Morse:

Voted: Pursuant to the authority contained in section 1 of Chapter 406 of the Acts of 1954, and every other authority, to authorize the Selectmen to sell at public auction or public sale, for such price and upon such terms and conditions as they may determine, the whole or any part of a certain parcel of real estate in the town known as the Lowell Playground, said parcel being situated on the southerly side of Boylston Street at the division line between the town and the City of Newton and bounded and described as set forth in said section. The proceeds of any such sale shall be deposited with the treasurer of the town and held as a separate account.

THIRTY-SEVENTH ARTICLE. — To see if the town will vote to amend the Water Ordinances as most recently revised or amended by striking out section one thereof and substituting therefor the following:

SECTION 1. The Brookline Water Board shall consist of three inhabitants of the town to be appointed by the Selectmen. Effective the first Monday of April, 1960, the Selectmen shall appoint one member for a term of one year; one member for a term of two years; and one member for a term of three years. Annually thereafter they shall appoint one member for a term of three years from the first Monday of April next following the appointment and until the qualification of their respective successors; or will otherwise amend said Water Ordinances.

On motion of Louise M. Castle:

Voted: To amend the Water Ordinances as most recently revised or amended by striking out section one thereof and substituting therefor the following:

SECTION 1. The Brookline Water Board shall consist of three inhabitants of the Town to be appointed by the Selectmen. Effective the first Monday of April, 1961, the Selectmen shall appoint one member for a term of one year; one

member for a term of two years; and one member for a term of three years. Annually thereafter they shall appoint one member for a term of three years from the first Monday of April next following the appointment and until the qualification of their respective successors.

THIRTY-EIGHTH ARTICLE. — To see if the town will authorize the Selectmen to petition the General Court for legislation creating a Traffic Commission in the town, which shall have the authority now given the Selectmen relative to traffic rules and orders adopted under section 22 of Chapter 40 of the General Laws, or will take any other action with respect thereto.

On motion of Alan R. Morse:

Voted: To authorize the Selectmen to petition the General Court for legislation creating a Traffic Commission in the town, which shall have the authority now given the Selectmen relative to traffic rules and orders adopted under section 22 of Chapter 40 of the General Laws, such legislation to be substantially as follows:

**"AN ACT ESTABLISHING A TRAFFIC COMMISSION IN THE
TOWN OF BROOKLINE**

"Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows: —

SECTION 1.

"There is hereby established in the town of Brookline, hereinafter referred to as the town, a commission to consist of the chairman of the selectmen, or his representative, the chief of police, the superintendent of streets, the town engineer, the chairman of the planning board, the fire chief and one citizen to be appointed annually by the selectmen.

SECTION 2.

"The chairman of the selectmen or his representative, shall act as the chairman of said commission and shall be known as the traffic commissioner. The members of the commission shall receive no compensation for their services as commissioners but all expenses incurred for the purpose of this act shall be paid from such appropriations as are made available by the town meeting. All statutes and by-laws applicable generally to the departments of the town shall apply to the commission.

SECTION 3.

"The commission shall have exclusive authority except as otherwise herein provided, to adopt, amend, alter and repeal rules and regulations, not inconsistent with general law as modified by this act, relative to the vehicular street traffic in the town, and to the movement, stopping or standing of vehicles on, and their exclusion from, all or any streets, ways, highways, roads and parkways, under the control of the town, including rules and regulations designating any way or part thereof under said control as a through way under and subject to the provisions of section nine of chapter eighty-nine of the General Laws, and shall also have all authority previously granted to the Selectmen by virtue of the provisions of Section 22 of Chapter 40 of the General Laws, and may prescribe penalties not exceeding fifty dollars for the violation of any regulation adopted hereunder. No such rule or regulation, except such special rules and regulations as are declared by vote of the commission to be urgently required by consideration of public safety or convenience or such as

are of a temporary nature and to be effective for a period of not more than sixty days, shall take effect until after publication in the local newspaper. Upon petition of twenty-five voters of the town relative to any rule or regulation adopted or proposed to be adopted under this section, the commission shall hold a public hearing thereon within ten days after the filing with the commission of such petition, and final action thereon shall be determined only by vote of a majority of the entire membership of the commission. The commission shall have power to purchase, erect and maintain, or cause to be purchased, erected and maintained, traffic signs, signals, markings and other devices for the control of such traffic in the town and for informing and warning the public as to rules and regulations adopted hereunder, subject, however to section two of chapter eighty-five, and to sections eight and nine of said chapter eighty-nine of the General Laws. Nothing in this act shall be construed to authorize the commission to adopt any rule or regulation excluding the trackless trolley vehicles or busses of a street railway or bus company from any way or part thereof in which it has a location, or to modify or limit any power or authority of the metropolitan district commission or the state department of public works or of the state department of public utilities, or any power now vested in the selectmen or heads of departments with reference to the issuance of licenses or permits for the opening, using or occupying of streets and sidewalks.

SECTION 4.

"All existing by-laws and regulations, relating to the control of vehicular traffic shall remain in full force and effect until superseded by rules and regulations adopted by the commission and the adoption thereof by the commission shall not affect any act done, any right accrued, any penalty incurred or any suit, prosecution or proceeding pending, at the time of said adoption.

SECTION 5.

"This act shall take full effect upon its acceptance, during the current year, by vote of the Selectmen of said town."

THIRTY-NINTH ARTICLE. — To determine the sense of the town with respect to whether, in settlement of the town's claim against the Commonwealth of Massachusetts (Metropolitan District Commission) for damages occasioned by the taking by eminent domain of about 225 acres of town-owned land located in Dedham and Needham, Massachusetts, the town should accept a sum of money or an agreement with said Commission that the latter will build and maintain a public playground on its land on Hammond Pond Parkway in the town, near Craftsland and Arlington Roads, such playground to be constructed, equipped and maintained substantially in accordance with a "Plan of Development of Neighborhood Recreation Area — Craftsland Road District, dated November 25, 1953" prepared by Brookline Engineering Department, or will take any other action with respect thereto.

On motion of Charles W. Hubbard, III:

Voted: That the Selectmen appoint a committee to study further the subject matter of this article including a consideration of receiving reimbursement from the Metropolitan District Commission in the form of land in the town of Brookline now owned by the Metropolitan District Commission.

FORTIETH ARTICLE. — To see if the town will authorize the Selectmen to take such legal steps as to them seem appropriate to secure for the town such funds as may become available to the town or to any of the boards, commissions or departments thereof, from the Trustees under the will of D. Blakely Hoar, late of Brookline; and, to accomplish the foregoing, will authorize the Selectmen to assent to appropriate decrees of the Norfolk Probate Court and to receive such funds on behalf of the town or such boards, commissions and departments; and will authorize the Selectmen to set up such funds as a separate account or accounts and to determine the method of payment therefrom; and will authorize the Selectmen generally to act for the town with respect to said Trust; and will authorize the Selectmen to use such funds as may be distributed from the principal of said trust fund for the development of the land behind the Baker School, consisting of about 25 acres, as a bird sanctuary and as a memorial to the said D. Blakely Hoar; or will take any other action with respect thereto.

Voted: To authorize the Selectmen, the School Committee of Brookline, and the Trustees of the Public Library, to take such legal steps as to them seem appropriate to secure for the town such funds as may become available to the town or to any of the boards, commissions or departments thereof, from the trustees under the will of D. Blakely Hoar, late of Brookline; and, to accomplish the foregoing, to authorize the Selectmen, the School Committee of Brookline, and the Trustees of the Public Library, to assent to appropriate decrees of the Norfolk Probate Court and to receive such funds on behalf of the Town or such boards, commissions and departments; and to authorize the Selectmen, the School Committee of Brookline, and the Trustees of the Public Library, to set up such funds as a separate account or accounts and to determine the method of payment therefrom; and to authorize the Selectmen generally to act for the town with respect to said Trust; and to authorize the Selectmen to use such funds as may be distributed from the principal of said trust fund for the development of the land behind the Baker School, consisting of about 25 acres, as a bird sanctuary and as a memorial to the said D. Blakely Hoar.

FORTY-FIRST ARTICLE. — To hear and act upon the reports of town officers and committees.

On motion of George V. Brown, Jr.:

Voted: To receive and place on file the report of the Moderator's Committee relating to the development and subsequent administration of a sound salary structure for department heads.

On motion of Charles W. Hubbard, III:

Resolved: That it is the sense of the Town that all independent officers, boards and commissions should confer with, and seek the guidance of the Personnel Board in fixing the salaries of Department Heads.

and further

Resolved: That it is the sense of the Town that the Personnel Board maintain a continuing review of the performance requirements and salary level of each Department Head's position and comparable positions in other communities to provide effective information and guidance to all independent officers, boards and commissions in regard to fixing the salaries of Department Heads.

FORTY-SECOND ARTICLE. — To see if the town will authorize taking a sum of money voted for the appropriations heretofore made at this meeting and not voted to be borrowed, from any available funds in the treasury, and will authorize the Assessors to use free cash in the treasury in any available funds to that amount in the determination of the 1960 tax rate.

Voted: To appropriate the sum of \$753,594.55 voted for the appropriations heretofore made under the warrant for this meeting and not voted to be borrowed or to be taken from balances of special appropriations made in other years from the following available funds in the Treasury:

Surplus Revenue \$700,000.00; and Overlay Surplus \$53,591.55, to be appropriated on account of the Reserve Fund.

FORTY-THIRD ARTICLE. — To appropriate and raise by borrowing, or to appropriate from other available funds, such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

No action is required under this article.

ART. 43

In connection with the 35th article, it was voted: To appropriate from available funds the sum of three hundred twenty-five thousand dollars (\$325,000) for the construction, equipping and furnishing of the new Branch Library on land of the Town on the corner of West Roxbury Parkway and Bellingham Road, to be expended by the Building Commission with the approval of the Selectmen and the Trustees of the Public Library.

The following resolution was presented by Thomas J. Connelly, Chairman of the Board of Park Commissioners, and unanimously adopted:

TO THE MODERATOR AND MEMBERS OF THE TOWN MEETING

Whereas: two Brookline native sons, Paul R. Pender, Middleweight Champion of the world, and John J. Kirrane, Jr., Captain of the United States Champion Olympic Hockey Team, having attained the highest honors in their respective sport and having brought great honor, dignity, and prestige to their beloved Town of Brookline.

THEREFORE BE IT RESOLVED: at this annual Town Meeting, assembled in the year of Our Lord, One Thousand Nine Hundred and Sixty, on this thirty-first day of March, spread upon its official records the names of Captain John J. Kirrane, Jr., and the Middleweight Champion, Paul R. Pender, as examples to the youth of Brookline of what Faith, Courage, and Perseverance can accomplish.

BE IT FURTHER RESOLVED: that we, their fellow Townsmen, recognize these accomplished feats and show them, their families and the youth of Brookline, that we hereby pay tribute to this talent which is worthy of our highest esteem.

At twelve o'clock midnight on motion it was

Voted: That this meeting be now dissolved.

At the close of the meeting the checkers reported that the names of two hundred twenty-seven (227) town meeting members had been declared present.

Dissolved:

ARTHUR J. SHINNERS,
Town Clerk

WARRANT

THE COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To any Constable of the Town of Brookline, Greetings:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of said town, who are qualified to vote in Primaries, to meet in the polling places designated for the several precincts in said town on Tuesday, the fifteenth day of March, 1960, at seven o'clock for the following purpose:

To bring in their votes to the Primary Officers for the nomination of Candidates of Political Parties for the following office: Senator for Norfolk and Suffolk Senatorial District. The polls will be open from 7:00 A.M. to 8:00 P.M.

Hereof fail not and make due return of this warrant, with your doings thereon, to the Selectmen, seven days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this fifteenth day of February in the year of our Lord one thousand nine hundred and sixty.

EUGENE P. CARVER, JR.

GEORGE V. BROWN, JR.

ALAN R. MORSE

MATTHEW BROWN

THOMAS J. NOONAN

Selectmen of Brookline

Officers return:

Norfolk, ss.

Brookline, February 25, 1960

By virtue of this precept, I this day notified the Inhabitants of the Town of Brookline, as within described, by posting true and attested copies of this warrant in twenty public places. I also had a true and attested copy of this warrant published in the February 18th edition of the Brookline Chronicle Citizen.

THOMAS J. HILL, JR.

Constable, Town of Brookline

In pursuance of the foregoing Warrant the inhabitants of the Town of Brookline qualified to vote in elections met at the polling places designated for the several precincts in said Brookline on Tuesday, the fifteenth day of March, 1960 at seven o'clock in the morning.

Upon receipt of the returns from the several precincts, they were tabulated and the total result of the ballot was announced as follows:

March 15, 1960

I hereby certify that I have canvassed the returns as made from each of the Polling Places with the above results and certify them to be correct.

ARTHUR J. SHINNERS,
Town Clerk

All materials, properly sealed, total tally sheets, and all other records pertaining to the Primary have been preserved by the Town Clerk during the time required by law.

The voting machines used in the precincts were properly sealed and preserved during the legal period.

Attest:

ARTHUR J. SHINNERS,
Town Clerk

Brookline, Mass., March 16, 1960

The Town Clerk this day filled out and certified to the votes cast at the Special Senatorial Primary, Norfolk and Suffolk Senatorial District, held in Brookline, March 15, 1960, using therefor the blank forms supplied by the Secretary of the Commonwealth, and filed the same at the Office of the Secretary of the Commonwealth, State House, Boston, Massachusetts.

Attest:

ARTHUR J. SHINNERS,
Town Clerk

WARRANT

THE COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To any Constable of the Town of Brookline, Greetings:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of said town, who are qualified to vote in elections, to meet at the polling places designated for the several precincts, in the said town on: Tuesday, The Fifth Day of April, 1960, at seven o'clock in the forenoon for the following purpose: To give in their votes for the following State Officer, to wit: Senator for Norfolk and Suffolk Senatorial District (to fill a vacancy). The polls will be open from 7:00 A.M. to 8:00 P.M.

Hereof fail not and make due return of this warrant, with your doings thereon, to the Selectmen, seven days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this twenty-first day of March in the year of our Lord one thousand nine hundred and sixty.

All materials, properly sealed, total tally sheets and all other records pertaining to the Primary have been preserved by the Town Clerk during the time required by law.

The voting machines used in the precincts were properly sealed and preserved during the legal period.

Attest:

ARTHUR J. SHINNERS,
Town Clerk

Brookline, Mass., April 28, 1960

The Town Clerk this day filled out and certified to the votes cast at the Primary held in Brookline, April 26, 1960, using therefor the blank forms supplied by the Secretary of the Commonwealth and filed the same at the Office of the Secretary of the Commonwealth, State House, Boston, Massachusetts.

Attest:

ARTHUR J. SHINNERS,
Town Clerk

WARRANT

THE COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Brookline, Greetings:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of said town who are qualified to vote in Primaries, to meet in the polling places designated for the several precincts in said town on Tuesday, the Thirteenth Day of September, 1960, at 7 o'clock in the forenoon, for the following purposes:

To bring in their votes to the Primary Officers for the nomination of candidates of Political Parties for the following offices:

Senator in Congress from this Commonwealth

Governor for this Commonwealth

Lieutenant Governor for this Commonwealth

Secretary of the Commonwealth for this Commonwealth

Attorney General for this Commonwealth

Treasurer and Receiver-General for this Commonwealth

Auditor of the Commonwealth for this Commonwealth
Representative in Congress for Tenth Congressional District
Councillor for Second Councillor District
Senator for Norfolk and Suffolk Senatorial District
Three Representatives in General Court for Tenth Norfolk Representative District
Register of Probate and Insolvency for Norfolk County
County Commissioner (2) for Norfolk County
County Treasurer for Norfolk County
Sheriff for Norfolk County (to fill a vacancy)

The Polls will be open from 7:00 A.M. to 8 P.M.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Selectmen, seven days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this 8th day of August, in the year of our Lord one thousand nine hundred and sixty.

ALAN R. MORSE
GEORGE V. BROWN, JR.
MATTHEW BROWN
THOMAS J. NOONAN
LOUISE M. CASTLE

Board of Selectmen

Norfolk, ss.

Brookline, August 22, 1960

By virtue hereof, I this day notified the inhabitants of Brookline qualified to vote to meet at the designated polling places, on Tuesday, September 13, 1960 and by posting true and attested copies of this Warrant in twenty public places, and by also having true and attested copies published in the Brookline Chronicle-Citizen, issue of August 18, 1960. All this was done at least seven days before said date.

CHARLES L. HAPGOOD,
Constable

In pursuance of the foregoing Warrant the inhabitants of the Town of Brookline qualified to vote in elections met at the polling places designated for the several precincts in said Brookline on Tuesday, the thirteenth day of September, 1960 at seven o'clock in the forenoon.

Upon receipt of the returns from the several precincts, they were tabulated and the total result of the ballots was announced as follows:

All materials, properly sealed, total tally sheets, and all other records pertaining to the Primary have been preserved by the Town Clerk during the time required by law.

The voting machines used in the precincts were properly sealed and preserved during the legal period.

Attest:

ARTHUR J. SHINNERS,
Town Clerk

Brookline, Mass., September 16, 1960

The Town Clerk this day filled out and certified to the votes cast at the State Primaries held in Brookline, September 13, 1960, using therefor the blank forms supplied by the Secretary of the Commonwealth, and filed the same at the Office of the Secretary of the Commonwealth, State House, Boston, Massachusetts.

Attest:

ARTHUR J. SHINNERS,
Town Clerk

RECORD OF RECOUNT FOR REPRESENTATIVES IN GENERAL COURT —

TENTH NORFOLK DISTRICT

Brookline, Mass., September 21, 1960

In accordance with a petition signed by more than ten legal voters (democratic) in all precincts in the Town in the form prescribed by law, for a recount of the votes cast for Representatives in General Court, Tenth Norfolk District, at the State Primaries held on September 13, 1960. The Registrars of Voters met September 21, 1960, at the Registrars of Voters Office and canvassed the votes with these results:

Town Clerk

STATE ELECTION WARRANT

THE COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To any Constable of the Town of Brookline, Greetings:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Brookline, who are qualified to vote in elections, to meet at the polling places designated for the several precincts, in the said Town on Tuesday, the Eighth Day of November, 1960, it being the first Tuesday after the first Monday in the said month, at seven o'clock in the forenoon for the following purposes: To give their votes for the following National, State and County Officers, to wit:

Presidential Electors

Senator in Congress

Governor for this Commonwealth

Lieutenant Governor for this Commonwealth

Secretary of the Commonwealth for this Commonwealth

Attorney General for this Commonwealth

Treasurer and Receiver-General for this Commonwealth

Auditor of the Commonwealth for this Commonwealth

Representative in Congress for Tenth Congressional District

Councillor for Second Councillor District

Senator for Norfolk and Suffolk Senatorial District

Three Representatives in General Court for Tenth Norfolk Representative District

Register of Probate and Insolvency for Norfolk County

Two County Commissioners for Norfolk County

County Treasurer for Norfolk County

Sheriff for Norfolk County (To fill a vacancy)

Also for the purpose of giving in their votes "Yes" or "No" on the following questions:

QUESTION NO. 1

A. Shall licenses be granted in this town for the sale therein of all alcoholic beverages (whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)?

YES	<input type="checkbox"/>
NO	<input type="checkbox"/>

B. Shall licenses be granted in this town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

YES	<input type="checkbox"/>
NO	<input type="checkbox"/>

C. Shall licenses be granted in this town for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

YES	<input type="checkbox"/>
NO	<input type="checkbox"/>

QUESTION NO. 2

Shall fire fighters Grade X (\$97.50), fire fighters (aide) Grade X (\$97.50 plus \$4.00), fire alarm operators Grade X (\$97.50), fire lieutenants Grade XIII (\$108.50 plus \$3.00), fire captain Grade XVI (\$126.50), deputy fire chief Grade XVIII (\$141.50), be reallocated to three grades above their present grade, which shall be fire fighter Grade XIII (\$108.50), fire fighters (aide) (\$108.50 plus \$4.00), fire alarm operator Grade XIII (\$108.50), fire lieutenant Grade XVI (\$126.50 plus \$3.00), fire captain Grade XIX (\$150.50), deputy fire chief Grade XXI (\$163.00)?

YES	<input type="checkbox"/>
NO	<input type="checkbox"/>

The Polls will be open from 7:00 A.M. to 8:00 P.M.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Selectmen, seven days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this third day of October, in the year of our Lord one thousand nine hundred and sixty.

ALAN R. MORSE
 GEORGE V. BROWN, JR.
 MATTHEW BROWN
 THOMAS J. NOONAN
 LOUISE M. CASTLE

Board of Selectmen

Norfolk, ss.

Brookline, October 13, 1960

By virtue of this Warrant, I this day notified and warned the inhabitants of the Town of Brookline as within described, by posting true and attested copies of this Warrant in 20 public places. I also had a true and attested copy of this Warrant published in the Brookline Chronicle-Citizen, issue of October 6, 1960. All being done at least seven days before said meeting.

THOMAS J. HILL, JR.,
Constable

In pursuance of the foregoing warrant the inhabitants of the Town of Brookline qualified to vote in elections met at the polling places designated for the several precincts in said Brookline, on Tuesday, the eighth day of November, 1960, at seven o'clock in the forenoon.

Upon receipt of the returns from the several precincts, they were tabulated and the total result of the ballot was announced as follows:

All materials properly sealed, tally sheets and all other records pertaining to the Election have been preserved by the Town Clerk during the time required by law.

The voting machines used in the precincts were properly sealed and preserved during the legal period.

Attest:

ARTHUR J. SHINNERS,
Town Clerk

Brookline, Massachusetts, November 14, 1960

We, the undersigned, hereby certify that we have canvassed the returns as made from each of the Polling Places with the within results and certify them to be correct:

ALAN R. MORSE, *Chairman*

GEORGE V. BROWN, JR.

MATTHEW BROWN

THOMAS J. NOONAN

LOUISE M. CASTLE

Board of Selectmen

Attest:

ARTHUR J. SHINNERS,

Town Clerk

Brookline, Massachusetts, November 15, 1960

The certificates of election signed by the Selectmen and Town Clerk were this day mailed to the office of the Secretary of the Commonwealth, State House, Boston. Returns of elections of County Officers were made out on blanks furnished by the Clerk of Courts and County Commissioners, and mailed in envelopes furnished for the purpose after being signed by the Selectmen and attested by the Town Clerk.

Attest:

ARTHUR J. SHINNERS,

Town Clerk

RECORD OF RECOUNT FOR
SENATOR, NORFOLK AND SUFFOLK DISTRICT
AND QUESTION NO. 2

Brookline, Massachusetts, November 22 and 28, 1960

In accordance with petitions signed by more than ten legal voters in all precincts in the Town, except Precinct 10A and 10B for Senator, in the form prescribed by law, for a recount of the votes cast for Senator, Norfolk and Suffolk District and Question No. 2, at the State Election held November 8, 1960, the Registrars of Voters met on November 22, 1960, at the Registrars Office and canvassed the votes with the within results.

PURCHASING AGENT

H. G. SAUMSIEGLE

The Annual Report of the Purchasing Department for the year ending December 31, 1960 is submitted herewith. The following statistics are pertinent to the extent of our procurement activity during the year:

- 5,501 — Departmental requisitions received and processed
- 8,776 — Purchase Orders issued
- 429 — Emergency Purchase Slips for small lot and value emergency requirements
- 871 — Purchase Requisitions issued against monthly blanket orders
- \$962,875.00 — Total Value of all Purchases
- 99,720.00 — Total Value of all Purchases from Brookline Vendors or 10.35%
- 4,919.61 — Total Value of available Cash Discounts on invoices covered by purchases processed through Purchasing Department
- 19 — Formal yearly contracts
- 85 — Advertised bids for purchases exceeding \$1,000.00 value

Totals for the above items vary from year to year depending upon the type and quantity of materials, supplies and equipment purchased. A concerted effort has been made for the past few years to reduce the number of Emergency Purchase Slips issued for small lot requirements, and the 1960 total, which is less than one-half of that for the previous year, has now been reduced to a reasonable figure.

As indicated in my 1959 report, a new plan for handling generally small value emergency parts or repairs, particularly for automotive or other equipment, and from regularly established sources on a repetitive basis, was begun in February 1960. Under this system, departments issue monthly requisitions for a specific total value to cover immediate requirements from certain vendors for supplying repair parts or materials. Blanket purchase orders are then issued to the vendors for the total amount called for. Against these blanket purchase orders, the requisitioning department issues numbered Purchase Requisitions, in triplicate, to the vendor for the materials required. The employee, upon presenting the original Purchase Requisition to the vendor, receives a vendor's delivery slip with prices noted thereon. The employee returns this to the person issuing the Purchase Requisition, who then records prices on the department and Purchasing Department copies, and forwards them daily to his department office and to the Purchasing Department. Each purchase is recorded on the Purchase Order and a running total maintained so that total value of the order is not exceeded. If the total value of the order is to be exceeded for the month, another requisition is forwarded to the Purchasing Department. Itemized invoices are rendered monthly by the vendors. The departments authorized to use this system

are Highway, Water and Park as being the most involved in the type and extent of requirements intended to be procured in this manner. All Purchase Requisitions issued are reviewed and approved by the Purchasing Agent as received daily to insure the materials purchased are of emergency category, and the authority granted by the system is not being exceeded. A total of 207 monthly requisitions and an equal number of purchase orders were issued for a total value of \$22,840.00. The value of the 871 Purchase Requisitions, as listed in the statistics above, issued against this total was \$9,050.28. The average value of Purchase Requisition was \$10.39, and average of Purchase Order was \$43.72. The Comptroller encumbers these Purchase Orders when issued and liquidates at the end of the month. We believe this plan has considerably reduced the number of requisitions, purchase orders and invoices, and the required paper work which would have otherwise resulted and appears to have been acceptable to the departments involved and to the vendors. The departments are now able to immediately pick up needed repair parts or materials, adequate purchase records are maintained, and itemized invoices supported by signed receipts for merchandise meet the requirements of the Comptroller.

Some of the major purchases which are included in the formal yearly contracts, and advertised bids for purchases exceeding \$1,000.00 value, and the approximate value, were as follows:

School Lunch food items	\$106,810.00
Fuel oil	103,900.00
Gasoline, motor oil and grease	48,860.00
Powered equipment	37,650.00
Trucks and passenger cars	34,815.00
Office machines and equipment	30,700.00
School classroom and maintenance supplies	28,900.00
Triple combination pumper	28,850.00
Water pipe, fittings, supplies and meters	24,440.00
Laundry rental and service	22,900.00
Athletic supplies and equipment	19,400.00
Uniforms and work clothing	18,600.00
Printing reports, bulletins and lists	13,920.00
Lighting fixtures, stage curtains and draperies	11,000.00
Fire hose, alarm boxes and cable	10,200.00
Tires, tubes, retreads, anti-freeze and tire chains ...	10,200.00
Tree spray, fertilizer and grass seed	10,000.00
Road salt	9,200.00
Radio equipment	7,600.00
Musical instruments	6,200.00
Trees, shrubs, bulbs	4,100.00

TOTAL \$588,245.00

These items, together with the many items purchased from day to day and in smaller quantities, cover a wide range of supplies, materials and equipment required and used in operating the Town departments. To procure this classification of items in department budgets, the Purchasing Department has the responsibility to purchase at the best possible prices, quality and service which will adequately meet requirements of the intended use. Clear and adequate specifications are first necessary and important, to be followed by sufficient competition to insure the lowest possible cost. Only occasionally do we find that materials to be purchased are not subject to competition such as one source of supply or an exclusive product, or when resale prices are fixed by the manufacturer.

One of the first questions that is asked by those officials of a community that is giving consideration to establishing a purchasing department is: how much can be saved and at what cost? It is quite impossible to suggest an overall saving percentage as the answer is completely dependent upon the care which has been exercised by those doing the buying to seek competition and to consider values. Generally, when government purchasing is centralized, considerable savings are possible and usually result over previously recorded similar transactions. I find that continual savings result through always inviting adequate competition even though the previous purchase was made at what was considered the lowest possible cost.

There was no strong trend to price increase experienced during the year. Two of the larger contracts, fuel oil and gasoline, brought the following result: Fuel oil prices were based on a lower tank car price. No. 2 oil carried a \$.00035 gal. less mark up over tank car; #5 a higher discount of \$.06 per bbl. and #6 a higher discount of \$.11 per bbl; all resulting in lower net cost.

Gasoline carried a lower discount from tank wagon due to an attempt by the major oil companies to stabilize the market and stop gasoline station price cutting. However, a guaranteed top price by the contractor protected the Town against two price increases which resulted in a saving of \$.017 per gallon from June 14 to January 1 for gallonage delivered during that period. Motor oil price was slightly lower and automotive greases remained the same.

In an effort to resolve the previous problem of purchase of adequate quality floor treatment materials, particularly for the schools, such as liquid wax, sealer and cleaner, the decision was made to have specifications prepared by a testing laboratory and to be used in seeking bids and making awards. The products of the successful bidders were submitted for laboratory test and were found to meet the specifications and the results have been reported satisfactory to the School Department.

Through the cooperation of the Superintendent of Streets, traffic paint was purchased only after a month of testing samples on a section of Beacon Street, which is heavily traveled. The manufacturers, whose products were tested, were invited to submit proposals and award was made to the low

bidder for the paint which showed the best results. The paint thus purchased has given very satisfactory results to the Highway Department.

The Stores transfers for the year amounted to \$9,074.00. This represents sales to Town departments of general office supplies, paper and other commonly used materials carried in Purchasing Stores and ordinarily required in relatively small quantities by departments. As purchases for Stores are for larger quantities, at very favorable prices, the difference in cost compared with what would normally be paid for individual department requirements would reach a rather high percentage. The operation of the Stores also eliminates a great many small purchases and saves paper work for all concerned. The Stores control is the responsibility of the Assistant Purchasing Agent.

It is my intention that the Purchasing Department continually strive to give its best service to Town departments through processing requisitions promptly, and to assist whenever possible concerning supplies, materials and equipment information or advice.

TOWN ENGINEER

ARTHUR E. SPOONER

The Brookline Engineering Department was established by vote of the Town on April 20, 1894, with Alexis H. French, C.E. as Town Engineer. Subsequent Engineers have been Henry A. Varney and Walter A. Devine. The original department numbered twelve men. We have at present fourteen, although at times when the Town was developing, our personnel has numbered forty-five. The present incumbent Engineer, who has served under all three of his predecessors, has the honor of respectfully submitting the department's sixty-fourth annual report.

During the past year, the work for the field survey parties has been about average. The work performed is detailed below.

The volume of reproduction work has remained constant during the year, with exception of Multilith printing, which has advanced about fifteen per cent, due to increased work for the School Department.

Seven obsolete surveying instruments have been disposed of for a credit allowance of \$300, which we believe a fair price, as most of them were worn out and the rest in need of very costly repair. The department still has four transits, all in good condition, and plans to purchase a new level in the spring.

Several conferences have been held with proponents of a municipal offstreet parking area off Fuller Street, and with the officers of the Coolidge Corner Merchants Association, who propose a multi-story parking facility

over the existing Centre Street parking area. A great deal of study has been given both projects.

Studies have been made as to the advisability of disposing of the low land in the rear of the Baker School for private development purposes.

In accordance with the Town By-laws, the department has furnished engineering services to other Town departments, as follows:

ASSESSORS

The annual work of preparing and publishing the Town Atlas for 1960 was completed. All new buildings have been measured and plotted and their areas computed. There were a few cases of tax appeal, when the cubic contents of the buildings were calculated.

BUILDING DEPARTMENT

All new buildings have been checked for encroachments. All sewer and surface water drain connections have been inspected and approved before backfilling the trenches.

RECREATION DEPARTMENT

Field surveys and studies for development of the former Rivers School property as a municipal recreation facility. The department made a study and report on improved surface drainage in the rear of the municipal gymnasium and bath house on Tappan Street.

PARK DEPARTMENT

An estimate and plan for the improvement of Muddy River was forwarded. Drainage studies were again made for Amory and Griggs Playgrounds. Designs and estimates for alternate grading at the Rivers School property. Design, plans and supervision of construction for resurfacing at the Devotion, Driscoll and Baker Playgrounds. The concrete steps at Baker and Lincoln School were completed. Catch basin construction and paving at Eliot Playground and Coolidge Corner Branch Library parking area. We also made an investigation and report on oil pollution of Muddy River.

HIGHWAY DEPARTMENT

Design, plans and supervision of construction of a sewer and surface water drain on an artificial foundation in Harrison Street for a contract completed in November. The same for a sewer and surface water drain in Highland Road for a private developer of abutting property. Supervision of construction of a sewer and drain laid by a private developer in Forest Street. Grading designs for the reconstruction of Willow Crescent and a part of St. Paul Street. Lines and grades for sidewalks. Measurements and calculation of paving and sidewalk areas installed by contractors.

TRAFFIC COMMISSION

Many studies and plans have been prepared, including accident and parking meter location plans. A study has been made of the improvement of Washington Street in Brookline Village and the consequent rearrangement of the traffic control pattern. This study has been approved by the Massachusetts Department of Public Works.

PLANNING BOARD

Engineering data, reports and calculations have been prepared for the Planning Board and the Planning Consultants.

Several times during the year it has been reported that builders and contractors have completed constructions abutting on public streets, the grade of which construction has not conformed to the record grade of the street. The Engineering Department should be requested to establish the official line and grade before such work is completed.

The department has on file information on most of the sewer and drain connections to buildings in the Town. This information is readily available and should be consulted in the event of any stoppage of these facilities.

For details of the department's financial status, kindly refer to the report of the Treasurer-Collector and Comptroller.

TRUSTEES OF WALNUT HILLS CEMETERY

SIMON P. TOWNSEND, *Chairman*

LAURENCE H. H. JOHNSON, JR.

RUSSELL H. MANN, JR.

*WILLIAM T. ALDRICH

HENRY S. ROGERSON

**CHESTER T. BURR

†ROGER A. PERRY

EDWARD DANE

A complete report of the receipts and expenditures of this department will be found in the reports of the Comptroller and Treasurer.

The following are the details of the usual work of the cemetery during the year.

Number of lots sold	8
Number of single graves sold	32

*Resigned September 27, 1960.

**Died January 9, 1960.

†Appointed October 17, 1960.

Number of interments	125
Monument and boulders set	9
Markers and headstones set	31
Tablets set in boulders	4
Total interments in cemetery to date	6,086
Total lots sold to date	756
Total single graves sold to date	1,292

The lawns, drives and paths were given their usual care and attention during the year.

The Trustees presented to the Planning Board an estimate of \$58,000 for developing 44,000 square feet of wooded land in the southeasterly part of the cemetery. When developed this land will have burial lots with a total sale value of about \$130,000.

It is with regret that the Trustees record the death, on January 9, 1960, of Mr. Chester T. Burr, and the resignation on September 27, 1960, of Mr. William T. Aldrich. Both men served the Town long and faithfully — Mr. Burr for more than twelve years and Mr. Aldrich for a period of eighteen years.

TRAINING

In 1960 a broader course of in-service training was extended to members of the Department:

- Basic patrol duties, 23 men received 10 hours' instruction.
- Recognizing and handling mentally disturbed persons, 8 men attended lectures.
- Red Cross instruction, courses attended by 9 men.
- Firearms training, 117 members of the Department participated.

- e. FBI refresher program on records and identification, 2 men attended.
- f. "Discussion of Nuclear Radiation," 8 men attended lectures.
- g. Massachusetts Police Academy, 2 patrolmen attended 4 weeks; 1 sergeant attended 2 weeks.
- h. Traffic law enforcement at Northeastern University, 1 patrolman attended 10 days' course.
- i. Three-day traffic conference and retraining seminar, 2 men attended.
- j. Two-day police community relations institute in cooperation with the northeast region of the National Conference of Christians and Jews, 3 men attended.
- k. One-day meetings on specialized subjects, 5 members attended.
- l. Chief, Captain and 2 Sergeants participated in 3-day refresher course conducted by F.B.I. National Police Academy in conjunction with the New England Chiefs of Police Association.
- m. Chief participated in 3-day course of lectures conducted by the I.A.C.P.

AUXILIARY POLICE DIVISION

There are 92 members of the Auxiliary Police Division, who are making a valuable contribution to safety in the community. They are available for special details when requested . . . thus augmenting the work of the regular Police Department. The members of this Division meet monthly for training and instruction in Civil Defense.

The attitude of the people towards crime in general can be summed up in the words of Mr. Ray Ashworth, Director, Field Service Division, International Association of Chiefs of Police, writing on the topic "Police Versus the Motorist," as published in The New York Times on October 16, 1960:

"As a matter of hard, basic fact the motorist is fighting himself when he does not observe the traffic rules, and he always comes out of the fight the loser. What has he lost in this fight over the past ten years (1950-1959) alone? There have been 375,000 deaths, 13,500,000 injuries and \$45,000,000,000 in accident costs.

"The people of this country, with their voting hats on, elect legislative bodies which pass traffic laws, and mayors and governors who appoint policemen and make them take a solemn oath to enforce those laws. Having accomplished this much, the people then put on their motorists' hats, disregard the legislation, and then become enraged at its enforcement.

"The alleviation of this problem can come in only two ways. A police state where police action is law is one way. The other way, the easy and proper way, is for the people of this country — wearing their motoring hats — to decide it is high time to begin to observe the traffic rules which they caused to be passed for their own protection."

FIRE DEPARTMENT

CHARLES F. ROWLEY, *Commissioner*

During the year there were 1,464 alarms, 92 more than in 1959. Of the 1,464 alarms, 572 were bell alarms, compared with 510 in the preceding year and 892 were still alarms. There were 2 two-alarm fires and 2 three-alarm fires. Among the alarms answered, 135 were from Boston boxes and 16 from Newton boxes.

The Department responded to 185 emergencies, 12 more than in 1959, of which 131 were for the use of our resuscitators.

The estimated fire loss measured in terms of insurance paid, was \$328,-452 or \$27,285 more than in 1959.

The only new piece of equipment purchased by the Department in 1960, at a cost of \$17,000, was a Mack tractor to replace the tractor on the 85-foot American LaFrance ladder acquired in 1930.

Because of the suddenness and severity of the snow storm which occurred on December 12, 1960, Chief Gettings declared that an emergency existed. In consequence, men who ordinarily would have gone off duty at a certain hour were held in the stations supplementing the new ones reporting for duty. Fortunately no serious fire occurred during the crucial period.

The total personnel in the Department at the close of the year was 204.

INSPECTIONS

There were 9,394 inspections made in 1960 compared with 9,277 in 1959.

Houses of Religious Worship	24
Convalescent Homes (27 Quarterly)	108
Hospitals (25 buildings Quarterly)	100
Schools (Public and Private)	140
Lodging Houses (227 Semi-annually)	454
Business and Apartments	6,170
Oil Burners	1,296
Re-inspection and Complaints	1,102
TOTAL	9,394

Our Fire Prevention Bureau is constantly running across buildings in the Town, both private homes and stores, which because of their dilapidated condition present a fire menace. Any Urban Renewal program undertaken by the Town should give careful consideration to the removal of such structures.

The loss, valuation and insurance as nearly as could be ascertained was:

Valuation of Buildings and Contents where fires occurred	\$9,427,730
Insurance on Buildings and Contents	7,383,885
Damage to Buildings and Contents	328,452
Insurance Paid on Buildings and Contents	328,452

There was appropriated in 1960 for the Department \$1,191,869.86 of which \$1,181,352.04 was expended, leaving a balance of \$10,517.82 to be returned to the Town Treasury. For the Wire Division of the Fire Department, there was appropriated the sum of \$27,051.00 of which \$26,503.13 was expended, leaving a balance of \$547.87 to be returned to the Town Treasury.

The Department expresses its thanks to F. William Marlow, M.D., for his readiness to render medical and surgical assistance whenever asked to do so. Once again, to the Department Chaplain, Father Robert W. McNeill, the Department extends its thanks.

BUILDING DEPARTMENT

FRANK J. O'HEARN, *Building Commissioner*

A total of seven hundred and eighty-seven permits were issued this year for an estimated cost of \$4,912,126.00. Included in the total were forty-nine permits for one and two family dwellings housing fifty-two families estimated at \$1,362,520.00 and twenty multiple dwellings housing eighty-eight families estimated at \$1,033,596.00. The balance, seven hundred and eighteen permits were issued for alterations in the estimated amount of \$2,516,010.00.

Four hundred and sixty-one plumbing and three hundred and ninety-five gas fitting permits were issued at an estimated cost of \$621,429.00.

Nine hundred and fifty-three permits were issued for electrical work estimated at \$387,000.00.

For the above a total of \$13,089.76 was collected in fees. This is an increase of \$1,486.72 in revenue for 1960.

A new branch library was started late in the year located in the Putterham section of the Town. It is scheduled to be ready for occupancy in the fall of 1961.

Two old Brookline landmarks were demolished during the year, the Brookline Hospital buildings on Newton Street built in 1901-1902 and the recently used Recreation Building at 500 Heath Street. The latter, originally a fire house, was built in 1898.

Thirty-seven dwellings with a total of one hundred and thirty-five family units, seven mercantile establishments and nine miscellaneous buildings were razed in the Farm area.

Many of these were landmarks in themselves, including the building recently vacated by the Brookline Friendly Society, reported to be the original farm house from which the locality derived its designation, "The Farm".

The customary inspections have been made by the Inspectors of the various trades and all laws have been rigidly enforced. Notification of possible violations received from the Police, Fire and Health Departments have been investigated and any infractions corrected.

Convalescent homes, lodging houses, schools, public and private have been periodically inspected to ensure that compliance with the law is maintained.

BOARD OF EXAMINERS

ALEXANDER F. LAW, *Chairman*

GEORGE McNEILLY

ABRAHAM WOOLF

During the year, twelve meetings were held to examine one hundred applicants for various types of licenses. Six licenses were refused for lack of sufficient knowledge and experience for the type of license requested.

Mr. Alexander F. Law was appointed April 1, 1960 for a term of three years.

Mr. Alexander F. Law was re-elected chairman and Mrs. Agnes M. Ham re-elected secretary.

THE HEALTH AND SAFETY COMMITTEE

LEON J. TAUBENHAUS, M.D., *Chairman*

WILLIAM A. CHARLTON

ARTHUR E. SPOONER

RAYMOND F. WAGNER

GEORGE L. GETTINGS

FRANK J. O'HEARN

KENNETH W. ROBIE

The Health and Safety Committee has completed its seventeenth year. Originally appointed by the Board of Selectmen in 1942 for the purpose of coordinating inspectional and enforcement activities of all town departments having jurisdiction in health and safety matters, it later became the authorized agent of the Board of Selectmen for inspection of premises licensed by the Board. In this capacity it has made routine and special inspections of lodging houses, open air parking spaces and other licensed premises, and has made general and specific recommendations to the Board in regard to these premises.

The adoption by the Board of Selectmen on July 8, 1957 of lodging house regulations drawn up and recommended by the Committee has resulted in improved health and safety conditions in licensed lodging houses. Although delayed by court actions challenging the right of the Board to adopt these regulations this program has moved ahead and at the present time practically all of the required changes have been completed in all lodging houses continuing in operation. The number of licensed lodging houses in the town has decreased from over 200 in 1957 to about 100 at the present time. Of these 30 are nursing or rest homes which under recent legislation will no longer be required to obtain local lodging house licenses. The Committee is now considering other means of enforcing our local safety standards in this type of home.

Inspections for the Committee are made by Mr. Thomas F. Roche, on assignment from the Fire Department, and by inspectors of the health, building and other departments represented on the Committee.

Public Works

HIGHWAY DEPARTMENT

KENNETH W. ROBIE, *Superintendent of Streets*

The principal activities of the department may be grouped as follows: maintenance and construction of roadways and sidewalks; sewers and drains; cleaning; sanitation; traffic control; street lighting; garaging and repair of all town vehicles with the exception of those of the Water, Park, Forestry and Fire Departments; and snow plowing and removal.

Financial data relating to the department may be found in the reports of the Selectmen and the Comptroller. Detailed statistical data relating to departmental functions is on file in the Superintendent's office.

Contracts were let as usual to the low bidders for street and sidewalk construction and repair. No actual Chapter 90 street construction was done this year as we have been waiting for the State Department of Public Works to finish surveys and plans for the widening of the westbound roadway of Beacon Street, from Coolidge Corner to Washington Square, which work was authorized by the Town Meeting in 1959. We have requested that the Town's allotment of Chapter 90 funds for 1961 be allocated to the straightening of Goddard Avenue and to the widening and alteration of Washington Street, from Morss Avenue to Pond Avenue.

Sewers, drains and catch basins were rodded and cleaned on a regular schedule, and emergency blocks in main lines cleared. The sewer in Harrison Street was rebuilt on piles for a distance of 380 ft. and a drain with two additional catch basins installed by contract under the supervision of the Engineering Department at a final cost of \$36,500.

Cleaning activities were carried on with four power sweepers, two flushers, five sidewalk sweepers and three suction leaf removers. Main streets are cleaned every day and all others once a week except when snow and ice conditions prevail.

In the field of sanitation collection routes have been revised for more efficient operation.

The committee to study the possibility of requiring universal installation of garbage disposals had two meetings and made a thorough study of the subject; however, studies came to a halt, for the time being, due to a ruling by the Chief Engineer of the Metropolitan District Commission, Sewer Division, that mass installation of disposal units would not be permitted—at least not until the new disposal plant at Deer Island is completed at which time the question will be re-evaluated.

Several emergency repairs to the refractory brick linings in the incinerator were necessary, and next year one of the two furnaces will have to be completely relined.

One of the old stalls at the garage on Kendall Street was converted into a body shop where truck bodies are reconditioned and spray painted at one-third the cost of having the work done outside. This service is available to other departments for the cost of materials only.

The snow removal program initiated last year whereby all available equipment from both the Water and Park Departments is pooled for snow work was continued and four additional highway trucks were equipped with plow frames and blades, reducing the amount of rented equipment necessary to fight a major storm.

<

THE WATER BOARD

TIMOTHY J. BURKE, *Chairman*

EARL A. UMLAH

JOHN W. KICKHAM

Inasmuch as the members of the Water Board were appointed by the Board of Selectmen in 1959, for terms of one year beginning April 1, 1960, the Board organized, following the annual Town Election, in March, 1960, re-electing Timothy J. Burke, Esq., its Chairman, this being his sixtieth year as a member of the Board, and his thirty-sixth year as its Chairman.

Commencing the first Monday of April, 1961 (April Third), pursuant to the 37th Article of the Warrant for the 1960 Town Meeting, the Selectmen shall appoint one member for a term of one year, one for two years and one for three years, to stagger the terms so that one member becomes appointed each year for a three-year term, from the first Monday of April next following the appointment and until the qualification of their respective successors.

Much of the Board's time this year has gone into study and evaluation of the proposal of the Health Department to fluoridate the public water supply of the Town. Early in the year, the Superintendent conferred with Health Department officials, and with engineers of the State Department of Public Health, and others with experience in other cities and towns, so as to gain a projection of anticipated capital and operational costs, for one thing; and to be prepared, for another, to recommend to this Board whether or not it should exercise its powers under the provisions of the Acts of 1958,

Chapter 254, as to requiring a local referendum on the fluoridation of the Town's public water supply.

In view of the controversial character of the fluoridation question, the Board invited those who propose it, and those who are against it, to confer with it and present their views. In November, after having heard all parties, pro and con, it was the sense of the Board that it would require that the question be put to the voters at the next Town Election, to be held in March, 1961. Accordingly it voted to so notify the Board of Selectmen and the Town Clerk, and the matter is scheduled for action by the voters as the law specifies.

The Water Board has been pleased with the continuing integration of men and of equipment of this and other departments, when and where helpful during the year, toward a common end in emergencies.

Progress has been made toward virtual completion of sprinkler installations in lodging houses and convalescent homes as required by the Town's licensing authorities, some installations having been subjected to five-year betterment assessments at the owner's request.

Betterment assessment was levied for a ten-year period for the laying of water pipe in Forest Street, and as to lots not yet built upon, certain assessments were deferred until built upon and the Assessors notified accordingly.

It was gratifying to have the Superintendent receive, in March, the Safety Award of Honor of the New England Water Works Association, on behalf of the men of this department. And, in April, this Board was delighted that the department won national recognition through an award of the American Water Works Association of its Wendell R. LaDue Safety Award in Class Size #2 for 1959, which it declared has been "earned". We congratulate our employees.

It should be noted, for the record, that the LaDue award is symbolized by a plaque, given for a perfect safety record which may be won only once every five years, and was given to this Department for a two-year record of perfect safety with no accidents in 216,000 man-hours. It cites the men of this Department for the most flawless record of any waterworks in this country — or Canada — in the classification of 10 to 100 employees.

Reflecting the Department's high safety standards in another concrete way is the important fact that our twenty-one vehicles earned a reduction of insurance premiums on property damage and public liability insurance, through their small accident record, amounting to \$1,158.51, or 28½% of the annual premium. The commendation of the insurer has been transmitted to the employees with the congratulations of this Board for their excellent operations.

The expected increase of M.D.C. rates was not enacted, though it is undoubtedly high on the agenda of the Metropolitan District Commission for early legislative action. The M.D.C. budget has been reviewed by the

Superintendent who represented the Town as a member-community required to evaluate proposals before the Great and General Court.

Two-way radio has become an actuality, with a transmitter-receiver tying in this Department with the Park and Highway Departments, independently of wave-lengths assigned to Police and Fire Department use.

During the year, warrants for the commitment of water rates, extension and maintenance charges were filed with Matthew S. McNeilly, Collector for the Town of Brookline, as follows:

For Water Rates	\$537,548.71
For Maintenance and Extension	29,857.67
(Of the water rates committed, the equivalent of 93% were collected during the year.)	
For the cost of laying a main in Forest Street under the 10-year Betterment Assessment Plan	2,375.00
For the cost of laying sprinkler installations under the 5-year Betterment Assessment Plan	18,474.03
In addition thereto the Department supplied water to various Town Departments during the year for an aggregate consumption valued at	20,360.31
Hence, the potential earnings of the Department for the year	\$608,615.72

The distribution system was strengthened by installing a 12" main in Beacon Street from Dean Road to Tappan Street. Under the Betterment Assessment method, an 8" main was installed in Forest Street. Eighteen lodging houses located between 1025 and 1087 Beacon Street were furnished sprinkler supplies by the laying of an additional 6" main in the sidewalk. In anticipation of a proposed development of a part of Newton Street dump area, not owned by the Town, 270 feet of 6" main was abandoned and an 8" main laid in another location.

The spheroidal water tank on Singletree Hill was cleaned and painted.

Sprinkler lines were installed in lodging houses and nursery schools, at the cost shown above.

WATER DEPARTMENT STATISTICAL SUMMARY

1960

Valuation:

Distribution system, mains, gates, hydrants	\$1,676,000.00
Reservoir, Fisher Hill	352,000.00
Reservoir and tank, Singletree Hill	280,500.00
Three buildings, Pearl and Emerald Streets	91,200.00
Meters	90,000.00
Service Pipes	900,000.00

Mains:

The High Service system was extended 0.12 miles and the Low Service 0.23 miles; total present length of water mains is 126.87 miles.

Hydrants:

Two new hydrants were installed. Total now in use 1,429.

Main Gate Valves:

Five new valves were installed. Total now in use 1,654.

Service Pipes:

52 new services were added; 19 old services cut off. Total now in use 9,761.

Fire Supplies:

53 fire supplies were added. Total now in use 222.

Lawn Sprinklers:

One lawn sprinkler was added. Total now in use 137.

Meters:

8,807 in service; 1,007 in stock or being repaired.

Consumption:

Total consumption for 1960 was 2,082,260,000 gallons.

The Town's average daily consumption was 5,689,200 gallons.

The per capita daily consumption was 105 gallons.

Town Planning and Development

PLANNING BOARD

RUSSELL HASTINGS, *Chairman*

WILLIAM D. MEHEGAN

F. STANTON DELAND, JR.

FRANCIS W. CAPPER

WILLIAM J. GEDDIS

ORGANIZATION

The Planning Board organized for the year in March re-electing Russell Hastings, Chairman, and William D. Mehegan, Clerk. Arthur E. Spooner was re-appointed Secretary.

William J. Geddis was re-appointed a member of the Planning Board for five years by the Board of Selectmen.

The chairman appointed Mr. Geddis and Mr. Mehegan as a sub-committee on zoning.

The Board held 23 meetings, 5 conferences, and 5 public hearings during the year.

On March 31 the contract with Adams, Howard and Greeley, Planning Consultants, was extended for an additional year to provide professional comprehensive planning services to the Board.

ACTIVITIES

Comprehensive Planning

At the end of January, the Board published 3,000 copies of "The Comprehensive Plan for the Town of Brookline", as adopted in June, 1959. The publication, including a supplementary report, "A Citizen's Guide to the Comprehensive Plan", was widely distributed throughout the community and to other planning boards and public agencies in the region.

A familiar topic again came before the Board in 1960: the Inner Belt Route. When the Massachusetts Department of Public Works held public hearings in May, the Planning Board joined the Board of Selectmen in putting Brookline firmly on record in favor of one of several announced alternative routes as serving the Town's best interest. The State has made no announcement of its final decision as yet.

The Planning Board has also worked on three kinds of programs to implement the Comprehensive Plan: urban renewal, capital improvements programming, and zoning.

Urban Renewal

The planning parts of three applications for federal aid which would help the Town achieve the objectives of the Comprehensive Plan in less time than otherwise possible were completed by the Board and sent to the Brookline Redevelopment Authority for approval and submission to the Housing and Home Finance Agency. The areas for which aid was asked are North Brookline (Devotion), Marsh, and Cameron.

Since "urban renewal" includes many kinds of coordinated and planned improvement in the Town, regardless of whether paid for by local government, by federal government, or by private citizens, the Planning Board has continued to study and to propose solutions to the development of the various parts of Brookline. The Board prepared the first of a series of public improvement plans, neighborhood by neighborhood, to carry out the policies stated in the Comprehensive Plan looking toward the future conservation and constructive improvement of the Town. The first proposal is entitled "Public Improvements Plan for the North Brookline Renewal Area". This plan shows how a 250 acre residential section of the Town can be substantially improved in liveability by the addition of coordinated public improvements. The draft plan was presented in November to the residents of the Area and to the Brookline Council for Planning and Renewal.

Capital Improvements Program

The Capital Improvements Program for 1961-1966 was prepared in cooperation with the Executive Secretary and all Town departments. The Program puts these expenditures into an order that reflects both the Comprehensive Plan and the Town's capacity to pay for them without undue burden on the tax rate.

Zoning By-Law

The Board continued to work on a complete revision of the present Zoning By-Law, not substantially revised for more than twenty years. During the coming year (1961) the Board is planning to hold Town-wide discussions of its proposals so that the revised By-Law may be fully understood before being submitted to Town Meeting for final action.

In response to pressing need, however, the Board prepared two amendments to the present By-Law for action by Town Meeting early in 1961. One of these provides new controls for residential property on Beacon Street to encourage a more desirable type of development than can be achieved under the By-Law as it stands. The other provides stricter off-street parking requirements whenever apartments or dwellings are converted to contain a greater number of units.

The Board submitted a number of reports to the Board of Appeals on cases that came before it during the year.

Other Activities

The Board of Selectmen requested Planning Board recommendations on many matters throughout the year. To cite but a few of the subjects brought before the Board, the Board voted: to reject the idea of a Town Art Commission to approve public buildings; to support a bill in the General Court that would have limited outdoor advertising billboards on all limited access highways; to oppose three bills in the General Court that would have put State control over local zoning matters; to suggest that the Town work out a self-supporting financial basis for off-street parking areas needed by the Town's business districts; to study new approaches for finding sites for all types of public housing, for relocation housing, and for middle-income housing.

BOARD OF APPEALS

KENNETH B. BOND
ALAN CUNNINGHAM
LAWRENCE A. BOWER

During 1960 the Board of Appeals held sixty-three (63) public hearings, including one (1) hearing of a petition to modify a decision.

Twelve (12) appeals for variances under the Building Code were allowed and nine (9) were denied.

Eight (8) appeals for variances under the Zoning By-Law were allowed and nine (9) were denied. Two (2) of those denied were decided by 2 to 1 votes. In all other cases the decisions were unanimous.

Four (4) of the hearings involved both building and zoning questions. Two (2) of these were allowed and two (2) were denied.

Of twenty (20) applications for Special Permits under the Zoning By-Law, sixteen (16) were allowed and four (4) were denied.

Two (2) conferences were held with members of the Planning Board to consider proposed amendments to the Zoning By-Laws.

THE BUILDING COMMISSION

JOHN M. HALL, *Chairman*
SCOTT McNEILLY
T. ROGER KEANE
GEORGE MICHELSON
JOSEPH P. RICHARDSON
FRANK J. O'HEARN, *Secretary*

The Building Commission convened for meetings on ten occasions during the year, and the members engaged in informal conferences at other times.

In June final plans and specifications for the new Putterham Branch Library were submitted by the architect, The Architects Collaborative, and after review received the approval of the Building Commission and the Library Trustees. Thereafter, bids were solicited and on October 5 the construction contract, in the amount of \$277,709, was awarded to the Cardarelli Construction Company of Waltham, Massachusetts. It is expected that the building will be completed and ready for use at the start of the 1961-62 school session.

The Building Commission also devoted a substantial amount of time to discussions with the Board of Selectmen and the architects, Anderson, Beckwith and Haible, of the plans for the new Town Office Building and Police Station, which were voted at the 1960 Town Meeting. Progress was temporarily suspended because of the need for certain authorizing votes from the Town in connection with the land sites for these two structures. It is planned that the new Police Station will be completed before the present Town Hall is taken down.

In connection with the new Heath School, further landscaping was authorized, as well as a minor modification in the heating system piping. A dispute between the Building Commission and the general contractor over the rate of compensation for closed trench work was referred to arbitration.

During the year, Mr. Charles R. Strickland, who had served the Commission ably as the architect member for a number of years, was compelled to resign because of a change of residence. On September 17 the Board of Selectmen appointed as his successor Mr. Joseph P. Richardson, a senior partner in the architectural firm of Shepley, Bulfinch, Richardson & Abbott, Boston.

BROOKLINE REDEVELOPMENT AUTHORITY

FRANCIS J. HICKEY, *Chairman*

HARRY D. TONER, *Treasurer*

JOHN T. NOONAN, JR., *Asst. Treasurer*

ALAN R. TRUSTMAN

SUMNER J. CHERTOK, *State Member*

I. PROGRESS ACCORDING TO SCHEDULE

On January 4, 1960, the Brookline Redevelopment Authority let its first demolition contract, embracing thirty substantial structures. The first area of The Farm demolished included all properties within the public housing site. Many families were relocated in Brookline, Metropolitan Boston, and on site. The public housing site was completely razed and cleared and

readied for conveyance on March 15, 1960. The balance of this contract was executed by the end of April.

On August 8, 1960, the second demolition contract was awarded, which called for the demolition of twenty-eight buildings, barns, and garages. The work being performed under that contract is practically complete. It is contemplated that the remaining buildings on the site, approximately 50% of their original number, will be taken down in two contract stages, but only when the public housing accommodations are built and ready for occupancy.

Since the Brookline Redevelopment Authority acquired The Farm property in April of 1959, it has relocated over one hundred families, forty-three individuals and twenty-three businesses (see Appendix No. 1). Forty-nine of the relocated families have remained in Brookline. The rest settled in the Metropolitan Boston area. A large percentage of the remaining families and individuals now residing in the project area will be eligible for the new one hundred units of public housing which are to be built within the immediate future.

The Brookline Redevelopment Authority is not the agency to determine which families in The Farm will be eligible for public housing. This duty is performed by the Brookline Housing Authority. Up-to-date records on all families in The Farm have been maintained by this Authority and are available to the Brookline Housing Authority for its use to determine final eligibility for public housing.

A great deal of time and effort have been expended trying to solve the middle income housing problem for families who are to be displaced by Urban Renewal and other governmental activities. In this connection, the Authority has compiled and disseminated data on 221 Housing, a type of middle income housing available under a section of the National Housing Act which permits liberal mortgage financing for construction of housing for those families and individuals displaced from their present living accommodations because of Urban Renewal programs. This housing is not to be confused with public housing as it may be built by private individuals with private capital. Presently, this legislation is being industriously explored, and it is hoped that it will, in part at least, solve this growing social problem.

Several meetings have been held during the year with the Council for Planning and Renewal and its subcommittees, and everyone recognizes the need for new relocation housing if Brookline is to undertake new Urban Renewal programs and if Code Enforcement and present Highway and Innerbelt concepts are to be carried out in an intelligent manner.

II. PROPERTY MANAGEMENT AND MAINTENANCE

When the Brookline Redevelopment Authority acquired The Farm area by eminent domain, it assumed the responsibility of managing and main-

taining the property as well as collecting rents, all according to federal regulations. The Authority had operating income of \$76,899 from The Farm which was not anticipated in the original budget. The Authority has also had \$34,162 of interest income from its investment which was not anticipated in the original budget. Both of these profits will reduce the overall project costs. The attached Appendix No. 2 is a breakdown of Income and Expenses to date.

III. SETTLEMENT OF PROPERTY CLAIMS

There are 95 parcels in The Farm property taken by the Authority. Of this number, the settlement of claims for 58 parcels has been effected on the basis of appraisals made by the Authority's appraisers and approved by the federal government. Of the remaining, 37 parcels will be determined by litigation in the Norfolk County Superior Court. The Authority has been represented in this litigation by Maurice H. Richardson, Esq., of Choate, Hall & Stewart (now of Nauss & Richardson), and the firm of Crowley & Elliott.

The Authority has been exceptionally successful in these suits, and in several of the largest cases the award to the property owner has not been substantially different from that originally proposed by the Authority.

It is expected that all of the remaining cases, involving 34 parcels, will be disposed of during the calendar year of 1961.

To date the Authority has paid \$859,908.62 in complete settlements of claims out of court, and \$819,207.29 pro tanto payments, and \$99,238.47 as a result of judicial determination — (Total \$1,778,444.38).

IV. FINANCING

On December 22, 1959, the Brookline Redevelopment Authority sold on bid notes of \$1,790,000 to the Morgan Guaranty Trust Co. of New York, at an interest rate of 2.99%. The proceeds of this sale retired the Authority's First Series of notes, and the surplus was invested in Treasury Bills which have been cashed from time to time to make pro tanto and final settlement payments.

On December 22, 1960, the Authority sold Notes for \$1,062,276.35 to the United States government, at an interest rate of 3½%. With this money, the Authority paid off Notes that fell due December 22, 1960.

At the commencement of The Farm project, the Town of Brookline and the Brookline Redevelopment Authority entered into a Cooperation Agreement, under the terms of which the Authority was to receive in cash a total of \$714,169. This money was to have been paid in three installments, of which the final installment only remains unpaid. This payment of ap-

proximately \$238,000 was not made by the Town because of the present litigation. However, there is no pressing need for these funds because the Authority has \$37,958.37 in cash and \$264,000.00 in Treasury Bills.

V. COORDINATION MEETINGS

As in other years, Arthur A. O'Shea, Executive Secretary of the Board of Selectmen, and Staff members of the Brookline Redevelopment Authority, the Brookline Planning Board, and the Brookline Housing Authority, have met at least once and sometimes twice a month to coordinate the redevelopment program and to discuss future renewal programs and the impact of these upon the various agencies of the Town. These meetings will continue so long as there is urban renewal activity in Brookline for they are extremely important in establishing the liaison which is indispensable to successful programming of this type.

VI. LITIGATION

On March 29, 1960, the Town of Brookline, acting through its Board of Selectmen, brought suit against the Brookline Redevelopment Authority, in the Norfolk County Superior Court, seeking to enjoin the Authority from executing a Contract for redevelopment of The Farm project with Dr. Daniel Gevinson. On April 1, 1960, a taxpayers' suit was brought against the Authority and the Town of Brookline, to enjoin the Town from paying over any monies to the Authority in pursuance of the Cooperation Agreement and also to enjoin the execution of the Disposition Contract.

Subsequently, Dr. Daniel Gevinson intervened and both actions were set down for trial before Judge Good, and were heard during the late Spring. As of this writing, the Judge has not rendered an opinion in either case.

During the early summer, William and Lucy Harbinson, property owners in The Farm area, sued the Authority to prevent the taking of their land by eminent domain. The suit is pending.

In February of 1960, the Brookline Redevelopment Authority obtained from the Board of Appeals of the Town of Brookline, certain variances and special permits which permitted the erection of the public housing and private redevelopment buildings in The Farm project area. However, several abutters to the project area, claiming that the variances were illegally granted, appealed the decision of the Board to the Norfolk County Superior Court. Subsequent to this appeal, the attorney for the abutters, upon agreement with the Town of Brookline, eliminated from the suit that portion thereof that concerned itself with the public housing site, thus permitting the construction of the public housing buildings in accordance with the variances granted by the Board of Appeals. However, the pending of this suit in itself prevents the construction of the buildings proposed by the redeveloper for the private housing site of The Farm project.

VII. NEW PROJECTS

During the year, the Brookline Redevelopment Authority unanimously voted to submit and did submit to the Urban Renewal Administration in New York applications for the Marsh, Cameron Street, and the so-called Devotion area projects. The Marsh and Cameron Street proposals contemplated total clearance whereas the Devotion area was to be primarily a rehabilitation program. The federal government gave priority to the Marsh area because of its proximity to The Farm project.

The Marsh area is located directly across from The Farm project and is generally bounded by Brookline Avenue, Washington Street, and the M.T.A. line, down to the Brookline Avenue playground. This area consists of approximately 16 acres. There are 54 parcels—39 commercial and 15 residential. There are approximately 50-75 families residing in this neighborhood.

This project has been tentatively earmarked for complete renewal and a proposed reuse of commercial or light industry.

VIII. PERSONNEL

On May 6, 1960, Sumner J. Chertok, Esq. was appointed by the Chairman of the State Housing Board to succeed John B. Ball, Esq.

Since our last report, there has been no change in the administrative and relocation personnel.

RELOCATION REPORT AS OF DECEMBER 31, 1960

I. FAMILY UNITS

BROOKLINE HOUSING AUTHORITY

FRANK D. HARRINGTON, *Chairman*
 PETER M. McCORMACK
 THERESA J. MORSE
 LUCIUS T. HILL
 ROBERT S. WEEKS, JR.

The Brookline Housing Authority submits this report of its activities, receipts and disbursements for the year ending December 31, 1960, pursuant to the provisions of Section 26U of the Housing Authority Law.

On January 11, 1960, a special meeting in lieu of the annual meeting was held at which the following officers were elected for the ensuing year: Frank D. Harrington, Chairman; Peter M. McCormack, Vice-Chairman; Lucius T. Hill, Treasurer; Robert S. Weeks, Jr., Assistant-Treasurer; and Theresa J. Morse, Assistant Secretary. On March 8, 1960 at the Annual Town Election, Lucius T. Hill was re-elected as a member of the Brookline Housing Authority for a five year term.

VETERANS PROJECTS MASS. 200-1-1A-2

On November 23, 1960, the Authority made a payment of \$10,476.00 in lieu of taxes for 1960 to the Town of Brookline.

On March 15, 1960, the Authority's Fiscal Agent received \$83,650 from the Commonwealth of Massachusetts as its proportionate share of subsidy to aid the Authority in meeting the cost of Debt Service for 1960. At this point, it is appropriate to explain that the receipts from tenants rentals is insufficient to cover the cost of operations and Debt Service of this Authority, hence in accordance with the Statute, a subsidy from the Commonwealth is paid to cover the difference.

Both Veterans projects are fully occupied. During the year 1960, there were 69 new applications received for tenancy while 39 tenants vacated their apartments, during the same period. Eight of those vacating were required to move as their incomes were above the legal limit for continued occupancy.

Income limits for admission and for continued occupancy are as follows:

	Admission Limits	Continued Occupancy
1 or no minors	\$4,500	\$5,000
2 minors	\$4,700	\$5,200
3 minors	\$4,900	\$5,400

HOUSING FOR ELDERLY MASS. 667-1

At a special meeting held on February 15, 1960, the Board of the Brookline Housing Authority passed a resolution authorizing the issuance, sale and delivery of Fourth Series Notes in the amount of \$690,000 for

refinancing of Project No. Brookline, 667-1, Housing for the Elderly. These notes were sold at an interest cost of 2.57%. Third Series Notes, plus interest, were paid off.

The Housing for the Elderly project on Marion Street was completed and occupied on February 15, 1960. During the year 1960, there were 40 new applications received for tenancy while three apartments became available due to deaths of tenants during the same period.

FEDERAL LOW RENT HOUSING MASS. 33-1

Very little progress was made during 1960 on the MASS. 33-1 (Federal) project due to legal complications. However, the Architects have completed the Working Drawings and Specifications and these are ready to go out for bids when the legal complications have been cleared and the land acquired.

Reports on receipts and disbursements of the Administration Fund; General Fund 33-1; and Administration Fund 667-1 Housing for the Elderly, for the year ending December 31, 1960, are attached hereto and made a part hereof.

At this time of the year when taxes and public services are prominent in the minds of everyone, we believe the people of Brookline will be interested in how the school budget is prepared and what items it contains.

The Budget

The preparation of the budget begins early in the fall when the principals, directors, and others submit their requests. Our administrative staff, following a study of these requests, prepared detailed data for consideration by your Subcommittee on Finance, which acts jointly with other appropriate Subcommittees, such as, Buildings, Hygiene, Instruction, and Teachers. Several meetings are held in November and December. The budget, as recommended by the Subcommittees, is considered at our regular meeting in December, and, as required by the statute, is submitted to the Comptroller on or before December 21.

The members of the Subcommittee on Schools of the Town's Advisory Committee and the Executive Secretary of the Selectmen are invited to attend all Subcommittee and regular meetings at which the budget is discussed. In January, a formal meeting of the Subcommittee on Schools and the School Committee is held for joint consideration of our budget. Following this conference, the Subcommittee on Schools submits the budget to the entire Advisory Committee with its recommendations.

We feel that this procedure, while time-consuming, enables us to submit to the Town a budget which is sound and reasonable and permits us to provide the quality of education which the citizens of the Town desire.

It is gratifying to report, as an evidence of our concern about the expenditure of funds entrusted to us, that a record total of \$83,220 was returned to the Town Treasurer at the end of 1959, of which \$70,790 was from our regular appropriation and \$12,430 from the Town's appropriation for the Heating and Lighting Plant.

For 1960 we adopted a budget of \$3,576,591, which is \$183,720, or

February, 1960 — Section One

5.4 per cent, more than was appropriated in 1959. The allowance for teachers' salaries is 71.9 per cent of this budget. An analysis follows:

	Appropriated 1959	Recommended 1960	Difference
General Control	\$ 85,992	\$ 85,893	— 99
Instructional Service	2,550,016	2,748,544	+ 198,528
Operation of Plant	377,572	376,700	— 872
Maintenance of Plant	124,659	142,969	+ 18,310
Auxiliary Agencies	94,321	84,883	— 9,438
Pensions	36,473	44,199	+ 7,726
Capital Outlay	90,096	55,681	— 34,415
State-aided Vocational Classes	30,742	33,722	+ 2,980
Out-of-State Travel	3,000	4,000	+ 1,000
	\$3,392,871	\$3,576,591	+\$183,720

Among the allowances included are: \$21,260 for the modernization of existing toilet facilities, the installation of new toilet facilities, the relocation of a classroom, and related work at the Manual Training Building; \$11,300 for the replacement of lighting fixtures at that Building; \$9,600 for the modernization of the homemaking room at the Lincoln School; and \$6,700 for the replacement of the stage curtain and cyclorama at the High School.

We have made provision for increases in the salaries of the Superintendent of Schools, Assistant Superintendent of Schools, and Headmaster of the High School, also for the Director of Buildings and Business Agent, effective April 1, and we have adopted a new teachers' salary schedule, effective September 1, which, without making any change in the size of the increment, method of implementation, or the provision for additional study allowances, includes the following changes:

For teachers. An increase of \$500 in every amount of the existing schedule.

For elementary school principals and directors. An increase of \$1,100 in all minimum base salaries and an increase of \$1,100 to \$1,200 in maximum base salaries.

Teachers' Salaries

In increasing the salaries of our teachers by \$500 at all points of the schedule, we are keenly aware of our duty to the Town and to the teachers. With the passing of time not only has the cost of living and especially the cost of services advanced steadily, but the supply of superior teachers has steadily decreased. In addition, the salary schedules in other communities have advanced so much as to pose a problem of procurement which in recent years has become serious indeed.

We have acted on the belief that the people of Brookline want the best possible schools and are both able and willing to pay whatever cost is found necessary to secure and maintain them. We feel, therefore, that we have a

mandate from the people to make sure that the quality of our schools is fully maintained. We believe that the people of Brookline recognize that the quality of the schools is, and always will be, in direct relationship to the quality of the teachers and the educational leaders. Consequently, we have established the new salary schedule, which we believe will enable us to employ the best teachers who can be found and to enable them to live in a manner in keeping with what is expected of them as leaders of children, as advisers of parents, and as members of a profession which requires constant improvement in service.

We have over the years developed several policies which we believe are beneficial to teachers and to the Town. Unlike many communities, we do not pay the same salary to all teachers regardless of the grade level at which they work. We do pay increased salaries for increased length of service and for professional improvement leading to advanced degrees. We know that degrees do not always guarantee superiority of service, but they are the best objective evidence we have of the effort on the part of teachers to improve the quality of their teaching. When teachers have reached their maximum salary for length of service, we provide still one other opportunity for a portion of them to acquire temporary salaries in excess of the basic maximum. These result from additional study, from course-of-study preparation, from travel with professional significance, and from certain types of participation in community affairs. All of these we believe are important to make a good teacher into a better teacher and to encourage him never to cease desiring to improve himself and to keep himself abreast of the best thinking in his field. These additional study allowances are temporary in character and must continue to be earned if they are to be awarded. In these various ways, the School Committee has tried to shape a salary schedule which is attractive and stimulating to the teacher and which gives full value to the Town.

In general, we have paid only moderate salaries for teachers with limited experience. We have a policy, from which we rarely depart, which provides for at least a year of regular paid teaching experience for all new applicants, but it also makes possible the employment of teachers of considerable experience at rates commensurate with their experience and accomplishments. We have not always been in a thoroughly competitive position with some of the best neighboring communities in the matter of salaries for teachers with little experience. In fact, we have had evidence within recent months that there are a number of other communities whose salary schedules have been higher for teachers with up to ten years of experience. We have at all times tried to attract and retain the career teacher, and we feel that we have been rather successful in doing so. To do this, of course, our maximum salaries have been higher than those of most other communities with which we are in direct competition. We feel that money spent in this way is extremely well spent in the interest of the Town, not only because it attracts the best teachers from other communities, but enables them to have a worthy

professional income by means of which they can enrich their teaching through study and travel and can associate with confidence with members of the community whose incomes in many instances are far greater than those of the teachers.

When we consider the records and the personal qualities exhibited by a very large percentage of the teachers who have been added to our staff in recent years, we are convinced that our salary policies have produced the results which we believe the citizens of Brookline desire.

We have lost very few teachers to other schools and communities, and we should not do so. In addition to paying adequate salaries, we must continue to provide attractive working conditions, reasonable class size, sufficient textbooks and supplies, and a warm and encouraging attitude toward those teachers who are devoting their lives to serving the children of the community.

The Runkle School

In our reports to the Town in 1954, 1955, and 1956, we stated the urgent need for the modernization of the John D. Runkle School, the buildings of which were erected in 1897, 1901, and 1925, and all of which are neither modern nor satisfactory by present-day educational standards. This school has basement toilets; an obsolete heating plant; wooden stairwells; no showers or lockers; an inadequate gymnasium; an auditorium unusable as such; undersized library space; makeshift facilities for art, music, and homemaking; an inadequate cafeteria and kitchen; and, in general, is in so much need of immediate attention as to constitute a major problem.

In 1959, we included in our budget an allowance of \$5000 for architectural and engineering consultants to make a study of the best means for meeting the building needs at the Runkle School. In June a contract for this study was made between the Town and Engelhardt, Engelhardt, Leggett, and Cornell, Educational Consultants, in association with Isidor Richmond and Carney Goldberg, Architects. These Consultants were asked to determine whether the problem could best be solved through alterations and additions to the present buildings or through replacement of some or all of the present plant with new buildings, in accordance with the educational requirements voted by the School Committee for this school. They were further asked to present estimates of relative costs of remodeling and new construction.

The report of the Consultants presented three alternate proposals for meeting the Runkle School building needs, as follows:

- a) The rehabilitation and remodeling of the existing buildings;
- b) The replacement of the two oldest buildings with new construction and retention and remodeling of the 1925 building;
- c) The construction of a new Runkle School on its present site to replace all the existing units.

The cost estimates submitted by the Consultants indicated that the net cost to the Town for Plans A and B were from \$114,000 to \$136,000 more than for Plan C. Because of these obvious savings, and because a new school would best meet the long-range educational requirements, the Consultants recommended the replacement of the entire plant with a new school, taking into consideration the current building codes, safety regulations, and educational standards.

We carefully considered the report of the Educational Consultants at several meetings, and on November 16 voted to request the Board of Selectmen to insert an Article in the Warrant for the Annual Town Meeting in March, 1960, seeking an appropriation of \$22,000, to be expended by the Building Commission, with the approval of the Board of Selectmen and of the School Committee, for preliminary plans for a new John D. Runkle School, based on two rooms to the grade, for kindergarten-grade eight, inclusive. This amount is approximately one fourth of the architect's fee, based on an estimated cost of construction of \$1,200,000 for a school which would accommodate 450 to 500 pupils. The building would contain approximately 20 classrooms and would include the following facilities: art, home-making, industrial arts, music, physical education, science, speech, library service; cafeteria service; administration and health offices; auditorium, teachers' room; and storage areas.

The Commonwealth of Massachusetts, through its School Building Assistance Commission, would pay the Town approximately 20 per cent of the cost of new construction.

Heating and Lighting Plant

The Heating and Lighting Plant, located in the Manual Training Building of the High School, was constructed in 1902 to heat the Manual Training Building only. In 1907 it was enlarged to supply the necessary heat, light, and power for the Municipal Swimming Pool, Municipal Gymnasium, and the High School. The power and light were supplied by direct current produced by steam engine driven generators. In 1922, during the construction of a wing of the High School, direct current to the High School was eliminated and Edison power and light were utilized.

The Heating and Lighting Plant has been under the jurisdiction of the Board of Selectmen since its inception, with the direct supervision assigned to an agent since 1942. In 1953, a lay committee formed to make a survey of this Plant recommended the elimination of the generation of direct current electricity due to the obsolescence and deterioration of the existing engines and generators. When the new Swimming Pool was constructed in 1958, transformers were installed to provide adequate power and light to substitute for the direct current generation.

In January, 1959, the Selectmen asked us to accept the jurisdiction of the Heating and Lighting Plant. This we agreed to do, and we assumed

responsibility on April 1. During 1959 the conversion from direct current to alternating current was completed and the steam engines and generating equipment were removed. Steam meters were installed in order to record the actual use of steam in each of the following: Manual Training Building, Municipal Swimming Pool, Municipal Gymnasium, and High School. Readings from these meters for the last three months of 1959 indicated that our share of the cost of operation of this Plant should be approximately 40 per cent. The balance of 60 per cent of the cost is charged to the Recreation Commission. A more accurate determination of cost will be possible at the end of 1960 when complete readings on the steam meters will be available. The cost of operation of the Heating and Lighting Plant was reduced from \$90,983 in 1958 to \$82,643 in 1959, or nine per cent.

Our Superintendent's Impressions of Russian Schools

"Neither fear nor envy, but rather friendship and cooperative effort, should characterize our relations with the Soviet Union," stated Superintendent of Schools Ernest R. Caverly on his return in November from a four-week visit to Russia (and, briefly, to Denmark, Finland, Poland, and Germany). Dr. Caverly was selected by the National Education Association and the American Association of School Administrators as one of 30 school administrators from all parts of the United States — and the only one from New England — whose mission was to visit as many elementary and secondary schools as possible, to meet school directors, teachers, and pupils, and to study objectively the goals, curriculums, and methods of schools in several parts of the vast Soviet Union.

As evidence of the lively interest throughout the community in the Russian education system and Dr. Caverly's firsthand impressions of it, various organizations and groups have invited him to report on his findings. In addition to his initial report to the School Committee, Dr. Caverly has spoken to the Brookline Council for the Public Schools, parent-teacher organizations, the High School faculty and student body, the Brookline Teachers Club, the students of Framingham State Teachers College, the Brookline Rotary Club, the Harvard Church Brotherhood, the Brotherhood of Temple Beth Zion, the Massachusetts Society for the University Education of Women, Brookline Lodge of Masons, and Brookline Post Number 11 of the American Legion, and has covered many different aspects of the subject.

Viewing the Russian schools as an experienced educator, Dr. Caverly summarized his impressions as follows:

1. The children of the U.S.S.R. are just as lovable as the children in our country.
2. The Russian people are hospitable.
3. Everywhere we were received with greetings of "peace and friendship." In some places we were asked, "Why do you want war?"

4. The official attitude toward the U.S.A., as noted in newspapers and on the stage, is hostile.
5. The teaching methods are similar to those in our country 50 years ago. They emphasize rote memory and recitation, not discussion and the inquiring mind.
6. Mental testing is not permitted in schools. Children naturally left-handed are forced to write with their right hands.
7. In the elementary and secondary schools about 30 per cent of school time is devoted to languages, somewhat less to science, and still less to mathematics. The curriculum is almost entirely academic.
8. The leaders in the Communist Party are dissatisfied with the present program in the schools. They say, "The schools are not related to life." Consequently, the course is being changed from ten years to eleven years, and work experience is being included. At present many more children are prepared for the University than are needed to meet the Soviet plan.
9. All the teaching in the Soviet schools is designed to promote loyalty to communism. Lenin's pictures and statues are displayed everywhere, and also mottoes urging loyalty to the communist ideal.
10. The Soviets are less fortunate than we (1) in their living space, (2) in their incomes, (3) in the cost of food and clothing, (4) in their contacts with the outside world, and (5) in the quality of their education.

Because Dr. Caverly's impressions of the 20 or more institutions he visited would have value for our own schools and for others in the United States of America, he was invited to summarize them for the January issue of *The Massachusetts Teacher*, which he did under the title "Would You Like to Teach in the U.S.S.R.?" and in a special issue of the *NESDEC News* (New England School Development Council, Cambridge, Massachusetts). The title of this article was "What Can We Learn from Russian Education?"

Teaching About Communism

Dr. George S. Counts, a reputable scholar and writer on education in the Soviet Union, states the case for a knowledge of communism in these words: "In the world as it is today, any person who does not have at least an elementary knowledge of Communism — its world outlook and moral commitments, its controlling ideas and purposes, its basic institutions and practices, its impact on all nations of the earth, its militant and powerful outward thrust, and its challenge to human freedom everywhere — must be regarded as politically illiterate. Here is one of the great and inescapable realities of the present epoch in human history. It can no more be ignored with safety than cancer or the atomic bomb."

Thoughtful Brookline citizens may well ask: What are our schools doing to make our young people politically literate about the Soviet Union and communism?

Through our social studies curriculum, all students formally begin to learn about the Soviet Union in grade 8. Included in the geography taught in this grade is a unit on the Soviet Union. This unit starts with the physical geography of the country and its influences on the lives of the people. Upon this foundation the students then proceed to the study of manufacturing, agriculture, mining, and commerce. The role of the state as owner, financier, and manager is seen in contradistinction to the historic role of free enterprise in the United States. Some attention is given also to the one-party system and the totalitarian control exercised by the Communist Party over the social and cultural as well as the political and economic life of the Russian people.

In World History, an elective course available to High School freshmen, about 200 students are enrolled this year. Here several areas in Russian history are studied: (1) Russia in the Middle Ages, including the settlement of the eastern European plain by the Slavs, the influx of Byzantine culture and Greek Orthodox Christianity, the Mongol conquest, the Polish invasions, and the rise of the Moscovite princes to 1450; (2) the period from 1450-1613 which centers on getting the great plain entirely under Russian control, seeking an effective government, and creating and maintaining a distinct Russian culture; (3) Russia under Peter the Great and Catherine the Great, emphasizing the westernizing reforms of Peter and the territorial expansion under both monarchs; and (4) the impact of liberalism, industrialism, and nationalism upon the feudal absolutism of the tsarist state in the nineteenth century.

The revolutions in Russia during the First World War are studied in some detail, especially as their leaders Kerensky, Lenin, Trotsky, and Stalin destroy tsarism. Subsequent revisions in the ideology of communism under the impact of economic, political, and human necessity are used as topics for group reports and analysis. The relations of the U.S.S.R. and the United States are studied because of their central importance to the cold war.

Three other courses present material to High School seniors on communism and the Soviet Union: Problems of Democracy, Modern European History, and European History (Advanced Placement). The total enrolment in these courses this year is about 275 students, most of whom did not take the World History course.

The Problems of Democracy course contains a unit on "The Isms and Democracy." William Ebenstein's *Today's Isms* is available as a supplementary textbook. Topics included in this book are: the economic interpretation of history, Lenin's contribution to communist theory, communist doctrine and policy today, sources of strength and weakness in communism, and revolts against Soviet communism. The one-party system and the struc-

ture of government are also studied. For American-Soviet diplomatic relations, the sections entitled "The Sources of Soviet Conduct" and "America and the Russian Future" from George Kennan's *American Diplomacy, 1900-1950* are read and discussed. Multiple copies of this volume and of three issues of *Current History* magazines are used.

In the European history courses, the principal events and movements in Russian history since Peter the Great are emphasized: the westernizing reforms of Peter the Great, Catherine II as an enlightened despot, the effect of the rise of Russia on the balance of power in Europe in the eighteenth and nineteenth centuries, the Pan-Slavic movement and its impact on the Balkans, reform and repression in nineteenth-century Russia, and Russia's relations with her rivals in Europe and Asia. The Marxian interpretation of history and the simpler ideas in Marxian economic analysis are studied in the historical context of their origin in the nineteenth century. These courses also treat the rise of totalitarian communism following the October revolution of 1917, and cover the principal events in the history of the Soviet Union since 1917, with special attention to the structure of government, the five-year plans, Stalin's collectivization of agriculture, Russia in the Second World War, Soviet imperialism, and the cold war.

Advanced Placement Conference

In December, 23 members of the Class of 1958 and 20 members of the Class of 1959 returned to the High School from the colleges where they are now studying to take part in five advanced placement subject conferences. The High School students now enrolled in advanced placement classes, their teachers, school officials, and members of the School Committee were present also.

The conferences were followed by a tea in the Activities Room of the North Wing, after which the entire group gathered to hear summary reports of the pertinent information gained at the individual conferences. The student reporters for the conferences were as follows: for English, Janet E. Burack, 1961; for Latin and French, Marion I. Goldberg, 1961; for mathematics, Deborah L. Baron, 1960; for physics and chemistry, Robert A. Wainer, 1959; and for social studies, Roberta F. Feldman, 1960.

The comments from the college students provided High School students and faculty members with valuable information on the advanced placement courses, the Advanced Placement College Board Examinations, and the advisability of accepting advanced placement credit in college when it is offered. Every college student stressed the many advantages of taking advanced placement courses in high school whether or not such placement is granted by the college of one's choice. The colleges are still handling advanced placement in a variety of ways, and the firsthand information on present policy in many colleges will undoubtedly prove helpful in making future plans for this program.

College Relationships

Since September, 1959, 45 colleges have sent representatives to visit Brookline High School. In each case the representative has talked with guidance counselors and one or more students. In some cases, the college representative has talked to as many as 100 students while here. We are always proud to have college representatives visit our school because we believe that they get a clearer understanding of the high quality of the education we provide for our students.

Massachusetts colleges and universities represented by our visitors this fall were: Assumption College, Babson Institute, Boston College, Boston University, Burdett College, Cambridge School of Business, Chandler School for Girls, Framingham State Teachers College, Garland School, Harvard College, Mary Brooks School, University of Massachusetts, Northeastern University, Williams College, and Worcester Polytechnic Institute.

Other New England institutions which were represented were: Westbrook Junior College, Maine; Dartmouth College, New Hampshire; Bennington College, Goddard College, Norwich University, and Vermont College, Vermont; and University of Bridgeport, Connecticut.

Representatives came also from Alfred University, Colgate University, Columbia University, Cornell University, Elmira College, Hobart College, Keuka College, Long Island University, and University of Rochester, in New York; Cedar Crest College and Temple University in Pennsylvania; Hood and Washington Colleges, Maryland; Antioch College, Case Institute, Lake Erie College, Marietta College, Oberlin College, and Western Reserve University, Ohio; Lawrence College, Wisconsin; Tulane University, Louisiana; University of Denver, Colorado; and Reed College, Oregon.

Where Our Graduates Are Studying

Nearly 78 per cent of last June's High School graduates are continuing their education. Two hundred and seventy-six students, or 57 per cent, are now attending four-year colleges, and 34, 7 per cent, are in junior (two-year) colleges. Approximately 14 per cent of the class are enrolled in other schools. Three per cent of the 1959 graduates are in the armed forces, and 18 per cent of the 485 graduates are employed.

In college registrations Boston University leads with 54 enrolled, followed by the University of Massachusetts with 31 and Northeastern University with 26. Ten are at Harvard College, ten at Brandeis University, eight at Tufts College, seven at Massachusetts Institute of Technology, six at the University of Pennsylvania, five each at Syracuse University and Rensselaer Polytechnic Institute, four at Antioch College, and three each at Barnard College, Babson Institute, Boston Teachers College, Brown University, Clark University, Jackson College, New York University, Smith College, and Suffolk University.

Report on National Merit Scholarship Competition

Thirty-five of our High School students received letters of commendation from the National Merit Scholarship Corporation for their performance on the National Merit Scholarship Qualifying Test. The students so honored were:

Clifford Adelman, Martha S. Ansara, Robert C. Barab, Josef C. Brada, Sandra L. Capen, Edward R. Chalfin, James P. Conlin, William M. Dain, Steven P. Dolberg, Michael Edesess, Sydney B. Glass, R. Judith Goldberg, Stephen S. Goldberg, Stephen B. Goldenberg, D. Ann Gould, Lewis E. Green, Stanley A. Greenblatt, Francis H. Hale, David J. Levenson, Ralph A. Lewis, Charles D. Lutsky, Roberta G. Mark, Seyva L. Meyers, Melva F. Moskowitz, B. Beth Paul, David M. Perry, William D. Segel, Roger M. Selya, Robert A. Stokes, Newton D. Swain, John H. Welwood, Barrie Westerman, Michael J. White, Ying Bun Woo, and Michael B. Zack.

This group were among the 550,000 high school juniors from 14,000 United States schools who took the test last spring. The three-hour examination, covering five separate areas of educational development, was the first step in the 1959-1960 Merit Program to be climaxed in May with the announcement of Merit Scholars.

Previously announced were the names of ten Brookline High School seniors who have qualified as semifinalists and are eligible for consideration as Merit Scholars. Their names were listed in the November, 1959, issue of the School Committee Report.

The students who received letters of commendation and the semifinalists, considered together, represent 37,000 from a United States senior class population of about 1,250,000. Brookline High School's record this year is in keeping with its previous standing as one of the country's top schools. In 1958-59 it placed eight semifinalists, plus 13 who received letters of commendation, and in 1957-1958, seven and five, respectively.

English Achievement Awards

Three seniors at the High School have been cited for outstanding performance in the second annual Achievement Awards Program conducted by the National Council of Teachers of English. Leon I. Jacobson and Janet M. Sternburg are among the 14 winners from this state, and Michael B. Zack is one of the 13 runners-up. They will receive scrolls commending their writing performance and literary awareness and will be recommended to colleges as good candidates for scholarship aid.

The English Department of the High School has now won its second successive certificate of commendation from the National Council of Teachers of English for the superior achievement of our pupils participating in the program. Four of the eight nominees from Brookline High School in the two years of the competition have been winners, and one has been a

runner-up. This representation is larger than that of any other high school in Massachusetts.

The judges in the contest, outstanding teachers of high school and college English, selected each winner on the basis of three compositions, scores on two standardized English tests, and two supporting letters from a teacher and an administrator.

Music Students Prepare for All-State Concert

Seventeen students from the High School participated in the Northeastern District Concert presented by the Massachusetts Music Educators' Association at Lynn English High School in December. The student musicians, five from our orchestra, nine from the choruses, and three from the concert band, were selected by audition early in the fall. Cheryl E. Podbros, Jane B. Reece, Peter Levin, Thomas D. Farber, and Arnold M. Huberman represented Brookline High School in the District Orchestra which was conducted by Dr. Nathan Gottschalk of the Hartt College of Music. They prepared a program of Schubert, Khachaturian, Corelli, and Dvorak in four rehearsals over a two-day period.

Sopranos D. Faith Musker, Karen P. Conry, and Adele R. Waltch, altos Irene L. Brody and Marilyn Levin, tenor Roger M. Selya, and basses Lawrence J. Colton, Richard M. Salomon, and David I. Victor sang a program of Handel, Purcell, and Brahms under the direction of Lorna Cook de Varon of the New England Conservatory of Music.

Luke A. Spiros, Daniel F. Gorman, and Stanley P. Stone had the pleasure of playing under the baton of Major Chester E. Whiting, Conductor of the United States Army Field Band of Washington, D. C. Having been successful in reaching the District Festival, these young musicians are now eligible to compete with high school students from the Southeastern, Central, and Western District Orchestras, Choruses and Bands for places in the Massachusetts All-State Festival Concert to be held in Worcester, April 7-9.

Harry Dubbs Memorial Award

Joseph S. Klein, sophomore at Brookline High School, has been announced as winner of the Harry Dubbs Memorial Award which will be presented at the next Brookline Youth Concert on March 19. The young pianist was one of ten student musicians from our schools who climaxed a three-month period of intensive preparation by playing before a panel of judges in the Exhibition Room of the Brookline Public Library on January 25. This is the first Annual Competition to select a Brookline student to perform as soloist with members of the Boston Symphony Orchestra at our Brookline Youth Concerts and to receive the award given in memory of the late Harry Dubbs, founder of these concerts. The ten chosen to appear at the final audition were selected by the music teachers in the various schools and

were coached and accompanied by Helen V. Barrett, music teacher at the Driscoll School.

Joseph Klein's audition piece, which he will play at the concert in March, was the First Movement of the Piano Concerto No. 1, Opus 15, by Beethoven. The judges' choice was unanimous, and they expressed themselves as being very much impressed by the high caliber of performance, the quality of music played, and the number of accomplished student musicians heard.

Other pianists besides Joseph Klein were: Felicia L. Czabator, High School senior; Alan Summers, Runkle School grade 8; and Stephen A. Steinberg, Driscoll School grade 6. Three violinists competed: Marion J. Goldberg, High School junior; Gerald Mordis, Baker School grade 7; and Alexander Schwartz, Runkle School grade 8. The remaining contestants were brass players: Thomas D. Farber, High School junior; Peter Levin, High School senior; and Ronald B. Poock, Driscoll School grade 8.

Students and Parent-Teacher Organization Cooperate

As a new three-way venture in student-parent-teacher cooperation the High School Parent-Teacher Organization has recently invited six student representatives to attend its Executive Board meetings. These students have been appointed by their respective House Councils. In addition, the *Sagamore* (school newspaper) sends a reporter to each of these meetings and its Editor assists the Public Relations Committee of the Parent-Teacher Organization in the preparation of a newsletter which accompanies the report cards sent to parents.

Distinctions

At its Commencement exercises in June, Suffolk University conferred upon Bertram H. Holland, Headmaster of the High School, the honorary degree of Doctor of Education; Raymond W. Eldridge, Principal of the Lawrence School, was elected President of the Massachusetts Association of Contributory Retirement Boards; and Henry J. Downes, head coach of varsity football at the High School, on November 16 received the New England Football Officials Association Memorial Award for "maintaining ethical standards demanded of the football coaching profession, and for devotion to teaching the game of football to boys so that they become men of true American sportsmanship." The plaque was awarded for the first time this year in memory of late members of the Association.

Promotions

In June of the past year four of our teachers left Brookline to assume positions of increased responsibility in other communities: Robert H. Archibald became Director of Guidance in Milton; Evelyn T. Brega became Head of the Modern Languages Department in Hingham; Dr. Warren A. Joseph

became Professor of Music at Mississippi Southern College; and Dr. Anne E. Millan became Associate Professor of Physical Education at the State Teachers College in Worcester.

Deaths

During the year 1959 we suffered the following losses by death: on January 14, Catherine Frawley, janitress from 1923 to the time of her retirement in 1942; on January 24, Rose D. Bliss, teacher at the High School from 1906 until her retirement in 1952; on February 11, Margaret L. Galway, teacher in the Adult Education Program since 1950; on March 15, Prakseda L. Gricius, teacher at the Baker School since 1948; on March 19, Betsey Bean, teacher at the Devotion School from 1896 until her retirement in 1941; on March 29, Jeannette M. Falconer, teacher at the Devotion School since 1924; on April 8, Arthur C. Holton, teacher at the High School from 1934 until his retirement in 1947; on July 14, John V. Jewett, teacher in the Brookline Schools from 1921 until 1939 and Principal of the Heath School from 1939 until his retirement in 1953; on September 27, Grace E. Murray, teacher in the Brookline Schools from 1902 until her retirement in 1942; and on November 6, Rose G. Johnson, teacher in the Brookline Schools since 1926.

Retirements

The following teachers retired at the close of the school year in June, 1959; Emma W. Elliott, teacher at the Lawrence School since 1931; Mrs. Marjorie H. Gillette, teacher in the Brookline Schools since 1938; Mrs. Miriam P. Hayward, teacher of homemaking since 1929; and Francis W. Newsom, teacher at the High School since 1928. Others who retired during the year 1959 were: Mrs. Mary J. Costello, janitress at the High School since 1944, retired May 1; Benjamin W. Parker, junior building custodian since 1948, retired May 31; Mrs. Agnes S. Brownell, school cafeteria cook since 1936, retired May 31; and Philip H. Duggan, employed since 1927 and senior building custodian at the High School for the past 25 years, retired September 22.

SECTION TWO — JUNE 1960

With this edition we are completing the fifth year of the publication of *Your School Committee Reports*. Three times a year a copy of this report is mailed to every home in Brookline and to a selected list of interested persons in various parts of the country. The comments from our readers have been most gratifying and encourage us to continue this type of direct report to the people.

Elections to School Committee Membership

The citizens of the Town will be interested to know that five of the nine members of the School Committee have served them continuously for more than ten years, and that two of these members have served for more than 24 years.

At the Town election in March, Mrs. Sylvia K. Burack and Dr. Alfred L. Frechette were reelected for another three-year term, and Dr. Leon Trilling, Associate Professor of Aeronautics and Astronautics at the Massachusetts Institute of Technology and former President of the Michael Driscoll School Parent-Teacher Organization, was elected for a three-year term in place of William B. Hickey, who decided not to be a candidate for reelection.

As an expression of its regard for Mr. Hickey, the School Committee presented a leather case to him and by unanimous action voted that there be spread upon the records an expression of the Committee's "grateful appreciation of the dedication and devotion of William B. Hickey during his nine years of service since 1951 as a member of the Brookline School Committee; and deep regret at his decision not to be a candidate for reelection this year."

The School Committee has reelected Dr. Thomas P. Kendrick as its Chairman for the eighth consecutive year and Mrs. Viola R. Pinanski, Vice-Chairman. Miss Helen V. O'Brien was reelected Secretary to the School Committee, a position she has held for the past 14 years.

Brookline Chamber Music Society

Beginning modestly in 1945, a small group of Brookline citizens presented three string-quartet concerts to the students of the High School. This nucleus was gradually enlarged and became the Brookline Chamber Music Society, which is now completing 15 years of concert presentations to the children of all of the schools in our Town. The current President of the Society is Mrs. Saul Wallen.

In the familiar atmosphere of the school auditorium, the concerts are performed during school hours by carefully selected, highly trained musicians who have the special ability to "reach" their young listeners on a friendly as well as a musical basis. In this way, the music, the performers, and the children are brought into close relationship.

The range and types of chamber music offered these young audiences have been diverse and have included string, woodwind, brass, vocal, and percussion ensembles playing compositions from every period in music history. The value of the listening experience is enhanced by "audience participation" whenever possible and lively question-and-answer periods at every concert.

Concerts for the 1959-60 season included 12 performances by the Rudié String Quartet, 9 by the Pro Art Woodwind Quintet, and 12 by the Hawthorn Opera Singers. These concerts were heard by young people from the third through the twelfth grade. It is this latter group of High School seniors which serves as the most gratifying demonstration of the value of the Brookline Chamber Music Society program, for they reflect the accumulated learning and listening experience acquired during their elementary school years. These students are musically attentive, perceptive, and appreciative.

The Society has worked continually to stimulate musical interest in the young people of Brookline. For years a scholarship of \$100 was awarded to the winner in an annual competition. At present, five prizes are given each year to outstanding music students.

The Brookline Chamber Music Society is a private, incorporated organization of devoted Brookline citizens. The annual budget of \$4000 is raised through various fund-raising projects, solicitation of contributions, and membership dues.

The notable expansion of the concert program has been greatly facilitated by the enthusiastic cooperation of the professional staff of the Brookline Schools, especially the Music Department, and the most welcome growing participation of the parent-teacher groups.

After 15 years, the Brookline Chamber Music Society rededicates itself. Convinced that its program has accumulative educational and cultural value extending beyond the pleasure of the immediate concert experience, the Society hopes to continue its contribution to the musical calibre of tomorrow's audiences.

The Elementary School Guidance Institute

Among the nearly 5000 children enrolled in our elementary schools, it is inevitable that there will be a small percentage who have personality or emotional problems which adversely affect their scholastic work and normal personal adjustment in a class situation. While it is commonly accepted that parents have the chief responsibility for the physical and mental health of their children, teachers do serve as substitute parents for several hours daily. They are keenly aware of any maladjustment which hampers a child's functioning and progress in a class.

For the purpose of assisting children with emotional and school adjustment problems, the Brookline schools already have on their staff one full-time school adjustment counselor (social worker) for the elementary schools and

have recently voted to add another in the fall, as well as to employ a social worker at the High School.

To help teachers gain a fresh perspective in understanding elementary school children's motivations, recognizing their problems, and gaining a new appreciation of the role of the teacher in the amelioration of these problems, an Elementary School Guidance Institute was held at the new Heath School on March 14 and 15.

The theme of the Institute was "Understanding the Elementary School Child." It was led by Dr. Edward M. Daniels, a child psychiatrist of wide experience in schools, clinics, and hospitals as well as in private practice. Dr. James R. Hobson, Director of Child Placement, who was chairman of the faculty committee which planned the Institute, presided at the general sessions. Serving as group leaders and resource consultants of the discussion groups were 16 of the leading professionals in the child guidance and social work fields in the Greater Boston area. A recorder was chosen from each of the eight elementary schools.

In his keynote presentation, Dr. Daniels emphasized the fact that a teacher's most important function is to teach the scholastic subjects. In dealing with disturbed children, Dr. Daniels admitted that psychiatrists do not have all the answers and are seldom able to make definite suggestions to parents or the school for the daily management of a difficult problem. On the other hand, teachers who have daily close contact with a troubled child probably have a better understanding of the child, his home, his relationships with his classmates and his parents, and how he will react in any given situation. Dr. Daniels felt that teachers tend to minimize the importance of their supporting role, believing that the social worker or the psychiatrist has the perfect answer to problems of maladjustment.

The Institute aroused a great deal of interest among the members of the elementary school teaching staff and many recommendations and suggestions were made which are now under study by the professional staff and the School Committee. We are grateful to Dr. Daniels and to the leaders from the child guidance and social work fields who played such vital roles in the success of this Institute.

The Girls' League

The Girls' League of Brookline High School, which will enter its fortieth year in September, was established by the first dean of girls in a Massachusetts High School, Mary W. Sawyer, teacher at the High School from 1915 and Dean of Girls from 1920 until her retirement in 1957. Its purpose is to provide opportunities for service and for the development of desirable social attitudes in the girls of the School. The program begins when the girls are in the eighth grade and attend their first "getting acquainted" party at the High School. As High School students, they participate in activities which develop their talents and give them opportunities for service in the School and the community.

The organization of the League permits ready communication with the entire school: there is an elected representative and an alternate to the League from each homeroom. The monthly business meetings are followed by socials, for which the various houses produce original skits and other entertainment. Teas for the mothers, held in each house, provide an excellent opportunity for the mothers, housemasters, and teachers to meet. It is gratifying to notice the improvement from year to year in the theme and quality of the entertainment and in the increased social poise shown by the girls.

The volunteer work during the winter is administered by the Service Committee. Frequently, this Committee produces woman-power on short notice to fill many school and community needs. Under the leadership of the Massachusetts Department of Education and the United Community Services, the girls have participated in extensive summer programs. In 1958, 60 pupils gave 2557 hours of volunteer service to 15 agencies. In 1959, as one of 189 schools, we supplied 107 of the 1300 volunteers; and our pupils contributed 6626 recorded hours of service to 27 of the 82 agencies. Certificates of recognition were sent to their guidance counselors. Laura Gordon of Roberts House, who has spent last summer in volunteer work with the art classes of the Massachusetts Mental Health Center, was one of five students in Massachusetts who was selected to relate her experiences at the State Recognition Ceremony.

Twenty-Five Years at Driscoll School

On the fourth of May the Parent-Teacher Organization of the Michael Driscoll School honored Miss Elgie Clucas, Principal for the past 25 years. Several hundred parents, teachers, and former teachers were present to congratulate Miss Clucas and wish her well for the years ahead. Mrs. MacDavis C. Begelfer and Mrs. Abraham Shulman presided. Mrs. Noah Lewis read a citation, and Mrs. Shulman presented a gold charm in the form of a replica of the Driscoll School. Dr. Ernest R. Caverly, Superintendent of Schools, represented the School Committee and the Town in felicitating Miss Clucas on this happy occasion. In addition, the School Committee has adopted a vote of congratulation and voted to have it spread upon its records.

Federal Aid

Now on deposit in a special fund in the Town Treasury, for expenditure for such purposes as the School Committee may determine, is a total of nearly \$22,000 which has been received since, June 1959, in federal aid under Public Laws 864 and 874.

Of the total amount received \$1,789 is reimbursement under Public Law 864, known as the National Defense Education Act, for expenditures which we have made for State-approved projects in the following areas: testing, guidance, counseling; foreign languages; science, mathematics, and audio-visual aids. This law provides funds for the encouragement and advancement of instruction in these and other areas.

Under Public Law 874, we received a total of \$19,208 as reimbursement for the education of 53 pupils who attended our schools during the school year 1958-59 from their homes in the Boston Naval Shipyard and the United States Naval Hospital in Chelsea. This law provides aid to communities which educate pupils whose parents are employed on federally-owned or federally-leased property, or pupils who live on federally-owned or federally-leased property with a parent who is either employed on such property or who is on active duty in the military services.

In order to qualify for aid under this law, it is necessary that at least three per cent of the average daily attendance be represented by such pupils. For the school year 1958-59, we had 165 federally-related pupils in average daily attendance. While this failed by a small fraction of one per cent to meet the requirements of the law, the United States Department of Health, Education, and Welfare, acting upon our request and the recommendation of its local office, allotted \$19,208 for the 53 pupils in attendance from the Boston Naval Shipyard and the United States Naval Hospital in Chelsea. In making this allotment, the federal office gave great weight to the fact that for over 50 years the Town has been willing to provide education for these pupils without any reimbursement.

Presently, we are maintaining records on which to base our claim for aid for the current school year. A determination as to our eligibility will not be made by the United States Department of Health, Education, and Welfare until early next winter.

Physical Education Demonstration

On the evening of May 12, the pupils of the seventh and eighth grades of our Edward Devotion School demonstrated, before the parent-teacher membership, a wide range of physical education activities. The program presented by the boys included dumbbell drill, wrestling holds and a wrestling match, stunts and tumbling, mimetic sports drill, and wand drill. The activities of the girls included "Long, Long Ago" (a routine performed to music, demonstrating the physical education activities of long ago), exercises to music, movements to music, and creative rhythms (interpretive dancing) representing some current ideas about physical education. The boys and girls together gave demonstrations in gymnastics, square dancing, ball-room dancing, volleyball, cage ball, and badminton.

The program was supervised by Marion K. Bridley, Joan D. Nitsche, and Richard J. Noyes, teachers of physical education, assisted by Elizabeth Harris and Ralph H. Kapilian, student teachers from Boston University and Springfield College, respectively.

Special Committee Authorized for Runkle School

The School Committee's request for an appropriation of \$22,000 for preliminary plans for a new John D. Runkle School was considered at length at

the Annual Town Meeting on March 31. It was "VOTED: that the Moderator be directed to appoint a special committee of not more than seven citizens of the Town, which committee shall study and investigate the building needs at the Runkle School, and shall submit a written report of its findings and recommendations to the Moderator not later than December 1, 1960, and to the next Annual Town Meeting." The Town Moderator appointed the following committee on May 16: Mrs. Ellen Heller, Mrs. Catherine Coyne Hudson, J. Reed Morss, Mrs. Edith M. Palmer, Sumner Schein, Dr. Warren R. Sisson, and Dean Lester VanderWerf. This special committee has appointed Dean VanderWerf its Chairman. The School Committee has notified the Town Moderator of its willingness "to cooperate to the fullest extent with that committee, and its strong desire to have an opportunity to do so."

National Honor Society Scholarship

Anne Geraldine Lapidus, who ranks first among the girls in this year's graduating class of 580 students at the High School, has been awarded a National Honor Society college scholarship of \$500, from a fund provided by the L. G. Balfour Company of Attleboro, Massachusetts, and the Josten Company of Owatonna, Minnesota. In addition, she has received a cash award of \$100, provided by the Boeing Airplane Company of Seattle, Washington, in a national scholarship competition held by the National Association of Secondary-School Principals. These awards were won in a competition of more than 55,000 selected high-ranking students, all senior members of the National Honor Society, who participated in the Fifteenth Annual National Honor Society Scholarship Program. Anne is the only student in New England who received two separate cash awards through the National Honor Society Scholarship Program.

Anne, who is 17 years old, plans to enter Radcliffe College in September, where she will major in the humanities, with the career-objective of college teaching. She has been secretary of the Mathematics Club, a member of the Student Forum, the French Club, the Girls' League, and the local school chapter of the National Honor Society. She is the daughter of Mr. and Mrs. Joseph Lapidus of 188 Winchester Street, Brookline.

Achievements of Editor of the "Sagamore"

At the *Boston Globe's* Fourth High School Editors' Conference on May 20, announcement was made of a first prize of \$100 to Leon Jacobson, who, as Editor of the *Sagamore*, the High School newspaper, was judged to have produced the best newspaper of its type in New England schools with an enrolment of more than 750 students. In addition, Leon was awarded a first prize of \$10 for the best newspaper make-up.

Leon has worked on the *Sagamore* since his freshman year; and he has also been a member of the Debating Society, the Student Forum, the Court of Justice, the Marshal Force, and the National Honor Society. As a junior

he was Vice-President of his class, and as a senior, President. He was President of the Student Forum during his junior and senior years.

"The Atlantic Monthly" Creative Writing Awards

Three Brookline High School students have recently been awarded honorable mention and two others have received merit ratings for poems submitted in *The Atlantic Monthly's* Annual Creative Writing Contest for High School Students throughout the country. The winners of the honorable mention awards, whose poems were rated among the top twenty in the poetry group, are David Schlosberg, a senior, and two juniors, Carey Halperson and Lee Orenberg. Martha Ansara, a senior, and Jacqueline Cohen, a junior, are the recipients of the merit ratings.

Four of the five winners are students in Boris Burack's Creative Writing classes, and the fifth is in Annette C. Busse's fourth-year Honor English class.

In an awards assembly the five students will receive certificates presented by *The Atlantic Monthly*, and their names will be added to the roster of Brookline students who have previously won certificates in the contest, increasing the total number to 134 during the past decade.

Honors in Mathematics

Brookline High School participated successfully with 22 other secondary schools in the Fourteenth Annual High School Mathematics Tournament, sponsored in May by Newton Junior College and Arthur D. Little, Incorporated. We congratulate the High School team of Steven P. Dolberg, Daniel M. Greenwald, and Stephen A. Ross, which tied for first place in total team score with Newton and Winchester. In addition, Daniel M. Greenwald tied for the second place in individual scoring with David Penner of Winchester.

At the State Science Fair held at Massachusetts Institute of Technology the week end of April 29, David Schlosberg won a second-place silver medal with his project "An Excursion into New Loci." Later in May, at the Assumption Preparatory School's Mathematics Fair in Worcester, David won first prize for this same project and received a money award plus the Valmore X. Gaucher Trophy given in memory of a former teacher at Assumption Preparatory School. Twenty-five students from throughout the state participated in the Fair.

The Mathematics Contest at the University of Massachusetts attracted participants from the entire state, and the Boston Regional Prize was won by Michael Edesses of Brookline High School. He received a cash award and a silver medal.

Honors in French

The regional division of the American Association of Teachers of French has announced that several students in our High School have won prizes in

the oral and written competitive examinations in French. For these prizes public and private school pupils and college students competed on the basis of an examination prepared by the national division of this Association and administered locally.

Oral examination at third-year level. First prize for excellence, a medal and books, won by Marion J. Goldberg, whose teacher was Evelyn G. Tondreau. In addition, Marion received a prize of \$10 for general excellence.

Written examinations:

Fourth-year level. First prize, a medal and books, won by Judith E. Seidel. Teacher, Mrs. Marise C. Thompson.

Second-year level. Third prize, a medal and books, won by Janet E. Burack. Teacher, Kathryn L. O'Brien.

First-year level. Third prize, books, won by Susan H. Hewman. Teacher, Katharine R. McKenna.

In the French Prose and Poetry Contest held in Newton in March, Marion J. Goldberg received first prize, a medal and books, in the third-year level, and Judith Dobras received second prize, a medal and books, in the same level.

Art Awards

Gold keys, representing the highest award at the regional level, have been awarded to Uldis Purins, a senior, and Eleanor L. Gordon, a junior at the High School, in the Annual Scholastic Art Awards Competition sponsored by the *Boston Globe*. A picture in black drawing ink from the portfolio of art work submitted by Uldis Purins was reproduced in the *Boston Globe* in February to announce this year's art award exhibits at the New Art Center at the School of Fine and Applied Arts of Boston University. In addition, Uldis Purins was selected as one of the five students in New England who will compete for the \$100 Hallmark Award and one of 15 who will compete for the National Scholastic Art Scholarship.

Honors to Headmaster of the High School

Dr. Bertram H. Holland, Headmaster of the High School, has been elected Second Vice-President of the New England Association of Colleges and Secondary Schools. This Association is one of six regional associations which evaluate and accredit their member institutions. In the New England Association this evaluation and accrediting program is conducted by three standing committees: one for colleges; one for independent secondary schools; and one for public secondary schools. Dr. Holland was also elected to a three-year term as a member of the Standing Committee on Public Secondary Schools. He is presently the Chairman of a subcommittee engaged in a study of ways to improve the procedures for evaluating and accrediting

public high schools. Each member school must be evaluated and accredited every ten years. Our High School has requested evaluation in 1961.

Honors to Other Staff Members

Dr. Robert J. Newbury, Principal of the Edith C. Baker School since 1940, has been elected President of the Massachusetts Elementary School Principals' Association. He succeeds Daniel W. Gibbs, Jr., Principal of the John D. Runkle School.

At the May meeting of the Boston Chapter of the American Association of Teachers of French held at Tufts University, Kathryn L. O'Brien, retiring Head of the Modern Languages Department at Brookline High School, received a citation honoring her for her many years of devoted and outstanding service to the profession.

The Eastern Arts Association, an affiliate of the National Art Education Association, awarded on May 14 a certificate to Priscilla B. Peckham, Director of Art, in recognition of the professional interest and growth which she has shown during twenty years of active membership in that Association.

Francis D. Smith, teacher of social studies at the High School, has been awarded a John Hay Fellowship, under a grant of the Ford Foundation, for study in the humanities at Harvard University during the next school year, for which the School Committee granted him a leave of absence. He is one of 83 teachers in the United States thus honored.

John J. Kirrane's Leadership Commended

The School Committee is happy to commend John J. Kirrane, a native of Brookline, for the excellent leadership which he provided as captain of the United States hockey team at the 1960 Olympics and for the exemplary manner in which he conducted himself during the games and at the presentation of the award. His group received the first gold medal ever won by a United States hockey team. Mr. Kirrane attended the Heath School, and in 1947 was graduated from the High School, where he was captain of the football team and of the hockey team.

SECTION THREE — NOVEMBER 1960

Over the years our public school population has fluctuated greatly. During the two decades from 1922 to 1942, the number of pupils in the elementary schools showed a steady increase, rising from 3700 in 1922 to 4400 by 1942. The next five years, however, showed a decrease, so that by 1947 the figure had dropped to 4000. For the period beginning in 1948 and continuing through 1954, there was a steady growth, reaching a peak of 4900 in 1954. Since that time the trend in our elementary school population has been slightly downward to a current figure of 4500.

There have been marked fluctuations also in the High School enrolment, which at the present time is at an all-time high of 2235. These shifts at the High School are somewhat affected by children entering the High School from schools outside of Brookline — an average of 200 a year for the past five years.

These changes in population trends suggest uncertainty for the future with overall increases or further decreases equally possible, though the Comprehensive Plan prepared by the Brookline Planning Board in 1959 has indicated greater stability in the school population of certain sections of the Town during the next 20 years.

School Adjustment Counselors

Two years ago, we added a school adjustment counselor to our elementary school staff under the Massachusetts School Adjustment Program, which partially subsidizes his salary. Our first appointee to this position, Erle S. Myers, is a social worker and has served as a helpful liaison between the school and the home, particularly when difficult personality or behavior problems have arisen. He is not intended to replace the ordinary teacher-parent relationships, but rather to provide an additional service where necessary. Referrals are made by teachers and principals, and often help is requested by the parents themselves.

Mr. Myers has made his services so vital to the children, their parents, and to the teachers that we have now added Mrs. Joanna H. Adelberg as a second school adjustment counselor for the elementary schools. In addition we have created a similar post at the High School and have appointed Nathaniel J. Resnick to this position. The work of all three adjustment counselors is coordinated by the Director of Child Placement.

High School Counseling

High School counselors are teachers with a special responsibility for providing individual counseling rather than classroom instruction in a particular subject. A counselor's responsibility is to assist every student in working out the solution to the problems which affect his adjustment to school life, appropriate post-secondary training, and eventual employment.

An effective counselor does not solve a student's problems for him, but helps the individual to identify and clarify his problems, and to analyze himself and the situations he faces. He presents the range of possible solutions to the student's problems and helps him select appropriate courses of action or behavior.

During the year, counselors schedule at least one conference with every one of their students. Seniors are scheduled first, followed by freshmen, juniors, and sophomores in that order. Students who are referred to counselors are seen as soon as the need arises, regardless of whether or not students in the class they are in are being scheduled for conferences at that time.

The average case load is slightly over 300 students for each full-time counselor. However, in addition to this, each housemaster and assistant housemaster does a considerable amount of counseling of individual students. This takes the form of behavioral, social, educational, and emotional counseling. In fact, much of the planning of programs by housemasters for individual students is done with a view to the mental health of the students. The housemaster is responsible for the final decision regarding the program of subjects carried by each student in his house and in reaching such decisions often confers at length with students and their parents. The house system thus is an important adjunct of the guidance service and an integral part of the counseling program.

Why Counseling is Needed

A student may be referred by the Headmaster, his housemaster, a department head, school physician or nurse, his teacher, his parent; or the student himself may request a conference with his counselor. The students who are referred to counselors for special assistance usually present fairly serious problems in several categories. Perhaps the student has chosen his courses unwisely in terms of his abilities or in terms of his eventual objective. He may have ineffective study and reading habits. He may be achieving far below his expected level because of emotional difficulties, general lack of purpose, or rebellion against parents and teachers, or he may be over-concentrating on his studies and avoiding all social activities so that he begins to react to the strain physically or emotionally. He may be determined to follow a completely unwise vocational choice or he may be unable to settle on any vocational plans.

Some students are concerned about a number of personal, social and academic difficulties which are common to adolescence and which sometimes seriously interfere with school adjustment. One may state as his reason for the interview a growing concern about his realization that he is not doing so well in school as he had hoped. He wants to know what he can do to improve his record. He wonders why he is terrified by tests. He asks why he does well on achievement tests but performs poorly on scholastic aptitude tests. Why does he procrastinate in his home study? What can he do about

day-dreaming? Why can't he get better marks when he studies more than five hours a night? Aren't his parents expecting too much of him? Is it preferable to stay in his present difficult courses and obtain mediocre marks, or to select fewer academic courses?

Or he may need assistance in planning for his future. What courses shall he take? What vocation to plan on? What colleges offer the field of concentration he should enter? Shall he enter a college of business administration, as he prefers, or a liberal arts college, as his father insists? Shouldn't he try to gain admission to an Ivy League college even though he almost certainly will be rejected? What college will accept him? Should he enter an institution in the Boston area and commute, or plan to attend one away from home? Can he secure scholarship aid? Should he go to work, enter the Armed Forces, or continue his education? Should he take a two-year or a four-year curriculum after high school?

Records Available for Counseling

Because counselors must know students' backgrounds as completely as possible, they must depend heavily upon the several kinds of data accumulated on records extending back to the kindergarten. During high school years the measurement and evaluation program initiated in the elementary schools is continued, and test data and other information for guidance are recorded. In the course of every school year the counselors supervise the administration of at least 2000 tests of intelligence, reading, and vocational interests, as well as some 300 specialized tests of many kinds given while counseling individuals. More than 200 students a year transfer from other high schools. Each is given an intelligence test and a reading test, and each sees his counselor as well as his housemaster as soon as he enters.

Since counselors must be able to present students with information about all kinds of educational and vocational programs, they maintain a library of reference books, catalogs, descriptive bulletins for innumerable occupations, and special materials. In this way they are able to find the answer for almost every question a student may have about educational and training opportunities.

Counselors' Visits to Colleges

Because the competition among college applicants has become very keen and admission policies have become increasingly selective, the counselors must also help students apply to colleges for which they have reasonable admission prospects. Almost any one of our graduates should be able to enter a college which offers a program appropriate for his interests and abilities. It is not possible for students whose ambitions exceed their abilities to gain admission to colleges with the highest academic standards and requirements. In recent years because the demand for attendance at certain colleges exceeds the number of openings, even highly qualified students have not always been admitted to their first-choice colleges.

In the past four years, our counselors have visited more than 80 colleges in the New England States, New York, New Jersey, Pennsylvania, Indiana, Virginia, and Quebec. Their objectives are:

1. To get acquainted with the college admission personnel.
2. To call to the attention of the colleges the aims and work of the faculty and students at Brookline High School.
3. To find out firsthand what various colleges are like in order to assist parents and students who would otherwise be wholly dependent upon catalogs.
4. To visit Brookline students now on these college campuses. Our graduates can give the best picture of what a college has to offer a Brookline student scholastically and socially. They conduct the most enlightening tours to classrooms, libraries, laboratories, dormitory rooms, dining halls, and other parts of their colleges.

Each counselor reports his findings to the others at group meetings, and written reports are added to the folders kept on file for the use of our counseling service. These personal relationships between our counselors and college admissions offices have proved valuable and rewarding in terms of the increased information the counselors can pass on to the students.

It is extremely difficult to evaluate objectively the quality and effectiveness of counseling. We believe our counselors are doing competent work in this relatively new field. They are enthusiastic about their work and are confident they are obtaining better results with continuous training and experience. There are concrete indications that their counseling program produces results. High School graduates frequently come in for further assistance and write to express appreciation of the counselors' helpfulness. There is an accelerating increase in the requests of students and their parents for interviews and a corresponding increase in referrals from teachers.

The Gifted Child

Fifty years ago only the most scholarly young people were graduated from high school, and the least scholarly seemed to dislike school rather than to profit by it. Then in the forties came the popular urge for an appropriate education for all American youth, and a special plea for the educational services needed by the mentally retarded and the physically handicapped. The gifted children, because they were talented, presumably could take care of themselves.

Within the past few years there has arisen a strong demand for the identification and education of the academically talented. Their right to realize their full potentialities and the right of society to profit from their superior abilities have resulted in new and better educational opportunities for these students.

Early Admission by Test

Brookline provides in a number of ways for children of superior ability. One important provision is our flexible admission policy, which was established nearly 30 years ago. It is based upon measured mental maturity, physical examinations, and observed social and emotional behavior. Thus children who are not more than six months under the established age for admission to kindergarten or first grade may be admitted on trial as a result of psychological and physical examinations. Of the approximately 500 children in the kindergarten, nearly 100 are admitted under this plan each year. A study of the progress of these children shows that they have done very well, and we feel this is an excellent first step to provide for some of the children who are intellectually superior. By this plan, grade skipping and double promotions are avoided, the continuity of the educational process is maintained, and a year is saved for gifted children who face a long period of graduate and post-graduate study for the professions. This subject has been treated rather fully in the November, 1956, report of the School Committee and briefly in the May, 1958, report.

The Advanced Fifth Grade

Recently we took another step in the interest of the gifted child by creating an advanced fifth grade. This is a carefully selected group of 25 children whose parents were invited to enroll them in a class especially designed for their needs and abilities. These children will do the regular work of the grade and much more, both quantitatively and qualitatively. They will explore areas not usually covered at this time, and they will be expected to think and act in a manner appropriate to their special talents. Every effort will be made to make these children mindful of the special responsibility which is theirs because of their unusual intellectual gifts. It is, of course, too early to report results, but we and the parents concerned are optimistic about the wisdom of this step.

This year's advanced fifth grade is meeting at the Devotion School and will remain there through the eighth grade. Next year's class will meet elsewhere.

Promising Youth

Another means of providing for the gifted is the Advanced Placement Program at the High School. Students who show unusual ability in certain subjects are permitted and encouraged to proceed at their own rate in courses which are of college grade and which a number of the leading colleges of the country will accept for admission with advanced standing. Two of our 1960 graduates, Deborah L. Baron and Anne G. Lapidus, received enough credit to enter immediately into the sophomore class at Radcliffe College.

This is the fifth year that the College Entrance Examination Board has offered college freshmen final examinations in the interest of able secondary school students who have taken Advanced Placement courses in secondary

school. We are glad to report that our juniors and seniors of last year took 138 Advanced Placement examinations.

These were marked on a five-point scale: 5, high honors; 4, honors; 3, creditable; 2, pass; 1, fail. Sixty-four per cent of the examination papers written by our students were marked 3 or better; that is, "creditabile," "honors," or "high honors." In eight of the nine subjects the per cent of Brookline students whose papers were marked "creditabile" or better exceeded the national average. Particularly noteworthy are our results in mathematics, where 92 per cent of our students received a mark of "creditabile" or better, as compared with a national average of 41 per cent. Worthy of note also were the results in American and European history, and in the French language, where more than 80 per cent of our students received "creditabile" marks (or better) compared with national averages in the 60's. Indeed, our results are generally most gratifying and encourage further efforts.

Students earning scores of 4 or 5 are listed below. In the case of those who took the examinations as juniors and are now seniors at the High School, no college is indicated.

High honors (5): Steven R. Croopnick, mathematics, Massachusetts Institute of Technology; Michael Edesess, mathematics, Massachusetts Institute of Technology; Roberta F. Feldman, European history, Bryn Mawr College; Stephen S. Goldberg, European history, Colby College; Stanley A. Greenblatt, European history and English literature, Harvard University; Daniel M. Greenwald, mathematics and physics, Massachusetts Institute of Technology; Leon I. Jacobson, European history, English literature, and English composition, Harvard University; Anne G. Lapidus, European history and French language, Radcliffe College; Helaine J. Levi, English literature and English composition, Mount Holyoke College; Judith E. Seidel, English literature, Brandeis University; David P. Seligson, French language, Harvard University; Frank J. Shulman, American history (junior); Janet M. Sternburg, English literature and English composition, Connecticut College.

Honors (4): Clifford Adelman, American history, Brown University; Martha S. Ansara, English literature, University of Chicago; Josef C. Brada, American history, Tufts University; Sandra L. Capen, English literature, Jackson College; Ellen Donahue, European history, Albertus Magnus College; Jane P. Donahue, American history (junior); Thomas D. Farber, American history (junior); Roberta F. Feldman, French literature, Bryn Mawr College; Judith R. Goldberg, English composition, Boston University; Daniel M. Greenwald, chemistry, Massachusetts Institute of Technology; Michael Halpern, American history (junior); Alvin Z. Hornstein, American history and chemistry (junior); Anne G. Lapidus, mathematics, Radcliffe College; Syva K. Meyers, English literature, Smith College; Marjorie A. Nathanson, European history, Vassar College; Roger L. Papp, American history (junior);

Jane B. Reece, American history (junior); Daniel Schlosberg, mathematics, Massachusetts Institute of Technology; Judith E. Seidel, English composition, French language, and French literature, Brandeis University; Betty R. Troderman, American history (junior).

The National Merit Scholarship Competition

Last spring 303 High School juniors were among the 580,000 throughout the United States who took the three-hour National Merit Scholarship Qualifying Test. From those competing, 10,000 have recently been named semifinalists, the group from which actual winners will be chosen. An additional 28,000 have been named to receive letters of commendation.

Brookline High School has again placed students in both groups: 11 semifinalists (a gain of one over last year) and 39 commended (a gain of four).

Following are lists of the students named in each group:

Semifinalists: Judith I. Apt, Janet E. Burack, Robert M. Cover, Jane P. Donahue, Alvin Z. Hornstein, Jane B. Reece, Elizabeth Ring, Stephen A. Ross, Stephen R. Sacks, Betty R. Troderman, and Roberta Yaffe.

Letter of Commendation Winners: Stephen M. Albert, Kenneth R. Baker, Martin L. Bell, Martin J. Blank, Stephen M. Bloom, Diana L. Burgin, Jacqueline P. Cohen, Martin J. Coyne, David I. Curtis, Judith C. Dobras, Susan Egdall, Matthew S. Falk, Thomas D. Farber, Joseph A. Gustin, Michael Halpern, Carey S. Halperson, Penelope A. Hazzard, Dorothy Hirshberg, Arnold Huberman, Nancy E. Kilpatrick, Barbara J. Lunin, Daniel J. Margolis, Martin R. Michaelson, Barbara A. Mitchell, John F. Nyhan, Joel M. Rubin, Wendy Sargon, Joan N. Shalek, Howard D. Siegel, Lawrence M. Silverman, Marsha R. Silverton, Margery L. Sokolsky, Elaine B. Solon, Norman P. Spack, Jean A. Steinhurst, Alan S. Wolfe, Kenneth P. Woolf, Jay L. Zeserson, and Bambi G. Zimmerman.

Impressive in itself, the High School's showing is even more so in comparison with other schools. Of its 303 students tested, 206 scored above the Massachusetts median.

Parlons Français

French via television was taught in the third grade in the Baker and Runkle Schools last year. The Head of the Foreign Languages Department, Kathryn L. O'Brien, as well as the classroom teachers, Mary E. Giamperoli at Baker and Mrs. Jean G. Fleischman at Runkle, felt that the program had been successful and recommended that it be continued in the third grade and added to the fourth grade this year. The School Committee approved.

This is admittedly an experimental undertaking, one which has been strongly urged by foreign language teachers and by parents' groups in recent years.

School Mathematics Study Group

The School Committee has been pleased with the reports of progress in seventh- and eighth-grade mathematics made under the School Mathematics Study Group program, an account of which was given in the February, 1959, issue of *Your School Committee Reports*. The general purpose of this "new" mathematics is to present a more advanced, varied, and stimulating type of mathematical experience to supplement the "practical use" type which has been the basis of our course of study for many years.

We are now of the opinion that the time has come to revise the program in grades 4, 5, and 6, and we have, therefore, authorized the extension of the School Mathematics Study Group program to these grades. The program is underwritten by the *National Science Foundation* and involves the expenditure, on a country-wide basis, of large sums of money for research, conferences of mathematicians and teachers, and the preparation of new courses. In this connection 18 of our middle-grade teachers went to Chicago in September for a meeting for the new undertaking.

The work of the School Mathematics Study Group in preparing a first edition of the experimental test materials was carried on last summer at Leland Stanford University in California. More than 20 persons — mathematicians, mathematics educators, and classroom teachers and supervisors — worked together intensively on this project for eight weeks. One member of this writing team was Rosemary Shea, a teacher in the Edith C. Baker School.

This fall 40 of our teachers are engaged in a mathematics workshop under the direction of Professor J. Fred Weaver of Boston University. The class is held at the High School and is open to Brookline teachers only. We wish to acknowledge here the great value of Dr. Weaver's work toward the strengthening of the mathematics program of our elementary schools.

Success in Chemistry

Two of our High School boys, Daniel M. Greenwald and Robert M. Cover, members of last year's Advanced Chemistry classes, received honorable mention in a contest held at Massachusetts Institute of Technology by the Northeast Section of the American Chemical Society. More than 550 students from 125 schools participated. The 25 winning students, including our two representatives, were guests at the annual dinner of the Society held at the Harkness Graduate Center Commons at Harvard University.

We have been pleased to learn that, in the two years during which this contest has been held, Brookline High School students won seven of the 50 awards, a record not achieved by any other school.

An Evaluation of Brookline High School

Headmaster Bertram H. Holland, on behalf of the faculty, has asked the New England Association of Colleges and Secondary Schools for an

evaluation of the High School in the spring of 1961. This evaluation, once in ten years, is necessary for an institution, college, or secondary school to retain its membership in the New England Association. Such membership means accreditation by the Association, which is recognized everywhere as a stamp of academic approval. Records sent to colleges must indicate whether the high school is accredited. Likewise, the accreditation of a college is important information for our guidance staff to have when counseling students about institutions, particularly those in other parts of the country.

The procedure for evaluation is as follows: the faculty of the High School first conducts a self-evaluation, using the Evaluative Criteria of Secondary School Standards, published by the National Study of Secondary School Evaluation. This self-evaluation begins with a statement of philosophy proposed by the faculty and approved by the School Committee. Then the faculty conducts a searching examination of itself and the School. In March, 1961, an evaluating committee appointed by the Association will visit the High School. Approval by the Association of the evaluating committee's report will ensure the continuation of the membership of Brookline High School in the New England Association of Colleges and Secondary Schools.

The New England Association will celebrate its seventy-fifth anniversary in December. The chairman of this anniversary committee is a Brookline resident, Dr. Claude M. Fuess, Headmaster Emeritus of Phillips Andover Academy. Dr. Holland is Vice-President of the Association, and is chairman of a committee to study ways of improving evaluation procedures for public high schools.

Thirteen High School Teachers Honored by Parent-Teacher Organization

Even though many new teachers join the faculty of Brookline High School each year, it is noteworthy that a significant proportion of the faculty members have been teaching here for 30 years or more. Thirteen teachers now on the High School staff have served the Brookline Public Schools for a total of 447 years or an average of 35 years each.

The Parent-Teacher Organization saluted these teachers for their many years of faithful service to the children of Brookline at the Back-to-School Night held in Roberts Auditorium on the evening of October 26. Dr. William Fishman, President of the Brookline High School Parent-Teacher Organization, presented to each of these teachers a citation on behalf of the P. T. O.: Francis T. Ball, teacher of physical education since 1924; Marian W. Bates, teacher of mathematics since 1929; Charles H. Bemis, teacher of physical education since 1925; Ada B. Deal, teacher of English since 1929; Thomas H. Hines, Director of Physical Education, who began his service to the Brookline Public Schools in 1920; Anne C. Egan, teacher of homemaking since 1913; Thomas E. Fitzgerald, athletic coach and teacher of mathematics since 1928; Leland G. Hollingworth, Director of Science, who has taught in the High School since 1924; Rachel L. Kelley, teacher of physi-

cal education since 1922; Carroll H. Lowe, teacher of science since 1930; Jane A. McCabe, teacher of social studies since 1929; Edward H. Merrill, Director of Social Studies, who came to Brookline High in 1930; and Muriel South, teacher of homemaking since 1930.

Mrs. Pinanski Honored

At the recent American Hospital Association Convention held in San Francisco, Mrs. Abraham E. Pinanski was one of four people who were admitted to honorary membership in the Association in recognition of outstanding contributions in the health field. Mrs. Pinanski is a member of five Boston hospital auxiliaries and has been instrumental in the growth of auxiliaries throughout the country. Her citation said: "Truly she has made auxiliary work a crusade." In addition, she is a member of the Corporation of Faulkner Hospital, the Board of Managers of the Boston Dispensary, the Board of Trustees of Beth Israel and Peter Bent Brigham Hospitals, and a consultant for the National Institute of Neurological Diseases and Blindness.

Citation to Kathryn L. O'Brien

At our June meeting we were delighted to honor Kathryn Louise O'Brien for her 38 years of service as a teacher in Brookline. The citation, signed by the nine members of the School Committee, read as follows:

KATHRYN LOUISE O'BRIEN

As representatives of the citizens of Brookline, the School Committee wishes to pay special tribute to you, Kathryn Louise O'Brien, on the occasion of your retirement as Head of the Department of Foreign Languages of the Brookline Public Schools.

Your creative and inspired teaching has enhanced the knowledge and broadened the horizons of generations of Brookline students.

Your sound scholarship and zest for your special field of French language and literature have engendered in your students an enthusiasm and love of learning.

Yourself an individualist, you have encouraged in your students the fullest development and expression of their unique talents and abilities.

Your understanding spirit and generous heart have given you a special place in the affection of your students; your humanity has reached far beyond the boundaries of your classroom.

Your original and searching mind has raised the profession of teaching to a fine art.

We know that your future work will reflect the same distinction, dedication, and vitality which have characterized your years in Brookline.

You have brought honor and luster to us all. We thank you and salute you!

Recognition of Robert J. Newbury

More than 400 parents, teachers, and alumni of the Edith C. Baker School honored Robert J. Newbury, Principal, at a dinner held in the school gymnasium on October 11, in recognition of his 20 years of service.

Mr. Newbury came to Brookline from a junior high school principalship in Norwood, prior to which he had been a principal in Needham and in Essex, Connecticut. He has been president of the Boston University School of Education Alumni Association, the Framingham Neighborhood Junior High School Principals Club, the Needham Teachers Club, the Norwood Teachers Club, and the Brookline Teachers Club, and is now President of the Massachusetts Association of Elementary School Principals.

Speakers at the dinner were Mrs. Lewis Fink, President of the Baker Parent-Teacher Organization, who presided; Mrs. Viola R. Pinanski, representing the School Committee; Rabbi Zev K. Nelson, representing the community; and Ernest R. Caverly, Superintendent of Schools. Right Reverend Monsignor Daniel F. Burke, pastor of the Church of the Infant Jesus, asked the blessing.

Mr. Newbury received a beautiful gold wrist watch, a token of the esteem in which he is held by the community.

Parent-Teacher Association Award

The Parent-Teacher Association of the Edward Devotion School is the winner of the first place Second Annual District Citizenship Award in recognition of the total program it has carried out during the past year, particularly the Family Life Discussion Group Project which it has sponsored. The purpose of this project, which was started two years ago, is to enhance family life at home and to gain deeper understanding and cooperation among parents and teachers. We congratulate our Devotion School Association for this recognition given by the Sears Roebuck Foundation, through a gift to the Massachusetts Congress of Parents and Teachers, for the most effective program of civic action during the school year 1959-60. The Parent-Teacher Association received a plaque and \$100 at the Fifty-first Annual Convention of the Massachusetts Congress of Parents and Teachers. Mrs. Lucille Ravven is President of the Association.

New School Physicians

During the summer, Dr. Maurice M. Osborne, Jr., who has been our school physician for the past five years, resigned to accept a new post in Palo Alto, California. He is now pediatric physician at the Lee Clinic and Assistant Director of Student Health at Leland Stanford University. We are happy to note his success though we regret his leaving the Brookline schools.

To succeed Dr. Osborne, Dr. Elaine K. Donnellan has been advanced from a part-time appointment to a full-time responsibility. She was number

one in her class at the McGill University Medical School, and, following several years of internships and residencies, she has been appointed to the staff of the Children's Medical Center and of the Robert Breck Brigham Hospital. She is an instructor in pediatrics at the Harvard Medical School.

The new part-time physician is Dr. Manuel Ingall, a graduate of Boston University Medical School with internships and residencies at Boston City Hospital and at the Rochester University Medical School.

Fifty-Star Flags Presented

At the Memorial Day exercises a fifty-star flag was presented to each school by Brookline Post, No. 11, American Legion, Charles P. Simmons, Commander, in memory of the late Commander Austin E. Rowe, U.S.N., husband of Mrs. Charlotte S. Rowe, teacher at the Pierce School. Mrs. Rowe took part in the ceremony at the High School.

Traffic Hazards Near the High School

Traffic hazards near the High School have long concerned us, particularly since Metropolitan Transit Authority buses from Chestnut Hill and from Cypress Street have traveled over Sumner Road and Tappan Street to the Brookline Hills Station. With the help of the Parent-Teacher Association of the High School and many interested citizens, and with the cordial cooperation of Thomas J. McLernon, General Manager of the Metropolitan Transit Authority, all bus service in this area has been eliminated, except for two buses which transport students from the southern part of the Town in the morning and return them after school. We consider this remaining service necessary to the proper operation of the High School.

The Cost of Education

The 1960 tax rate:

For schools	\$16.16
For other purposes	37.84

A review of the year's activities tells the story of substantial achievement. The Brookline Library was open the maximum number of hours for a library of this size. Very few libraries today are open on Sunday. Most of them restrict the use to reading only. In Brookline full service is provided for both adults and children at the Main Library on Sunday afternoons.

The library system consists of one central and three branch libraries offering both adult and children's services. In addition, it operates one high school and seven elementary school libraries. During the summer vacation service is provided on the playgrounds in cooperation with the Recreation Department. The handling and transportation of books throughout the system is a large operation. A daily express service between the Main Library and its branches and a weekly, between the Main Library and each of the school libraries were maintained by contract.

An increasing number of Brookline organizations use our public meeting rooms both at the Main Library and the Coolidge Corner branch. This combined with the library's programs keeps the rooms in continuous use.

The volume of library-branch transactions plus a substantial part of the information and reference questions of patrons are received and answered by telephone. We therefore require four trunk lines and sixteen telephone outlets to cover our system.

The turnover of staff was serious. The shortage of qualified personnel plus low salaries resulted in long vacancies in some key positions. Such circumstances create an overload for some members of the staff with the result that the quality of service is threatened and any new developments are impossible.

At the close of 1960 the total book collection was 278,242 volumes. An inventory that covered a three year period was completed in 1960 and shows a loss of 1,400 volumes in non-fiction. The loss for a five year period in

fiction was 282 volumes. An increasing problem that plagues all libraries is the loss of materials by carelessness and theft on the part of those who use the library.

The new Coolidge Corner branch building opened its doors for service on January 14, 1957. In that year it loaned 94,301 books—more than in any previous year. Each year since has shown a gain until in 1960 126,989 books were lent—a figure which represents 33 per cent of the total circulation of library materials. Reference work was continuous and the volume increased also. The Main Library showed a 5 per cent increase in the number of *books* borrowed; Coolidge Corner branch, 9 per cent and Chestnut Hill branch, 29 per cent. Putterham branch showed a slight gain in the five months before closing.

Thirty-four per cent (34%) of Brookline residents borrow books from the library. In 1960 eighth grade students were allowed adult library cards which contributed to an increase in the adult department. The number of non-residents requesting borrowing privileges increased by 24—the total is now 798.

On June 10th the Putterham branch library was closed temporarily after eleven years of service. Faced with eviction the trustees were unable to find suitable quarters until after the opening of the Baker School when through the generosity of the School Department a kindergarten room became available. Limited service was resumed December 1st. From July to December hours of service were extended at the Chestnut Hill branch and its book collection augmented with Putterham books. That this move was successful is proved by the unusually large gain in the use of the Chestnut Hill branch.

The new Putterham branch building, designed by The Architects Collaborative, is now under construction at the corner of West Roxbury Parkway and Bellingham Road. If all goes well, it will be ready for service by September, 1961.

Early in the year a collection of approximately fifty books was put on deposit in the Recreation Room in the Housing for the Aged under the supervision of the Housing Authority. They were most grateful for this service. A small but effective number of exhibits on timely subjects and representing varied interests was set up throughout the system. The art and music societies maintained a varied and interesting program throughout the year. Both of these programs are attracting increased support and are proving to be a real service to the Brookline community. Some booklists were made and distributed. Five successful discussion groups were sponsored. It is in this community service and in the behind-the-scenes activities such as inventory, overdue, and cataloging where the shortage of staff was keenly felt. In any shortage the service desks take priority.

A number of Brookline residents remembered the library's need for books and some very fine books were given. These are especially appreciated

because they are often titles that are no longer in print. We are grateful to those who have presented them.

Mr. Leon R. Eyges, a long time friend and promoter of the Library and one of its most active patrons, has bequeathed \$15,000 to the Town of Brookline for its public library. Mr. Eyges not only read widely and well but frequently gave the staff the benefit of his judgment. Many of his suggestions were enjoyed by a larger public. His thoughtfulness and generosity are greatly appreciated.

Even though handicapped by shortages in personnel together with an increased use and demand for service, plus the loss due to retirement of two valued staff members, the staff met the emergencies admirably. The year closes with a good book collection, building and equipment in good repair, and services maintained, the librarian and staff ready for the adventure of the year ahead.

The statistical sheets are appended. A full report of service to the schools will be published at the end of the school year.

APPENDIX

Printed at the request of the A. L. A. Committee on Library Administration

Annual Report for the year ending	December 31, 1960
Name of Library	Public Library of Brookline
Date of founding	March 30, 1857
Town, County, State	Brookline, Norfolk, Mass.
Name of Librarian	Elizabeth Butcher
Population served	54,044
Terms for use	Free for lending

Health

DIRECTOR OF PUBLIC HEALTH

LEON J. TAUBENHAUS, M.D., M.P.H.

HIGHLIGHTS OF 1960

1. Brookline's Housing Code becomes effective.
2. A nurse is added to the Nursing Home inspection team.
3. Training courses given for nursing home personnel.
4. Improved standards for Day-Care Centers.
5. Radiation training for sanitation personnel.
6. Supervision of radiation equipment within Brookline begins.
7. A Streptococcal Control Unit is established.
8. A rapid streptococcal diagnostic facility is developed.
9. As a result of research findings, restrictions on streptococcal contacts in the schools are altered.
10. 3113 more Brookline residents immunized against poliomyelitis.
11. Heaf testing for tuberculosis is established throughout all Brookline schools.
12. Re-evaluation of the Tuberculosis Control Program and the role of the Department's Chest Clinic in the light of new recommendations by the National Tuberculosis Association.
13. National recognition of Brookline's Health Department and Lions Club for their jointly sponsored continuing Glaucoma Screening program.
14. Pre-employment physical examinations for all new Town employees.
15. Community Council report favors fluoridation. Brookline Citizens Committee for Fluoridation formed.
16. Development of a research arm of the Health Department as a complementary activity to its service programs.
17. Effective use of outside resources to augment Brookline's on-going health programs.

PLANS FOR THE FUTURE

1. Replacement of Salk vaccine with oral polio vaccine.
2. Expansion of streptococcal control facilities to meet the needs of all community physicians.

3. Long-term epidemiological studies on the late sequelae of streptococcal infections.
4. Expansion of the present sight-saving program to include vision problems of younger age groups.
5. Specific screening programs for earlier detection of those chronic adult diseases which can be arrested or are amenable to therapy.
6. Coordination of local and metropolitan resources to help nursing homes raise their standards of patient care.
7. An effective program to prevent the spread of plantar warts in school children.
8. Fluoridation of Brookline's water supply.
9. Education of the public on the changing aspects of public health problems and their solutions.

ADMINISTRATION

The programs and activities of the Health Department must be coordinated with those of other municipal and metropolitan agencies so that the people of Brookline can have effective health services at a reasonable cost. To accomplish this, the department must be active in several administrative areas.

Community Attitudes

Brookline's population has shifted from a younger to an older one. (There are now 25,000 people over age 40 and 8,000 over age 65.) Health problems have also changed. Communicable diseases are well controlled and the major health problem of the 1960's is chronic, long-term, non-communicable, disabling disease. An essential step towards the solution of this problem is to acquaint the public of the new role of its health department. Public health is no longer the policeman in a white coat whose services are limited to the communicable disease patient or to helping the poor. Today's health department is the advanced guard against the crippling and disabling community health problems of the future. Support for the health department today will pay off in decreased disability and expense tomorrow. A good health department is a good investment for Brookline.

Balanced Programs

Citizen interest in health is a traditional American phenomenon. Much of the progress in public health has been due to the promotion of specific programs by voluntary health agencies. The interests of the public, however, demand that there be a balance of emphasis between the various public health programs of the Town. There will always be more demands for services than there are resources to supply them.

A balanced health program depends on long-range planning and effective utilization of all community resources. At times this means disappointing

a citizen group who feels that its particular health interest deserves the top priority. An effective Public Health Department must balance all the community health programs to best meet the needs of all the citizens. It must not yield to the pressures from sincere and well meaning citizens which would over-emphasize a single program.

Rules and Regulations

No new rules or regulations were promulgated during 1960. The Housing Code became effective August 1, 1960 and enforcement of these new standards has begun. One substandard dwelling was demolished in 1960 as a result of the new regulations. Standards for Radiation Safety have been developed and can be made into regulations as soon as they can be coordinated with the anticipated State Health Department Regulations. Revision of the food regulations is anticipated in 1961. Stringent enforcement of the Day Care Center regulations has resulted in improved Day Care agencies and in the installation of sprinkler systems when indicated.

Legislation

Attempts to weaken or usurp the powers of local government continue in the State Legislature. Two bills were introduced into the last legislature which were very detrimental to local health programs. The first was an attempt to remove the licensing power over Day Care agencies from local health departments and place it in the hands of the State Department of Public Welfare. This bill was defeated by the united efforts of local health officials. Its passage would have considerably lowered the standard of Day Care Centers in Brookline. The other bill successfully removed nursing homes from the legal definition of lodging houses and thus eliminated the main weapon of local control of the nursing homes. This bill was passed in spite of opposition from communities favoring local control. The helpless patients in the nursing homes will eventually suffer from this ill advised legislation.

Finances

Brookline's tax contribution to its health programs remains stable. The annual department budget and expenditures appear in the comptroller's report. All the research and professional educational programs of the department are financed by outside resources, but are beneficial to the Town as they result in more and better services to Brookline residents.

SERVICE

CHILD HEALTH

Infant and Pre-School Child

During the year 40 premature babies were born to Brookline parents. The Department granted \$679.00 for the hospitalization of 3 legally eligible premature infants. A telephone call is made to all families with a reported

birth, in order to spot those families needing assistance with the health problems of the newborn infant.

Approximately 599 children from limited income families attended the Well-Baby and Pre-School Conferences last year. About 400 children are on the active roll of these clinics at any one time. These clinics are operated by the Visiting Nurse Service, but are financed by the Health Department as a part of its Child Health program. Children attending these clinics also receive their dental care from the Health Department.

School Age Children

Approximately 8,000 public and parochial school children are covered by the case finding, environmental protection and health consultation services of the School Health program. Although physical examinations are conducted on school entrants and on all 4th, 7th, and 10th grade children, no significant findings were discovered which were not already known to the family and under observation or treatment.

The Heaf test, a new type of tuberculosis test, was introduced in two schools. 559 students participated (89% of the enrollment). The test was found to be rapid, easy, reliable and well-accepted. It will be used in all schools in 1961 replacing the less satisfactory patch test.

Vision and hearing tests are conducted annually throughout the public and parochial schools. 373 new cases of faulty vision and 84 new cases of hearing loss were disclosed in 1960.

The child with a health problem carries it to school. The school must continue to protect his health and at the same time maximize his education opportunity. Health counseling clinics are conducted in the individual schools to accomplish this objective. At these clinics students are referred to the school physician by the teacher, principal, or nurse. The child is then evaluated and an attempt is made on an individual basis to assure that the child's health problem has a minimum detrimental effect on his school work.

Poison Center Follow-up

Home visits by the Public Health nurse are made to selected cases referred by the Poison Center. At the same time the nurse checks for other public health problems in the household and, if any are present, aids in their solution. These visits are educational and designed to prevent repeated accidental poisonings in the same households.

Dental Services

There was a 28 per cent increase in preventive services rendered in the Dental Clinic in 1960. Administrative changes in the clinic organization and increased use of outside resources gained through field training has made this possible. Dental clinic services are offered to eligible children

through the fourth grade. High school children with major dental disabilities are referred to private dentists and operative clinics. Financial support for these cases comes from the Brookline Teachers Fund and the Health Department.

Our appointment system has been extended to give a duplicate record to the school and teachers as well as the patient.

HEALTH CENTER DENTAL CLINIC SERVICES

	1960	1959	1958

Other Treatments	9	128	264

Health Education

The division of Health Education is responsible for informing the community on matters of health and on Health Department programs. This is accomplished through the quarterly "Health Bulletin" which is distributed to every dwelling unit in the Town. 1960 was the 40th year of the Bulletin. This year's issues reviewed the progress of 50 years of Public Health in Brookline and featured specific health topics such as "Rescue Breathing", "Housing and Blight", and "Tooth Decay".

Much of the success of the Health Department has been due to its effective role as coordinator of the health activities in the town. The health educator plays a key role here by giving staff assistance to the many local voluntary agencies active or interested in public health programs.

Town Employee Program

This year the Department initiated routine pre-employment physical examinations on all new town employees. The feasibility of periodic exami-

nations is being studied. We continue to assist the Board of Selectmen and the Retirement Board in evaluating retirements on disability.

COMMUNICABLE DISEASES

Streptococcal Disease

The Brookline Streptococcal Control Program was started January 1960, to provide a rapid culture service for diagnosis of streptococcal disease and to discover modes of spread and the best methods for the control of streptococcal disease in the community. A pilot study was done in co-operation with 23 physicians treating Brookline patients. Of 669 cultures taken from ill persons, 184 were positive for streptococcus.

709 streptococcal contacts were cultured yielding 43 cases of unapparent infection. Free penicillin was given to those patients for whom treatment imposed financial hardship.

Throat cultures were again taken approximately ten days after treatment was completed to ensure eradication of the streptococcus. Urinalyses were performed to determine whether kidney damage had resulted from the infection and follow-up physical examinations were made to check rheumatic fever developing as a late complication. Electrocardiograms and chest x-rays were taken as part of these examinations to evaluate the cardiac status. Although statistical proof will not be available until a further lapse of time, our impression is that the early diagnosis and prompt treatment of streptococcal infection resulting from this program is associated with a lowered incidence of the serious heart and kidney complications of this disease.

Poliomyelitis

Brookline had no poliomyelitis in 1960 although there was an increased incidence of this disease in Massachusetts and neighboring states. The Department conducted 6 immunization clinics, at which 3,113 polio shots were given to Brookline residents of all ages. Many more residents received their immunization from private physicians.

COMMUNICABLE DISEASES REPORTED

1960, 1959, 1958, 1957, 1956

	Tuberculosis	8	11	10	6	12

Tuberculosis

Annual Tuberculin testing of all school children serves as a reliable index of the efficacy of the Town Tuberculosis Control Program. This year the Heaf test which is more reliable and simpler was used in place of the less acceptable Patch test.

There were 27 active cases and 8 deaths due to tuberculosis in 1960, 11 cases of tuberculosis remain in the hospital. The control program for this disease is based on an intensive case finding program, hospitalization of infectious cases, and out-patient treatment and follow-up of all known cases not in a hospital. In the case finding program 1436 adults were X-rayed leading to discovery of 3 active cases. Of the 5,589 children tuberculin tested 26 new reactors were revealed, leading to the discovery of 1 additional case.

Today, active tuberculosis cases are primarily due to recurrence of old, healed tuberculous lesions in the older adult. A study was conducted in Brookline under the auspices of the Brookline Anti-Tuberculosis Society, and the Massachusetts Department of Public Health to find more effective means of reaching this age group. Likewise, plans were developed, with the aid of the Norfolk County Tuberculosis and Health Association to do more for those cases that have become respiratory cripples as a result of advanced tuberculosis.

Other Chest Conditions

In addition to tuberculosis, the chest X-ray also reveals the presence of other chest diseases. All such cases are referred to their physician or to a clinic for further care.

X-rays were taken on 1,436 people. From this group one case of lung tumor, 38 cases of heart disease, and 59 cases of other lung diseases were revealed.

CHRONIC DISEASES

Diabetes

8 new cases of diabetes were discovered among the 62 new patients tested in the Diabetes Clinic. Free diabetes tests are available to any Brookline resident on appointment. When definite or suspected cases of diabetes are found, they are referred to their own physicians or local clinics for further care.

Glaucoma

12 cases of glaucoma were discovered at the Town's Glaucoma Screening Clinic during 1960. As the year ended 76 people were still being studied for possible glaucoma. The clinic jointly sponsored by this Department and the Brookline Lions Club, screened 590 Brookline residents during 1960.

The clinic has attracted attention throughout Massachusetts and the nation. Screening programs patterned after Brookline's are now being conducted in 9 other Massachusetts communities, and similar programs are contemplated in four other towns and cities. The Brookline Glaucoma Service was featured as a model community program at a Vision Conservation Conference in Portland, Oregon.

LABORATORY

The laboratory is a vital bastion in the fight against disease. Although its activities are primarily conducted behind closed doors, it serves as an intelligence center whose information directs many disease control activities.

1,194 tests were made on Brookline's water to assure its high quality. Milk and milk products are also tested. A total of 3,529 chemical and bacteriological tests were performed on milk and ice cream samples. Any deviation from normal standards was followed by an inspection of the plant and distribution system. Restaurant utensil bacteriological plate counts are taken monthly as part of the restaurant sanitation program. 1,818 such tests were conducted.

To assist physicians in clinical diagnosis, 69 smears were examined for various diseases, 143 blood tests and 559 urine tests were made for diabetes and 559 urine tests were made for renal disease.

ENVIRONMENTAL SANITATION

Regulations establishing minimum standards of fitness for human habitation which were adopted in 1959 became effective August 1, 1960. In addition a section of the state sanitary code establishing state-wide minimum housing standards became effective October 1, 1960. Where provisions of the

state code are stricter than the Brookline standards, the state standards prevail and are enforced by the town. Enforcement of the new standards has been on a complaint basis but saturation inspection of selected areas will begin in January, 1961.

Additional requirements for safe means of egress and adequate means of preventing the spread of fire were imposed on all Day Care centers. Certification by the Building Commission indicating compliance with the safety requirements is a prerequisite to licensing by the Health Department.

Routine monthly sanitary inspections of restaurants and other types of food establishments, including bacteriological testing of utensils, continues. There were no confirmed outbreaks of food poisoning or infection reported during the year.

Mosquito control activities were carried out by the East Middlesex Mosquito Control Project, of which the Sanitary Engineer is a Commissioner. 1960 was an average year for mosquito prevalence and control measures were adequate. Again special attention was given to control of the *Culiseta melanura* mosquito, suspected carrier of equine encephalitis.

Convalescent and rest homes are inspected quarterly and lodging houses at least semi-annually. Recent legislation exempting such homes from licensing by the town as lodging houses is not expected to affect the inspection program since health department approval is required for state licensing. Inspections cover medical and nursing care in nursing homes as well as sanitation and safety.

Other inspectional programs covering insect and rodent control, swimming pools, keeping of fowl and animals, massage establishments, open air parking spaces and nuisances have continued without change. Collection of samples of water, milk and ice cream for bacteriological testing continues.

VETERINARY SERVICES

A part-time veterinarian is employed by the Department to investigate and prevent the spread of diseases from animal to man. Dog bites continue to be a major health problem. Although there has been no rabies in Massachusetts for a number of years, all biting dogs are quarantined, or if killed their heads are examined. Vaccination of all pets against rabies is still imperative and the only method of preventing a recurrence of this disease.

EDUCATION

Although the personal services offered by the Health Department are the tangible activities noticed by the public, the Health Education and Training Programs of the Department are equally important. The prevention of chronic diseases and the maintenance of adult health can only be achieved through individual as well as public effort. Health education in public health

is as important a tool today as is the needle in protection against tetanus and diphtheria.

The formal public health training programs carried out by the Department bring to the community additional services and give greater assurances of high quality service. For example: through the Dental Public Health Training Program of Forsyth School of Dental Hygienists in which the Department participates, the Town received 3,500 hours of Hygienist services in its Dental Clinic. Likewise, the use of the Brookline Health Department as a Public Health Field Training Unit by the Harvard Schools of Public Health and Dental Medicine, Tufts Dental School, Simmons College, Boston University School of Nursing and the Boston Dispensary has brought to the Health Department outstanding professional personnel to aid in the development and evaluation of its programs. Student research projects carried out in the Health Department have yielded valuable information which has improved specific programs. A study of Dental Clinic eligibility by a Doctoral candidate of the Florence Heller Graduate School of Social Work has led to a joint research project on this subject by the Department and Brandeis University which will be financed by the U. S. Public Health Service and The Medical Foundation, Inc.

The use of the Department as a field training center in Public Health is an outstanding feature of the Brookline Health Department. It has brought the Department to the attention of health experts throughout the world. Outstanding Public Health authorities from Brazil, Cuba, Venezuela, Puerto Rico and Lebanon visited the department in 1960.

The major benefit derived by the town from the Department's formal educational program is the improved services and the funds invested by outside agencies for demonstration and research projects with Brookline. This is possible because of the flexibility of facilities offered by the Stephen G. Train Health Center. If, at any time in the future, the space in the Health Center is monopolized by a single agency or program and this flexibility is eliminated, the Department and the Town will be the losers.

Formal in-service training programs continue to keep department personnel up-to-date on current developments in Public Health. An orientation program on Fluoridation was presented to all the staff of the department. A Dental Manual for school nurses was developed. Regular meetings of the Sanitation Staff were conducted.

Staff members participated in a number of the teaching programs of academic institutions. Papers by members of the professional staff were presented at a number of national, regional, and state meetings during the year.

RESEARCH

Research is the fourth leg of an effective Health Department. It plays a role equal in importance to administration, education, and service. It is

through research that a Health Department maintains its leadership. It is also through research that the current Public Health problems are solved and new techniques and programs developed. Since the results of the research conducted by the Health Department may benefit the nation as a whole, it is proper that outside financial support for research projects be accepted. \$40,000 in outside funds was granted to Health Department research and demonstration programs in 1960.

Aging Utilization Study

Financed by U.S.P.H.S. Research Grant RG 6609, the Department has been studying the patterns of utilization of health and allied resources by older Brookline residents. A random sample of 604 residents over age 65 has been interviewed and data from these interviews is now being processed. It is the purpose of this study to determine and evaluate those factors which influence the utilization of health and allied services by the older person. This knowledge will be a valuable aid in insuring efficient utilization of future services planned for the senior citizen. These results will be helpful not only to the Health Department, but to other Brookline Agencies as well as similar agencies throughout Massachusetts and the nation.

Dental Research

Several independent studies in the area of dental health have begun during the latter part of 1960. These include:

(A) — A study of topical fluorides to compare the regular sodium fluoride applications with phosphate fluoride, a new compound for use in topical treatments.

(B) — A study of the modified incremental dental care plan used in our dental clinic.

(C) — A detailed study of our present clinic population and of eligible families not using our services. This latter study, "Interpersonal Factors Associated With The Utilization of a Public Health Dental Clinic", will be done in conjunction with Brandeis University. Out of this study we hope to integrate our clinic services with those of the practicing dentist and thus assure adequate dental care for a larger segment of the community.

Streptococcal Research Program

The main research objectives of the Streptococcal Control Program are to measure the degree and mechanism of spread of this disease within the family and the school, to determine the importance of the streptococcal carrier state, and to discover the incidence of rheumatic fever and glomerulonephritis as late complications.

During the pilot study, carried out in 1960, we found that family contacts of patients ill with streptococcal disease was lower than anticipated. The overall secondary infection rate was 7.4% being 3.6% in adults and

11.2% in children. The presence of tonsils was associated with a four-fold increase in incidence of streptococcal disease. Adequate treatment prevented rheumatic fever, one of the two serious complications following streptococcal infection. However, 14% of patients showed transient blood in the urine, although none presented the clinical signs of nephritis.

Two practical applications from the research study have already taken place. As the rate of secondary infection was no higher among family contacts than the carrier rate in the community at large, restrictions regarding school attendance and family contacts have been relaxed. Use of the culture service to determine which contacts are streptococcal carriers has decreased indiscriminate use of penicillin.

This project was initially supported by a grant from Charles Pfizer & Co., Inc. It is now being financed under contract SA pn 76297 of the U.S. Public Health Service.

Natural Resources and Recreation

COMMITTEE ON PLANTING AND PRESERVATION OF TREES

G. PEABODY GARDNER, *Chairman*

EDWARD DANE

HENRY W. MINOT

A summary of all roadside trees was undertaken and completed the past year.

The hurricane of September 19, 1960 caused considerable damage, but not as bad as was anticipated.

We are happy to report that only 13 roadside trees were found to be infected by the Dutch Elm Disease. This compares with 23 last year and 60 in 1953, the worst year. There also appeared to be far fewer elms affected on private property but an accurate count was not possible as the devastation caused by the hurricane limited our usual thorough scouting. This encouraging improvement so far as Dutch Elm Disease is concerned was partially offset by a very heavy incidence of elm leaf beetle damage which may well have weakened the elms affected and made them more vulnerable to Dutch Elm Disease.

The trees on the following streets were pruned during the year.

Powell Street	Centre Street
Amory Street	Williams Street
Parkman Street	Shailer Street
Browne Street	Winchester Street
St. Paul Street	Williston Road
Dwight Street	Dudley Way
Babcock Street	Longwood Mall
Devotion Street	South Street — Liquid Ambers
Naples Road	Fairway Road
Gibbs Street	Hilltop Road
Freeman Street	Newton Street, cor. Princeton Road
Thorndike Street	Newton Street, cor. Goddard Avenue
Clarence Street	Jefferson Road
Abbottsford Road	Carey Road
Harvard Street	Randolph Road

Kenwood Street
Fuller Street
Coolidge Street

Clinton Road — Linden trees
Warren and Walnut Streets

223 trees were planted in 1960:

2 White Birch	1 Hawthorn Pink
21 Buisman Elm	2 Tulip
8 Pin Oak	1 Cleveland Maple
7 Red Maple	3 Little Leaf Linden
77 Schwedler Maple	6 Columner Maple
10 Liquid Amber	5 Hawthorn
18 Plane	9 Norway Maple
6 Oxydendron	2 Horse Chestnut
8 Red Oak	15 Maple
2 Hoppa Crab	4 Elm
14 Linden	2 Cherry

HURRICANE DONNA

The following town owned roadside trees were damaged by the storm and required complete removal:

American Elm tree — Beacon Street, opp. 1146 Beacon Street
American Elm tree — 45 Harrison Street
2 American Elm trees — Walnut Hill Road corner Grove Street
Chinese Elm — 3 Thornton Road
Chinese Elm — 278 Bonad Road
Chinese Elm — 186 Bonad Road
Chinese Elm — 83 Bonad Road
Chinese Elm — 97 Willard Road
Chinese Elm — Beverly Road
3 Chinese Elms — Willard Road
Red Maple — 50 Stedman Street
Red Maple — 333 Lee Street
Norway Maple — 126 Lancaster Terrace
Norway Maple — 70 Francis Street
Norway Maple — 1040 West Roxbury Parkway
Norway Maple — 92 Toxteth Street — Crescent and Cleveland Roads
Norway Maple — High Street corner Irving Street
Rock Maple — 154 Hyslop Road
Rock Maple — 23 Leicester Street
Rock Maple — 26 Channing Road
Rock Maple — 93 Dean Road

Rock Maple — Weybridge Road, near Washington Street
Tulip Tree — Spooner Road
Pin Oak — Leland Road corner Pauson
Red Oak — Riverdale
Red Oak — Anderson Park
Kwanzan Cherry — Newton Street corner LaGrange Street
Weeping Willow — Anderson Park
Little Leaf Linden — Corner Somerset and Welland Road

The following private trees were felled on town property and required removal.

American Elm — 9 Stetson Street
3 American Elms — Warren Street and Welch Road
Locust — 58 Welch Road
2 Locust — Gibbs Street corner Fuller Street
1 Red Oak — Rear of 269 Lee Street
Norway Maple — Lancaster Terrace corner York Terrace
Rock Maple — 224 Aspinwall Avenue
1 Red Maple — 25 Cottage Street

BROOKLINE RECREATION COMMISSION

AUGUSTUS W. SOULE, *Chairman*

F. GREGG BEMIS

THOMAS P. KENDRICK, M.D.

MILTON LINDEN

FRANK T. LALLY

Early in the year Mr. Frank T. Lally was appointed to the Commission filling it out to five members.

In September the Town took title to the Rivers School property completing the arrangements made in 1959. The activities previously carried on at the Chestnut Hill Recreation Center were transferred to the Rivers lower school and the old building was torn down.

The Chairman was greatly honored by the Selectmen when they officially named the new playground the Augustus W. Soule Recreation Center in recognition of his thirty-two years' service to recreation in Brookline, the last eighteen years as Chairman of the Commission.

During the year the Lowell Playground was sold for over \$350,000 and will be developed commercially to bring in a substantial tax revenue each

year to the Town, thus completing seven or eight years of planning to improve the recreational facilities in that part of Brookline and at the same time to secure a large increase in the taxable property in the Town.

In 1960 the new Park Commission of three, appointed by the Selectmen, included one already a member of the Recreation Commission and we welcome and heartily approve this way of assuring the closest possible co-ordination between the two boards which have so many matters of common concern.

SUPERINTENDENT OF RECREATION

JAMES J. LYNCH

The staff has endeavored to provide an interesting and varied program for all age groups during the past year.

Space does not permit but a brief summary of the programs conducted. Special attention is called to those activities which are either new or those which show expansion. They are as follows:

1. A Mental Health course was conducted for professional recreation employees in co-operation with the Brookline Association for Mental Health. The objective of this course was to assist in a better understanding of child behavior.
2. Weekly staff meetings of the professional workers were held as a part of the department's In-Service Training Program.
3. Members of the staff served on the State Council for the Aging in preparation for the White House Conference.
4. In line with the National Physical Fitness Program, as advocated by President Eisenhower, additional exercise classes for girls and women have been added to the program. This includes a women's morning group at the new Soule Center. Attendance at the long-established women's class at the Municipal Gymnasium has increased and is now at capacity.
5. Interest and attendance in the dramatics class for children has increased.
6. A town-wide "Learn to Swim Campaign," which included 398 pupils from the sixth, seventh and eighth grades of both the public and parochial schools, was conducted prior to the summer season.

7. The first annual summer playground swimming meets for boys and girls respectively were conducted at the pool and proved highly successful with excellent participation from all playgrounds of the Town.
8. The Third Annual New England Athletic Amateur Union National Age Group Swimming Meet had nearly 800 participants. This was more than was entered in either of the previous meets. Through the efforts of members of the Recreation Department staff, Mr. Alexander Houston and the many officials who volunteered their services, and last but by no means least, because of an excellent swimming facility, the meet was a great success. Special thanks go to the Golden Age Club members who prepared and served luncheon at cost to the participants and officials.
9. Greater interest is being shown in the tennis program conducted by the department at every age level. Participation in the Town tournament for men and women was greater than ever before as was that for boys and girls in the summer playground program, 161 participating in the adults' tournament. A tournament for members of the Fire and Police Departments was an innovation this past year.

The department is grateful for receiving from the Bay State Raceway Association a grant, as recommended by the Board of Selectmen, for the purchase of much needed equipment for the Golden Age Club.

The School Department, continuing its fine co-operative relationship with the Recreation Department, made available its excellent facilities at the Heath School for the annual Golden Age Thanksgiving dinner party. All agreed this was the most successful dinner the Club has ever had, due in no small measure to the wonderful acoustics, the excellent food and general atmosphere of the beautiful Heath School facilities.

Perhaps the most outstanding event of the year for recreation was the acquisition by the Town of the Rivers School property on Heath Street to replace the Lowell Playground which was sold and the abandoned Chestnut Hill Center. This large, attractive, new area was named the Augustus W. Soule Recreation Center to commemorate the many years of service which Mr. Soule has rendered to the Town and particularly to recreation.

It more than replaces the facilities at Lowell Playground with a recreation center, a gymnasium, a skating rink and multiple play area, a small tots' area, a playfield and other smaller buildings for storage, etc.

There has been a reorganization of the three hockey leagues into different age groups to allow for the inclusion of younger boys who make up the largest number of participants.

The following are the tables of attendance and receipts for the year ending December 31, 1960:

RECEIPT FIGURES — 1960

Morning Play Service Charge	\$ 5,428.37
Sale of Bathing Caps	214.00
Swimming Pool Fees	6,781.80
Roller Skating Fees	458.25
Subsidy from the State for milk used by the Morning Play Groups	576.00
Ice Skating Fees	182.25
Non-Resident Gymnasium Fees	25.00
Tennis Fees	31.50
TOTAL	\$13,697.17

GYMNASIUM ATTENDANCE — 1960

Total Gymnasium Attendance	59,702
----------------------------------	--------

SWIMMING POOL ATTENDANCE — 1960

Total Swimming Pool Attendance	82,962
--------------------------------------	--------

SHOWER ATTENDANCE — 1960

Total Brookline Avenue Showers	11,987
Total Eliot Showers	4,103
Total Gymnasium Showers	27,929
TOTAL	44,019

RECREATION CENTER ATTENDANCE — 1960

Total Brookline Avenue Recreation Center Attendance	22,877
Total Eliot Recreation Center Attendance	38,142
Total Soule Recreation Center Attendance	19,520
Total Baker Evening Recreation Attendance	630
Total Heath Evening Recreation Attendance	455*
Total Lawrence Evening Recreation Attendance	1,187
Total Lincoln Evening Recreation Attendance	3,147
Total Pierce Evening Recreation Attendance	1,215
Total Golden Age Attendance	14,000
TOTAL	101,173

*October 21st through December 30th.

Life saving, swimming and diving instruc- tion.

BOARD OF PARK COMMISSIONERS

WILLIAM B. HICKEY, *Chairman*

MILTON LINDEN

HENRY W. MINOT

For the first four months of the year the Park Commissioners were: Messrs. Thomas J. Connelly, James M. Kendrick and Constantine S. Christopher. In May under a partial reorganization of Town Government, authorized by Chapter 441 of the Acts of 1959, the Selectmen appointed Milton Linden, who is also a member of the Recreation Commission, Henry W. Minot, who is also a member of the Committee on Planting Trees, and William B. Hickey, a former member of the School Committee, as the Park Commissioners.

Regular monthly meetings were held on the second Monday of each month and special meetings as required. A joint meeting was held with the Selectmen; a joint meeting was held with the Committee on the Structure of Town Government, and at a special meeting, Mr. Justin Gray, Town Planner, outlined the plans for the renewal of North Brookline. Close liaison was established with the Recreation Commission and with the Committee for Planting Trees through our Commissioners who are members of those Boards.

The major portion of the new Board's activities was concerned with the long and short range policies and plans of the Board. A system of analyzing and evaluating all properties under the jurisdiction of the Board was initiated. Plans for the development of Anderson Park were prepared for submission to the Town Meeting.

In July, a report was submitted by Charles M. Evans and Associates, Consultants in Public Administration and Finance, of Boston, Massachusetts, on an "Administrative Study of the Park and Forestry Departments" as a result of a contract dated November 1959. This report contained some fifty recommendations concerning the staff and organization, accounting, equipment, physical plant, and operating procedures of the Park and Forestry Departments.

Superintendent of Parks and Forestry, Daniel W. Warren, Jr., was elected President of the American Institute of Park Executives, an international professional organization consisting of over 3,000 park and recreation executives.

The Department work load has increased the past year with the opening of the new Heath School, the acquisition of Rivers School property, the opening of the new Dane Park and the ever-increasing demands of the citizens for more and varied recreational activities. Despite the increased work load the permanent staff has been decreased. It is the policy of the Board to provide more supervision and to make greater use of temporary employees.

The Anderson Park Ice Skating Rink has continued to receive extensive use. More than 3,200 used the Rink during the week-end of December 4, 1960, setting a new record. In addition to Anderson Park ice-skating facilities were provided at Baldwin, Beacon, Brookline Avenue, Cypress, Devotion, Driscoll, Eliot, Lawrence and Robinson Playgrounds. The following summary shows attendance and receipts at Anderson Park Ice Skating Rink:

ANDERSON PARK ICE SKATING RINK

A new landscape design of Griggs Field has been approved by the Board which will provide for designated play areas and separated park areas for passive recreation.

Activity at the golf course continued to increase. The golf course operation showed a larger gross income than in any prior year. Studies have been undertaken to determine what modifications of the course might bring about better design and at the same time might facilitate and speed up play. The following summary shows the operation of the golf course during the year:

PLAY AT THE GOLF COURSE

	Resident	Non-resident	Twilight	Totals
Transient	8,702	5,907	3,104	17,713
Membership	27,707	9,177		36,884

Welfare and Veterans Services

BOARD OF PUBLIC WELFARE

ALAN R. MORSE
 GEORGE V. BROWN, JR.
 MATTHEW BROWN
 THOMAS J. NOONAN
 LOUISE M. CASTLE

During the year a new category was added to the Welfare program in implementation of the Federal Medical Assistance legislation recently adopted by the Congress. While providing some financial assistance in this area, local appropriations will also be required to match these payments to the aged groups who qualify.

Attention is called to the accompanying report of the Department in which the various activities are more fully explained.

SUMMARY OF APPROPRIATIONS AND EXPENDITURES

	Appropriated 1960	Expended 1960	Recommended 1961
General Relief Division			
Personal Services	\$ 37,599.00	\$ 37,585.44	\$56,450.00
Relief	40,000.00	27,726.88	35,000.00
		<hr/> \$65,312.32	<hr/> \$91,450.00
Aid to Dependent Children			
Aid	40,000.00	34,924.82	50,000.00
Old Age Assistance			
Assistance	590,000.00	503,689.12	220,000.00
Disability Assistance			
Assistance	70,000.00	89,783.95	110,000.00
Medical Assistance for the Aged			
Assistance		76,310.88	335,000.00

RECAPITULATION OF MAJOR OBJECTS OF EXPENDITURE FOR ENTIRE DEPARTMENT

	Appropriated 1960	Expended 1960	Recommended 1961
Personal Services	\$37,599.20	\$37,585.44	\$56,450.00
Assistance	776,918.00	767,070.23	782,500.00
	<hr/> \$814,517.20	<hr/> \$804,655.67	<hr/> \$838,950.00

DIRECTOR OF PUBLIC WELFARE

CLIFFORD W. COOK

The constant reduction in caseload in the Old Age Assistance category of Public Assistance continued during the year. This decrease was not reflected in expenditures, however, due principally to the increasing cost of medical care.

There was a steady increase through the year in the number of cases and the amount of expenditures in the category of Disability Assistance.

Aid to Dependent Children and General Relief continued with no significant changes.

Medical Assistance for the Aged, a new category of Public Assistance, became effective October 1, 1960.

This new program, with Federal and State financial participation, is to be administered by local Boards of Public Welfare, to provide medical care for those over sixty-five years of age in accordance with standards of eligibility established by law, and rules and regulations of the State Department of Public Welfare.

MONTHLY CATEGORICAL SUMMARY OF CASES RECEIVING ASSISTANCE

	O.A.A.	A.D.C.	D.A.	G.R.	M.A.A.	Total
January	672	58	68	19		817

VETERANS SERVICES

JOHN T. CONNOR, *Director*

This Department operates under Chapter 115 of the General Laws of Massachusetts as amended, which provides financial assistance to needy veterans and their dependents.

Services of all descriptions were rendered with a substantial increase in volume. Due to labor strikes, the present recession causing unemployment, illness of the wage earner, increased hospitalization and convalescent care, caused a constant increase in the case load. To keep pace with the higher costs of living, new budgets became effective October 1, 1960. Medical fees have increased, also Out-Patient treatment and Visiting Nurse Service. Many veterans on retirement may receive a small pension which in many cases is inadequate and must be supplemented by this Department.

Each application for financial assistance is given careful consideration and the information received is closely guarded to protect the applicant. The monies expended by this Department for financial aid is reimbursed fifty per cent on Town settled cases by the State Department of Veterans' Services. State settled cases are reimbursed in full.

Throughout the year, this Department has acted as a liaison between the Veterans Administration and the Veteran, which is a major function. The usual applications for pensions, compensation, hospitalization, income questionnaires, insurance information and Out-Patient treatment were processed.

On July 1, 1959, the "Veterans Pension Act of 1959" went into effect. Many World War II and Korean War Widows, as well as their children, not eligible previously, were benefited by this Act, which provides a pension, geared to income, to the unremarried widow, whose veteran husband did not die of a service-connected or aggravated condition. World War I veterans and their widows were advised as to their rights under the new statute.

As has been the custom on Memorial Day, a Parade was held, preceded by a detail of the Brookline Police Department and its Auxiliary, following in sequence were units of the United States Army, Navy and National Guard, Veterans of Foreign Wars, American Legion, Jewish War Veterans, Disabled American Veterans and their Auxiliaries. Five bands took part, including Brookline High School Band and St. Mary's Drum and Bugle Corps. Suitable exercises to commemorate the sacrifices made by the Brookline men and women were held at the Civil War Monument on grounds of the Brookline Public Library, the new Soldiers' Monument at the Town Hall, the Walnut Street, Walnut Hills and Holyhood Cemeteries. As in previous years, the graves of our veterans in the Brookline cemeteries were decorated with an American flag and new markers placed or replaced if lost.

Finance

BOARD OF ASSESSORS

JAMES H. HENDERSON, *Chairman*

SCOTT McNEILLY

DAVID B. CHURCH

The Assessors submit their report for the year 1960.

The Board has consisted of the following members: James H. Henderson, David B. Church, and Scott McNeilly. At the last town election, Scott McNeilly was elected for three years. Mr. James H. Henderson was chosen chairman of the Board.

The net amount to be raised by taxation was \$102,275.10 less than in 1959.

The total valuation of the town was increased \$3,147,900. The rate was fixed at \$54.00.

The following tables give comparative details of the town's valuation and tax rate figures for 1959 and 1960

COMPARATIVE VALUATIONS

	1959	1960	Increase	Decrease
Land	\$ 47,814,200	\$47,608,900	\$ 205,300

 \$18,770,537.44.

FUNDED DEBT

At the Special Town Meeting, May 28, 1957, it was

VOTED: To appropriate the sum of one million dollars (\$1,000,000) to be expended by the Building Commission with the approval of the Selectmen and of the School Committee for the construction of a new Heath School on the site of the present Heath School, to accommodate approximately 325-350 pupils.

VOTED: That the Treasurer be authorized when so directed by the Selectmen, to borrow nine hundred fifty-five thousand dollars (\$955,000) of the amount appropriated by the preceding vote for the construction of a new Heath School on the site of the present Heath School as described in the preceding vote. Bonds or notes shall be issued therefor, shall be signed by the Treasurer, countersigned by a majority at least of the Selectmen, and certified by a National Bank or Trust Company designated by the Selectmen. Such bonds or notes shall be made payable in such annual payments beginning not later than one year after the date thereof as will extinguish the same within twenty years from their date. The balance of the amount appropriated by the preceding vote, i.e., forty-five thousand dollars (\$45,000) shall be taken from available funds in the Treasury.

Under the preceding vote, there was borrowed on October 8, 1958, eight hundred and fifty thousand dollars (\$850,000) from L. F. Rothschild & Co., American Securities Corp. and Shearson Hammill & Co. on their bid of 100.176 and accrued interest for 2.90% bonds. 850 bonds were issued dated October 1, 1958 bearing 2.90% coupons and designated Heath School Bonds (HS1-850) and maturing as follows:

\$50,000 annually 1959-1975.

On November 30, 1960, there was borrowed one hundred five thousand dollars (\$105,000) from the Brookline Trust Co. on their bid of 100.11 and accrued interest for 1.70% bonds. 105 bonds were issued dated December 1, 1960 bearing 1.70% coupons and designated Heath School Bonds (HS851-955) and maturing as follows:

\$35,000 annually 1961-1963.

At the Annual Town Meeting, March 18, 1959, it was

VOTED: To authorize the Selectmen to purchase or take by eminent domain under Chapter 79 of the General Laws, for recreational purposes, a certain lot of land on the easterly side of Hammond Street and the south-westerly side of Heath Street and westerly side of Woodland Road, designated on the 1958 Assessors' Plan as Block 432, Lots 8-9, 27-30 and known as the Rivers School, and to raise and appropriate the sum of one hundred ninety thousand dollars (\$190,000) to pay for the same or to be used for the payment of land damages or other costs and expenses to be used

for the payment of land damages or other costs and expenses incidental to such purchase or taking.

VOTED: That the Treasurer be authorized when so directed by the Selectmen to borrow one hundred forty thousand dollars (\$140,000) of the amount appropriated by the preceding vote for the acquisition of a certain lot of land on Hammond Street, Heath Street and Woodland Road for recreational purposes. Bonds or notes shall be issued therefor, signed by the Treasurer, countersigned by a majority, at least, of the Selectmen and certified by a National Bank or Trust Company designated by the Selectmen. Such bonds or notes shall bear interest payable semi-annually and shall be made payable in such annual payments beginning not later than one year after the date thereof as will extinguish the same within thirty (30) years from their date. The balance of the amount appropriated by the preceding vote, i.e., fifty thousand dollars (\$50,000) shall be raised in the 1959 Tax Levy.

Under the preceding vote there was borrowed on July 19, 1960, one hundred forty thousand dollars (\$140,000) from the Rockland-Atlas National Bank of Boston on their bid of 100.199 and accrued interest for 2¾% bonds. 140 bonds were issued dated August 1, 1960 bearing 2¾% coupons and designated Rivers Park and Playground bonds (RPP1-140) and maturing as follows:

\$20,000 annually 1961-1967.

TEMPORARY LOANS

Under authority of the vote passed by the Annual Town Meeting on March 29, 1960, there was borrowed: \$1,000,000 from The First National Bank of Boston at 2.02% discounted. Notes Nos. 1347-1370 were issued April 11, 1960, payable October 7, 1960. \$1,000,000 from the Rockland-Atlas National Bank of Boston at 1.90% discounted. Notes Nos. 1371-1389 were issued May 23, 1960, payable October 21, 1960.

COMPTROLLER'S REPORT

FOR THE YEAR ENDING DECEMBER 31, 1960

ARTHUR H. MacKINNON

Brookline, Mass., January 31, 1961

To the Honorable Board of Selectmen

Gentlemen: — In compliance with the provisions of General Laws, Chapter 41, Section 61, I herewith submit to you the sixty-fourth annual report for the Comptroller's Department.

I have examined the accounts of Matthew S. McNeilly, Town Treasurer and Collector for the fiscal year ending December 31, 1960, and have verified the cash balance by actual count of the cash on hand and by reconciliation of bank balances. An analysis of his accounts as Collector is shown in the accompanying Schedule A, "Summary of Collector's Accounts."

His accounts as Treasurer of the various Trust Funds of the Town have been examined and the securities and savings accounts have been checked and found to be in accordance with the accompanying Schedule H, "Trust Funds Accounts" and Schedule I, "Trust Funds-Income Accounts". This examination included the securities and savings accounts of the Brookline Retirement System as set forth in Schedule J, "Brookline Retirement System — Investments". I specifically call your attention to the footnotes following Schedule H.

Details of financial transactions of the Town are set forth in the accompanying schedules:

- A — Summary of Collector's Accounts.
- B — Balance Sheet.
- C — Special Assessments Revenue Not Yet Due.
- D — Statement of Funded Debt.
- E — Changes in Town Debt.
- F — Statements of Appropriations and Expenditures.
- G — Schedule of Departmental Receipts and Disbursements.
- H — Trust Funds Accounts.
- I — Trust Funds — Income Accounts.
- J — Brookline Retirement System Investments.
- K — Assessed Valuation of Town Property.
- L — Schedule of Tax Levies and Tax Collections, 1950-1960.
- M — Schedule of Bonded Debt and Assessed Valuations, 1950-1960.
- N — Schedule of Valuations, Tax Rates, Expenditures and Debt (1880-1960).

Respectfully submitted,
ARTHUR H. MacKINNON,
Comptroller.

NOTES:

(1) It will be noted that the amounts shown in these schedules as the "Total Capital Account" and the "Total Income Account", both as of December 31, 1959, are not in some cases in agreement with the amounts shown in the Comptroller's Report for the Year Ending December 31, 1959, although the combined totals are in agreement. Adjustments have been made in these accounts to reflect the proper amounts of capital and unexpended income. In making these adjustments all net gains on sales of securities, over the life of the trusts, have been added to the Capital Accounts. In cases where such sales of securities have resulted in net losses, such losses have been deducted from capital and the Capital Accounts have been or are being replenished from income.

In determining the net gains or net losses on the sales of securities a detailed analysis of all security transactions during the entire existence of each of the trusts was carefully made, with the exception of the William H. Lincoln Scholarship Fund for the years 1908 thru 1923, for which years the financial records have not yet been located. When these records are available further adjustments might be necessary.

In all cases securities are carried at cost.

(2) Expenditures during the year 1960 for the purchase of securities are shown for information purposes only because such expenditures have no effect on the total amount of the trust fund. They simply reflect a change in the assets from cash to securities. Likewise that portion of the receipts from the proceeds of the sales of securities, during the year 1960, representing the book value of the securities are not added as receipts of the trust fund during the year because again this is simply a substitution of one asset for another. However, a gain on the sale of securities in relation to the book value thereof is reflected as a receipt of the trust fund, and had there been a loss on such a sale, such loss would have been treated as a disbursement from the fund.

(3) Changes in the holdings of shares of capital stock of the various funds from the amounts reported in previous years is because of stock dividends in addition to the fractional shares purchased during 1960.
